## **COMPANY OVERVIEW**

#### **About Us**

Aradel Holdings Plc ("The Company" or "The Group") is a prominent integrated indigenous energy company in Nigeria established in 1992 as Midas Drilling Fund, the Company changed its name to Niger Delta Exploration & Production Plc (NDEP) in 1996 and assumed its current name in 2023. Aradel Holdings was established to provide all Nigerians with access to the oil and gas sector, founded with the vision of creating a truly indigenous public oil company.

Aradel Holdings acquired beneficial interest in the Ogbele Marginal Field ("Ogbele") within Oil Mining Lease ("OML") 54 now (PML 14), marking a significant milestone as the pioneer of the first negotiated Marginal Field Farm-out Agreement. Building on this foundation, Aradel Holdings has evolved into a fully integrated energy group with diverse interests across multiple oil and gas assets, and its business spans across exploration, production, refining, and distribution of oil and gas products.

Aradel Holdings Plc, through its upstream subsidiary, Aradel Energy (formerly Niger Delta Petroleum Resources "NDPR"), has made significant investments in infrastructure to unlock the full potential of the Ogbele asset. To support this objective, Aradel Energy developed the Ogbele Gas Processing Plant, enabling the Company to harness and commercialise its gas resources from Ogbele Field while contributing to domestic gas supply. Demonstrating its commitment to environmental sustainability. The Group has successfully eliminated routine gas flaring at its Ogbele Facility since 2012, when its 100mmscf/d Gas Processing Plant was commissioned.

Through its 11,000bbl/d Refinery, Aradel Holdings has expanded domestic refining capacity to meet local demand for refined products. The refinery currently supplies Automotive Gas Oil (AGO), Marine Diesel Oil (MDO), Heavy Fuel Oil (HFO), Dual Purpose Kerosene (DPK) and Naphtha, with plans to introduce Liquefied Petroleum Gas (LPG) and Premium Motor Spirit (PMS) in the near future. The Group upholds a strong Community Relations policy, recognising its host communities as valued partners in its core operations. The Company has achieved over 19 years of uninterrupted production while maintaining an excellent Health, Safety, and Environment (HSE) Record.

On October 14, 2024, Aradel Holdings Plc crossed a significant milestone by becoming a publicly traded company on the Nigerian Exchange Limited (NGX) through a Listing by Introduction. This listing enabled Aradel Holdings to begin to broaden its investor base while enhancing its reputation as a profitable and well-managed indigenous energy company.

Aradel Holdings Plc is poised to lead Nigeria's energy transition by investing in cleaner energy solutions, including natural gas, renewable energy, and carbon reduction initiatives. With a strong foundation built on decades of operational excellence, Aradel continues to prioritize innovation, environmental stewardship, and sustainable development.

Today, Aradel stands as a testament to the potential of indigenous companies to drive economic growth and energy security in Nigeria. Its journey from Midas Drilling Fund to NDEP, and now to Aradel, is a story of resilience, vision, and unwavering commitment to excellence.

Aradel Holdings Plc is a public Company, with over eight thousand shareholders and has consistently paid dividends for 18 years.

#### **Our Mission**

To be the foremost energy company delivering maximum value to all stakeholders through resource development, operational excellence, capital discipline and innovation.

#### **Our Vision**

To be the leading African company delivering sustainable energy solutions that support economic growth.

#### **Our Core Values**

**Accountability** - We take responsibility for accomplishing our work on time and at the highest level possible.

Resilience - We simply do not give up, no matter what comes our way.

**Adaptability** - Since inception, we have grown tremendously through our innovation, creativity and problem-solving.

**Diversity** - Our Company continues to take positive steps to deepen inclusivity and diversity.

**Excellence** - The spirit of excellence is evident in all aspects of our organisation.

**Leadership** - We provide leadership to the industry and our stakeholders by demonstrating what is possible through our achievements.

#### PML 14 (Ogbele Field)

#### Overview

Located in Rivers State, Ogbele is Aradel Holdings' flagship upstream asset. The Company acquired the Ogbele Marginal Field, situated within the old OML 54, in 2000 from the NNPC/ Chevron JV. It was the first ever Marginal Oil Field Farm-Out Agreement to be negotiated in Nigeria, between a multinational/ NNPC JV and a Nigerian Independent Company. The Ogbele field is the only non-JV gas supplier to the Bonny Nigerian Liquefied Natural Gas (NLNG).

In addition to the Discovery Well, 15 producing oil and gas wells have been drilled within the Ogbele Field, with more planned for the immediate future.

#### Production

Oil production commenced in November 2005 and since then, the field has developed into a fully integrated oil and gas producing asset, comprising a crude oil processing facility with a 20,000bbl/d capacity flow station, a 100mmscf/d capacity gas processing plant and a modular refinery, whose increased expansion to 11,000bbl/d from 6,000bbl/d has been certified.

Table 1: PML 14 Production

Product	2024	2023	Change (%)
Crude Oil (kbbls/d)	12.9	9.7	33.0
Gas (mmscf/d)	32.3	26.5	21.9

#### COMPANY OVERVIEW CONT'D.

#### **OML 34**

#### Overview

In 2012, the Company, along with three other partners (Petrolin Trading Limited, First Exploration and Production Development OML 34 Limited, and Walter-Smith Exploration and Production Limited), through a special purpose vehicle (ND Western Limited), completed the acquisition of the 45% interests of the Shell/Total/ Agip JV in OML 34.

OML 34 is in the Western Niger Delta and covers an area of about 950 square kilometres. The producing fields within the assets are Utorogu, Ughelli East, and Ughelli West, with a total flow station processing capacity of 100mbp/d.

Due to its high gas reserves, OML 34 is of strategic importance for domestic gas supply. The asset also supplies gas into the West African Gas Pipeline (WAGP) to neighbouring countries of Benin, Togo and Ghana.

#### Production

OML 34 has three gas processing plants: two in Utorogu Field (NAG-1 and NAG-2) with 360 and 150mmscf/d capacity respectively, and the third in Ughelli East Field with 90mmscf/d capacity.

Table 2: Equity Interest in OML 34 Production

Product	2024	2023	Change (%)
Crude Oil (kbbls/d)*	2.7	2.3	17.4
Gas (mmscf/d)*	45.0	49.6	(9.3)

<sup>\*18.8%</sup> Equity through Aradel's 41.67% holding in ND Western Limited

#### PPL 247 (Omerelu Field)

#### Overview

The Company acquired a 100% stake and operatorship of the Omerelu Field in 2014 from the NNPC/Chevron JV. The Omerelu Field is located in OML 53 about 42km North-West of Port Harcourt in Rivers State, Nigeria.

#### Production

On 31 May 2024, following the successful re-entry of Well 2ST in the Omerelu Field, the Company attained first oil.

Table 3: OML 53 Production

Product	2024	2023	Change (%)
Crude Oil (kbbls/d)*	0.8	-	-

<sup>\*</sup>Daily production from May 31, 2024

#### **OPL 227**

#### Overview

OPL 227 is located 40km offshore Niger Delta and covers an area of 974 square kilometres. The field is bounded to the North by OML 109 and the Ogedeh/Akepo Marginal fields (OML 90), to the East by OPL 282, to the West by OML 79, and to the South by OML 88.

As part of its mandate to fast track the development of the asset, the Company is leading the review of prior work with a view to embarking on further exploration activities.

The License for OPL 227 was renewed for a further 3 years in 2024.

#### Ogbele Refinery

#### Overview

In 2010, the Company commissioned a 1,000 bbl/d mini-refinery to primarily serve its own and other local demand for refined products. Located within the premises of the Ogbele Field, and operated through Aradel Refineries Limited (formerly, ND Refineries Limited), our refinery business has now grown to a three-train 11,000 bbl/d capacity facility that produces Automotive Gas Oil, Dual Purpose Kerosene, Marine Diesel Oil, Heavy Fuel Oil and Naphtha. The Refinery continues to play a major role in shaping the diversification strategy of the Group.

Table 4: Ogbele Refinery Production

Product (mmltrs)	2024	2023	Change (%)
Automotive Gas Oil (AGO)	50.93	52.02	-2.10
Heavy Fuel Oil (HFO)	47.99	25.24	90.13
Naphtha	97.55	103.38	-5.64
Dual Purpose Kerosene (DPK)	58.91	74.29	-20.70
Marine Diesel Oil (MDO)	9.48	12.80	-25.94
Total	264.86	267.73	-1.07

#### Renaissance Africa Energy Holdings

On March 13, 2025, the Company, through Renaissance Africa Energy Holdings (Renaissance), completed the acquisition of the entire (100%) equity holding in the Shell Petroleum Development Company of Nigeria (SPDC).

Renaissance is a consortium consisting of Aradel Holdings Plc and three other Nigerian independent oil and gas companies: ND Western Limited, FIRST Exploration and Petroleum Development Company Limited and the Waltersmith Group, each with considerable operations experience in the Niger Delta, and Petrolin, an international energy company with global trading experience and a Pan-African outlook.

Aradel's equity stake in Renaissance is 33.3% (12.5% direct stake and 20.8% through ND Western).

# CHAIRMAN'S STATEMENT

Sound corporate governance is at the core of our business, ensuring the independence of the Board is upheld with the highest ethical standards continuously guiding our interactions within and outside the Company.

99

Distinguished shareholders, members of the Board of Directors, esteemed stakeholders, ladies and gentlemen.

It is with great honour and immense pleasure that I welcome you to the 30th Annual General Meeting of Aradel Holdings Plc, where I present to you the Annual Report and Accounts for the year ended 31 December 2024.

This past year has been transformational for our Company, characterised by significant achievements, financial growth, and strategic milestones that position us for sustained long-term success. Our theme for the year, "Sustaining Momentum", reflects our unwavering commitment to consolidating our progress, expanding our operational capabilities, and delivering consistent value to our stakeholders.

#### Global and Domestic Business Environment

The global economic landscape in 2024 presented a mix of challenges and opportunities. Persistent geopolitical tensions, inflationary pressures, and shifting energy policies shaped market dynamics across the world. Global GDP growth hovered around 3.2%, reflecting cautious recovery amid financial uncertainties.

In Nigeria, economic conditions remained complex, with continued foreign exchange volatility, inflationary pressures exceeding 30.0%, and critical fiscal policy adjustments impacting business operations. The energy sector, while facing headwinds from regulatory shifts and production constraints, witnessed renewed interest in local refining, gas commercialisation, and alternative energy investments. Amidst this evolving landscape, Aradel Holdings remained resilient, leveraging our integrated operations, diversified revenue streams, and strategic investments to drive sustained growth and create lasting value.

#### Strategic and Operational Milestones

The year 2024 was a defining chapter in the journey of Aradel Holdings, one marked by strategic growth, industry leadership, and unwavering commitment to innovation. As we executed our long-term vision, we achieved milestones that not only strengthened our market position but also set the stage for a future of sustained success.

One of the most transformative moments came with our successful listing on the Main Board of the Nigerian Exchange (NGX). This was more than just a corporate milestone, it was a promise kept to our shareholders and a fulfillment of the promise made by the founding fathers of our Company to democratise energy access in Nigeria. The listing was a testament to the strength of our fundamentals, the confidence of our investors, and our ambition to enhance market visibility. With increased liquidity and broader investor participation, our listing solidified Aradel Holdings as a formidable player in the industry.

The year also saw us expand our asset portfolio with the acquisition of the Olo and Olo West Fields. These strategic assets significantly boosted our reserve base, ensuring greater energy security for the future. We also celebrated another major achievement with attaining first oil from the Omerelu Field. This milestone was a powerful validation of our technical expertise and operational efficiency, demonstrating our ability to maximise asset potential and deliver tangible results.

Our investment in Chappal Energies was a strategic move to expand our energy portfolio, reinforcing our commitment to diversification and adaptability in an evolving global energy landscape. While Chappal Energies also holds upstream assets, this investment strengthens Aradel Holdings' position in the broader energy sector, aligning with global trends towards a more balanced and sustainable energy mix. On the refining front, we sustained the elevated level of capacity utilisation that was attained in 2023. The completion of key projects strengthened our refining capabilities, ensuring greater efficiency and contributing to Nigeria's broader energy security goals. These efforts not only enhanced our operational performance but also reinforced our role in meeting the nation's growing energy demands.

Beyond business growth, we remain deeply invested in the future of our industry and our people. Our partnership with the University of Ibadan for their 2024 Careers Fair underscored our commitment to nurturing talent and building capacity. We also are in the second year of our collaboration with YP Port Harcourt, to support a mentoring event for young professionals in Rivers State. By engaging with the next generation of industry leaders, we are ensuring that Aradel Holdings continues to be driven by innovation, expertise, and a workforce ready to shape the future.

#### CHAIRMAN'S STATEMENT CONT'D.

As we reflect on 2024, these achievements are more than just milestones; they are stepping stones towards a more resilient, diversified, and forward-looking Aradel Holdings, in line with our vision. With a strong foundation in place, we look ahead with confidence, ready to embrace new opportunities and push the boundaries of what's possible in the energy sector.

#### Financial Performance

Our financial performance in 2024 reflected the strength of our business model, operational efficiency, and strategic execution. We achieved record revenue and profitability, positioning us as one of Nigeria's fastest-growing energy companies

- Revenue: N581.2 billion (USD 392.8 million), a remarkable 162.8% growth from №221.1 billion (USD 342.3 million) in 2023
- Profit After Tax (PAT): №259.1 billion (USD 175.1 million), reflecting a 382.1% in 2023.
- Earnings Per Share (EPS): №59.4 (USD 0.04), reinforcing our commitment to delivering consistent and sustainable shareholder returns.

Our balance sheet remains robust, with total assets surging to №1.7 trillion (USD 1.1 billion), providing us with the financial strength to support future expansions and sustain longterm growth.

#### Corporate Governance and Risk Management

At Aradel Holdings, governance is more than a regulatory requirement, it is the foundation upon which we build trust, transparency, and long-term success. In 2024, we took significant strides to enhance our governance framework, ensuring that our leadership remains aligned with global best practices and equipped to navigate an evolving business landscape.

A key initiative was the comprehensive Board evaluation, a deep-dive assessment designed to refine our decision-making structures and reinforce our commitment to excellence. This exercise provided valuable insights, allowing us to strengthen governance mechanisms and position the Company for sustainability-driven arowth.

Recognising that strong leadership is essential to effective governance, our Directors participated in specialised governance and ESG training. These sessions, beyond skill-building, were an investment in the future, ensuring that our leadership remains well-versed in the latest corporate governance principles, environmental stewardship, social responsibility and imperatives.

Risk management remained a top priority, as we strengthened our processes to navigate an increasingly complex regulatory and operational environment. From mitigating cyber threats to ensuring compliance with evolving industry regulations, we strengthened our ability to withstand potential business disruptions. By proactively addressing these risks, we safeguarded the integrity of our operations and reinforced stakeholder confidence.

These governance enhancements were not just procedural improvements; they were pivotal steps towards an even more accountable, and future-ready Aradel Holdings. We are poised to navigate the challenges and opportunities that lie ahead, while ensuring sustained value creation for all our stakeholders.

#### Sustainability and Environmental Stewardship

Aradel being a responsible corporate entity, we maintained deep commitment to sustainability and environmental conservation. In 2024. we continued to push the boundaries in environmental conservation and responsible energy production, reinforcing our commitment to a future where business success and ecological stewardship go hand in hand.

A key milestone in our journey was the achievement of ISO 14001:2015 certification, solidifying our adherence to the highest global standards in environmental and quality surge from №53.7 billion (USD 69.1 million) management. These certifications underscored our dedication to operating with efficiency, safety, and sustainability at the forefront.

> We are deeply invested in the well-being of the communities where we operate. Through our Host Community Trust Fund, the MURALI Trust, we expanded social impact programmes, fostering inclusive development and strengthening our relationships with local stakeholders. Our engagement efforts went beyond corporate responsibility; they reflected our belief that true progress is only meaningful when it is symbiotic, that it uplifts the people and communities around us.

> Technology is a key component of our sustainability strategy. As we progress towards implementing Digital Oil Field solutions, we have taken important steps to build internal expertise in the Digital Operations Framework (DoF). In 2024, we trained several individuals who participated in a workshop in Edinburgh, gaining insights into DoF, its implementation, and the necessary next steps. This foundational work will support our future integration of realtime monitoring and advanced analytics to enhance operational efficiency and minimise environmental impact. We have also deepened the reach and execution of SAP S/4 Hana to enhance our internal reporting and vendor management systems.

> As we move forward, these achievements serve as a foundation for even greater progress. Sustainability in Aradel is our legacy in the making, a promise to future generations that we will continue to innovate, adapt, and lead the charge toward a cleaner, more responsible energy future.

#### Looking Ahead

As we move forward into 2025, Aradel remains fully committed to sustaining its growth momentum through focused investments, efficiencies, and innovative operational expansion strategies.

- Increasing Reserves to 250mmboe by 2028: Through targeted exploration and acquisitions, we are set to bolster our production capacity.
- Achieving 60% Refinery Utilisation in 2025: With a long-term target of 90.0% utilisation by 2027, we are committed to enhancing domestic refining capabilities.
- Advancing Digitalisation Cybersecurity: Strengthening ISO 27001 certification to fortify our digital infrastructure and data protection frameworks.

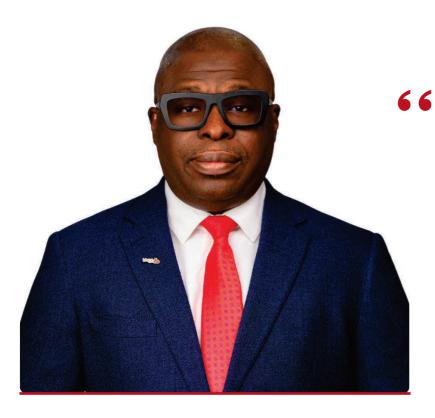

#### **Appreciation and Closing Remarks**

Our remarkable success in 2024 is a testament to the dedication, expertise, and resilience of our Board, Management, and Employees. I extend my profound gratitude to our shareholders, regulatory agencies, and business partners for their unwavering trust and support.

As we embrace the opportunities ahead, we remain resolute in our commitment to delivering sustainable value, driving energy transformation, and cementing Aradel Holdings as a leader in the African energy space.

Ladi Jadesimi Chairman March 2025

# CHIEF EXECUTIVE OFFICER'S STATEMENT

From optimising our existing assets to expanding our portfolio, every move was calculated to enhance value creation, realisation, and preservation across our business segments.

#### Introduction

To our esteemed stakeholders,

The year 2024 has been transformative for Aradel Holdings Plc. Amidst global economic shifts, energy sector volatilities, and regulatory realignments, we remained steadfast in sustaining momentum, delivering strong financial performance, and expanding our operational capabilities. Over the years, we have strategically positioned ourselves for sustainable growth, and 2024 saw us deepen our impact, diversify revenue streams, and strengthen our resilience across our business segments.

Our accomplishments in 2024 were the result of deliberate strategy, disciplined financial management, and an unwavering commitment to excellence.

As we reflect on our achievements and challenges, I am pleased to share this year's report on our financial performance, operational developments, governance improvements, and sustainability efforts. Our focus remains on value creation, operational excellence, and responsible business practices that position us for a future of continued growth.

#### 2024 Performance Review

## Operating Environment and Strategic Execution

The global and domestic economic environment in 2024 posed significant challenges for businesses across the energy sector. Geopolitical tensions, fluctuations in crude oil prices, and shifts in energy policies worldwide have driven changes in investment patterns and operational efficiencies. The rise of energy transition initiatives has compelled companies to adopt more sustainable and integrated business models, with increasing emphasis on gas commercialisation, local refining capacity, and alternative energy investments.

In Nigeria, policy shifts, and regulatory adjustments shaped the year for energy firms. The government's push for local refining and increased domestic gas utilisation created both opportunities and complexities for operators like Aradel. Additionally, regulatory developments particularly the implementation of the Petroleum Industry Act (PIA) further reshaped the upstream, midstream, and downstream segments, demanding greater compliance, operational efficiency, and risk mitigation strategies.

Aradel Holdings Plc was strategically well positioned to navigate these macroeconomic and industry-specific challenges. Our diversified revenue base, proactive risk management approach, business efficiency and continued investment in refining and gas operations

enabled us to remain agile and profitable despite economic headwinds.

A critical aspect of our execution in 2024 was our ability to mitigate the impact of rising operational costs, which were exacerbated by foreign exchange fluctuations and supply chain disruptions. The sharp depreciation of the naira required us to adopt a more robust financial risk management framework, optimise our procurement strategy, and expand our revenue streams beyond crude oil exports.

Furthermore, we expanded production and production potential through the drilling of new development wells, which has been central to our production growth. The successful completion by Renaissance Africa Energy Company (an investee company)'s acquisition of Shell's Nigeria onshore and shallow water upstream business establishes a foundation for Aradel's long-term sustainability and future growth potential. This acquisition is more than an investment - it is a bold step toward securing Nigeria's energy future, driving economic prosperity, and reinforcing the critical role of indigenous participation in the sector. Aradel continues to lead with excellence, innovation, and our enduring commitment to sustainable development.

Overall, Aradel remains well-aligned to sustain momentum and achieve long-term value creation for its stakeholders.

#### CHIEF EXECUTIVE OFFICER'S STATEMENT CONT'D.

#### **Business Segment Performance**

#### Upstream Oil Production

Through asset optimisation, drilling initiatives, and the commissioning of new wells, we significantly enhanced our production capacity, reinforcing our position as a leading energy producer. The commencement of production from the Omerelu field in 2024 further diversified our supply sources, reducing concentration risk and strengthening operational resilience. These efforts contributed to a 41.2% increase in daily crude oil production, from 9,737 barrels per day in 2023 to 13,751 barrels per day in 2024.

To sustain this momentum, we expanded our crude evacuation capacity, ensuring seamless exports despite industry-wide disruptions. Additionally, the acquisition of the Olo and Olo West fields marked a pivotal step in strengthening our long-term reserves, securing a more sustainable resource base for the future. Complementing these initiatives, we broadened our network of partnerships to accelerate asset development, driving long-term growth, enhancing value creation, and reinforcing our leadership in Nigeria's evolving energy landscape.

#### Gas Business Growth

As the energy landscape continues to evolve, natural gas remains central to our growth strategy and the broader transition to cleaner energy. In 2024, gas sales contributed 5.0% to total revenue, maintaining steady growth and underscoring its increasing role in our substantially broader portfolio. We sustained strong domestic and export sales, reinforcing our position in the evolving energy market.

Strategic investments in processing capacity and infrastructure upgrades have bolstered our ability to enhance operational efficiency and increase output, setting the stage for higher production in 2025. Our expansion plans are closely aligned with the Decade of Gas initiative, demonstrating our commitment to positioning gas as a key transition fuel for a sustainable and cleaner energy future.

#### Refinery Expansion and Performance

Building on our commitment to refining excellence, we delivered consistent refining output while enhancing operational efficiency. Our total refinery capacity utilisation increased to 48.0% up from 42.0% in the previous year. Our Refinery processed over 264 million litres of refined products, and with ongoing optimisation efforts, we are targeting output to exceed 350 million litres in 2025.

As part of our strategic drive for refinery optimisation, expanding our feedstock supply to include third-party crude oil is a top priority. We are actively addressing this initiative to enhance our flexibility and support the resilience of our supply chain. This diversification will ensure a more consistent and reliable flow of crude oil, maximise refining efficiency, and enable us to respond effectively to market dynamics.

A key milestone in our expansion strategy is the progress of our Premium Motor Spirit (PMS) train. Once fully operational, the facility is expected to increase our refining capacity by 2025, reinforcing our role as a player in Nigeria's downstream sector while supporting domestic fuel availability and reducing reliance on imports.

Our strategic digital transformation initiatives have driven significant operational efficiencies across our refining value chain. By deploying real-time monitoring systems and integrated digital platforms, we streamlined processes, enhanced quality assurance, and maximised throughput efficiency. These innovations elevated our performance in the refining sector and also minimised operational variability, ensuring greater consistency and reliability.

More importantly, our digital investments align seamlessly with our core strategic priorities enhancing sustainability through resource efficiency, fortifying our resilience against market fluctuations, and delivering measurable value to shareholders through improved margins and optimised asset utilisation. This transformation is not just about technology; it's about redefining operational excellence and positioning Aradel at the forefront of a smarter, more efficient energy future.

#### Strategic Developments

Aradel's successful listing on the Main Board of the Nigerian Exchange (NGX) marks a monumental milestone in our corporate journey, substantially elevating our market visibility and enhancing stock liquidity. This strategic move broadens our access to capital in addition to strengthening our position within the competitive landscape of the Nigerian financial market. Through this listing, we are reinforcing investor confidence in our business model and strategic vision, positioning ourselves for sustained long-term value creation. Furthermore, this achievement fosters greater participation in the energy sector, from a diverse range of stakeholders, in line with the vision of the founders of this Company.

#### Financial Performance

Our financial performance in 2024 reflects our ability to execute effectively, optimise operations, and drive sustained growth across all business segments. We achieved a remarkable 162.8% increase in revenue, reaching №581.2 billion (USD 392.8 million), underscored by higher crude oil production, increased refinery output, and gas commercialisation.

Profit After Tax grew by 382.1% to №259.1 billion (USD175.1 million), highlighting our ability to optimise costs and enhance efficiencies. This strong performance translated into a significant improvement in Earnings Per Share (EPS), which rose to №59.4 (USD 0.04).

Our balance sheet also grew strongly, with total assets expanding to \$1.74 trillion (USD 1.1 billion), reflecting a solid capital structure and a robust financial position. On the back of this performance, our dividend policy, and in recognition of our shareholders' continued

support, we have proposed a final dividend of №22.0 per share, which will then translate into a full year dividend of №30.0 per share, representing a 200.0% increase in dividend per share compared to the previous year.

## Sustainability and Corporate Social Responsibility

We expanded our carbon emissions monitoring framework, setting ambitious targets for longterm reduction and environmental stewardship. Our dedication to shared prosperity is seen with our establishment of the MURALI Host Community Trust Fund, fostering stronger stakeholder inclusion and long-lasting socioeconomic impact. Additionally, we launched the Aradel Graduate Trainee Programme in 2023 which was a strategic initiative designed to cultivate a diverse talent pipeline, empower the next generation of industry leaders, and drive innovation in the evolving energy landscape. In 2024, we celebrated the graduation of our first group of graduate trainees. After spending a year with us, all 25 trainees are still with the Company and fully engaged, which is a healthy sign that our initiatives are positively impacting the organisation.

#### Governance and Risk Management

Showcasing steadfast dedication to excellence in corporate governance, we implemented a comprehensive Board evaluation process that strengthened oversight and strategic decisionmaking. Regulatory compliance was further enhanced through structured audit processes, reinforcing accountability and operational integrity. In parallel, we advanced procurement governance and financial controls, ensuring greater transparency, cost efficiency, and value creation. To safeguard long-term resilience, we also expanded our Risk Mitigation Framework, proactively addressing critical challenges across the supply chain, security landscape, and market volatility, positioning us for sustainable growth in a dynamic operating environment.

#### Outlook for 2025 and Beyond

Building on our strong momentum, Aradel is poised for an era of groundbreaking growth underpinned by strategic expansion, innovation, and sustainability. As we navigate the evolving energy landscape, our focus remains on scaling operations, optimising efficiencies, and reinforcing our leadership in Nigeria's energy sector.

A key priority for 2025 is increasing crude oil production, with a target of exceeding 15,000 barrels per day. This growth will be driven by continued asset optimisation, drilling programs, and investments in upstream infrastructure. In parallel, we are accelerating gas production, with a goal of 50mmscf of gas per day and commercialisation, aligning with Nigeria's energy transition strategy and positioning natural gas as a cornerstone of our long-term portfolio.

To further enhance value creation, we are ramping up refining capacity, aiming for 60.0% utilisation to unlock new revenue streams and strengthen our supply chain

#### CHIEF EXECUTIVE OFFICER'S STATEMENT CONT'D.

resilience. Additionally, we are making progress in renewable energy, ensuring long-term sustainability and diversifying our energy mix to meet the demands of a rapidly changing market.

A critical component of our long-term vision is a planned further integration down the gas value chain, the details of which we will share once it has been fully defined. Our planned gas commercialisation projects will unlock new revenue streams, enhance industry resilience, and contribute to Nigeria's industrial growth. By leveraging our expertise and infrastructure, we aim to create a more integrated and diversified energy portfolio.

At the heart of our strategy is our focus on enhancing shareholder returns and shared prosperity across our broader stakeholder universe. Through value-driven growth initiatives, increased dividend payouts, and active capital market engagements, we remain

dedicated to elevating shareholder value and reinforcing investor confidence.

By strengthening governance structures, enhancing transparency, and proactively mitigating risks, we are positioning Aradel for continued industry leadership and long-term resilience.

Aradel is poised to drive sustainable growth, maximise stakeholder value, and decisively shape the future of Nigeria's energy sector with our clear vision and solid foundation.

#### Closing Remarks

As we look towards 2025 and beyond, Aradel Holdings Plc remains committed to delivering long-term value. With a strong financial foundation, we remain well-positioned to pursue further growth, enhance shareholder returns, and contribute meaningfully to the energy sector's evolution. I extend my deepest

appreciation to the Aradel Board of Directors, our employees, investors, partners, and host communities for their unwavering support.

Together, we will continue sustaining momentum and shaping the future of energy.

Adegbite Falade Chief Executive Officer/Managing Director March 2025

# CHIEF FINANCIAL OFFICER'S REPORT

Sustaining Momentum through Strategic Execution and Financial Discipline

The 2024 financial year stands as a testament to Aradel's resilience, adaptability, and strategic foresight, as we sustained the momentum built in prior years to deliver outstanding financial and operational results. The Company recorded a 162.8% increase in revenue, reaching N581.2 billion (USD 392.8million), driven by robust performance across all segments which are export crude, gas, and refined products, and it was underpinned by operational excellence, strategic capital deployment, strong financial stewardship and positive foreign exchange translation effect.

At the heart of our growth story in 2024 was a significant increase in crude oil production and export volumes, enhanced by the reliability of our evacuation infrastructure and proactive well interventions. Export crude oil revenue surged by 244.6%, reflecting increased production, higher sales and favourable exchange rate dynamics. Gas and refined products revenues also posted strong growth, rising by 175.9% and 74.9% respectively, demonstrating the strength of our diversified revenue base.

Our approach to cost management continues to focus not merely on cost reduction, but on cost effectiveness, extracting more value per naira spent. Through vendor negotiations, process optimisation, and technology integration, we kept operational costs within targets while supporting expansionary activity. We will deepen this strategy in 2025 by embedding sustainability-driven efficiencies (e.g., energy optimisation, waste reduction) into our operations.

Capital Allocation and Cash Flow Resilience

2024 was also a year of significant capital investment, with funds strategically allocated to projects critical to long-term value creation, including the Omerelu, Olo, and Ogbele Field developments. Despite heightened activity, our net cash position remained strong, exceeding N325.80billion (USD 211.6million), affirming our robust liquidity framework and prudent financial management. Our ability to fund capital projects through a blend of internal cash flow and strategic financing ensures continuity and operational independence in a dynamic economic environment.

#### Dividend

The Company continues to uphold its dividend commitment to shareholders, maintaining a balance between returns and reinvestment. In line with our dividend policy of 20.0% of operating cash flow or 50.0% of profit after tax, we sustained strong payouts while ensuring capital availability for future growth. In 2024, we declared an interim dividend of №8 per share, and a final dividend of №22 per share, totalling №30 per share for the year. This reflects dedication to rewarding shareholder trust and delivering solid returns to Shareholders' capital. Our earnings per share increased by 388.9% to №59.35 (2023: №12.14)

#### Strategic Milestones and New Frontiers

A pivotal moment in 2024 was our successful listing by introduction on the main board of the Nigerian Exchange (NGX). This milestone enhances our corporate visibility, investor confidence, and positions Aradel for deeper market engagement. The process was executed smoothly, driven by diligent planning, effective governance, and a proactive approach to compliance and regulatory risk.

We also made significant headway in expanding our asset base and production capabilities. While Omerelu's contribution to 2024 revenues was modest due to its ongoing extended well tests, we expect increased output and earnings from the field in 2025.

Similarly, the groundwork laid for Olo Field operations is projected to enhance our product and revenue mix in future years.

Our efforts to optimise non-operated assets, renegotiate gas contracts for better pricing, and explore strategic third-party evacuation services albeit with limited immediate financial impact position us to extract value across our portfolio. In line with this, we are pleased to highlight that in March 2025, we successfully completed the acquisition of Shell Petroleum Development Company of Nigeria (SPDC)'s onshore assets through Renaissance Africa Energy Company Limited (Renaissance). Renaissance is a consortium consisting of Aradel Holdings Plc (33.3% total equity: 12.5% direct, 20.8% via ND Western), ND Western Limited, FIRST Exploration and Petroleum Development Company Limited, the Waltersmith Group, and Petrolin Group. This transformational acquisition significantly expands our resource base, with contributions expected to reflect in our H1 2025 balance

Outlook for 2025: Accelerating Value Delivery Looking ahead, our focus in 2025 will be on deepening returns from existing assets, unlocking value across the chain, and enhancing capital efficiency. We will continue to maintain a robust balance sheet, supported by a low leverage financing structure. This conservative approach to debt ensures we remain financially agile, with limited exposure to interest rate volatility and debt servicing pressures. The planned commencement of PMS production in the fourth quarter of 2025 represents a strategic evolution of our downstream business and is expected to support improved price realisation, diversified income streams, and margin expansion despite anticipated market and logistical headwinds.

While global economic uncertainties and regulatory complexities remain, we have plans in place, as always, to mitigate potential impacts and ensure continued resilience. We have extended hedging arrangements through H1 2025, reinforced our compliance frameworks, and are actively transitioning to meet emerging ESG disclosure standards (including IFRS \$1\$ and \$2\$) ahead of the 2028 mandatory compliance date, with the onboarding of ESG leadership well underway.

#### Conclusion

Aradel remains steadfast in its pursuit of excellence, anchored on the principles of resilience, robustness, and redundancy our 3R strategy. As we move into 2025, we are focused on accelerating performance while delivering sustainable, shared value to shareholders and all stakeholders. Our path is clear, our momentum is strong, and our commitment unwavering.

Adegbola Adesina Chief Financial Officer/Finance Director March 2025

## **HOW WE MANAGE RISK**

Effective risk management is critical to sustaining operational success, financial stability, and long-term growth. Our approach to risk management is structured, proactive, and aligned with industry best practices, ensuring that we identify, assess, mitigate, and monitor risks across all business functions. As a responsible business, we have prioritised enterprise risk management in the implementation of the strategic focus of 2024.

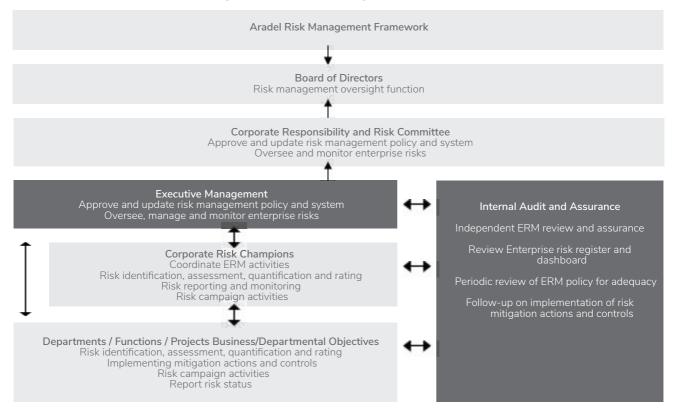

The Aradel Enterprise Resource Management (ERM) system is underpinned by a robust systematic and disciplined approach to providing clear responsibility and accountability structures for risk management. Through our internal control systems, policies and procedures, ongoing monitoring, and timely reporting, we have continued to proactively

identify, assess, and respond to risk across all business functions in a concerted manner.

#### Our risk framework

Aradel's risk culture adopted the ISO 31000 – an international standard that provides principles and guidelines for risk management. It outlines a comprehensive top-down/bottom-up approach to identifying, analysing, evaluating, treating, monitoring and communicating risks across an organisation, as well as the Committee of Sponsoring Organisations of the Treadway Commission (COSO) Enterprise Risk Management (ERM quidelines.

Figure 1: Aradel Risk Management Framework

#### Our Risk Management Approach

Our approach is guided by industry best practices and aligns with regulatory requirements and international risk management standards such as ISO 31000 and COSO ERM. We foster a risk-aware culture, ensuring that all employees understand their role in risk management and are empowered to proactively identify, assess, and mitigate risks within their areas of responsibility.

We maintain an active and dynamic database of risk events, which we continuously track and report on. This enables us to anticipate potential challenges and strengthen our response strategies. Our strategy ensures business resilience, regulatory compliance, and sustainable growth while safeguarding our stakeholders' interests by integrating risk management into our strategic planning and day-to-day operations to drive innovation and maintain a competitive edge in an ever-evolving business landscape.

Aradel's Board of Directors (The Board) maintains a strong oversight function on risk management. The Board delegates its oversight function through the Corporate Responsibility and Risk Management Committee (CRRMC). The CRRMC meets at least once every quarter to assess and evaluate the Company's corporate risks, risk indicators, mitigating actions and residual risks. Where necessary, the committee reviews the contingency plans in place for unavoidable risk.

Our Executive Management holds the overall responsibility for managing the day-to-day risks of Aradel as well as across all its subsidiaries. The Managing Director steers a yearly risk workshop to assess the risk outlook for the immediate future and the year. The workshop houses all tactical and strategic management teams, who are responsible for managing risk within their processes. To strengthen our risk culture, all risk owners continuously perform risk assessments of risks within their purview and other interrelated risks and report every quarter. This process is independently reviewed by the Internal Audit function, which provides assurance that identified risks and mitigating controls are adequate and operating effectively. Based on the premium placed on risk management, all projects are subjected to an extensive risk assessment process. Project acceptance, approval, and execution are contingent upon their assessed risk levels.

#### **Our Risk Categories**

Our risk categories provide a structured approach to identifying, assessing, and mitigating potential threats that could impact our organisation. These categories encompass various aspects of risk, ensuring a comprehensive risk management framework that supports informed decision-making and resilience. The Company's ERM Framework identified six categories - the principal risks - facing the Group. These are: Financial, Operational, Regulatory/Compliance, Environmental and Social, Strategic and Technology/Cybersecurity captured in the acronym 'FOREST'.

#### HOW WE MANAGE RISK CONT'D.

While the list of current and emerging risks is endless, we mapped all identified risks into these six broad categories.

Table 5: Our Top 10 Risks in 2024

Risk Name & (Category)	Risk Description	Behaviour	Mitigation Strategy
Health, Safety and Environment (Environmental and Social)	These are the risks that affect HSE objectives and are capable of threatening a safe working environment	Stable	Taking HSE as the core and foundational pillar of all operational objectives to drive an integrated HSE culture across board
Evacuation Risk (Operational)	This is the risk that evacuation of produced crude, gas and refined products is hampered by pipeline unavailability, due to sabotage, vandalism or other operational issue	Stable	Alternative crude evacuation, refinery optimisation, gas capacity optimisation, and production shut-in
Business Growth and Expansion (Strategic)	This is the risk that the Company's strategic direction for growth will either affect its current operations or fail to yield the perceived increase in shareholder value	Stable	Board oversight, expert reviews/ monitoring, and integration of frameworks/ policies to enhance value assurance
Insecurity of the Operating Environment (Environmental and Social)	This includes the risk of uncertainties due to the insecurities around the The Company's operational areas such as communal clashes and civil unrest, bunkering activities, kidnapping, intentional damage to lives and properties, etc	Increasing	Continuous stakeholder engagement, surveillance, and intelligence gathering
Regulatory Environment (Regulatory/Compliance)	The risk of non-compliance with ever-increasing and evolving regulatory requirements	Increasing	Keeping abreast with regulatory requirements and creating an internal compliance enabling environment through regulatory compliance register, policies, and controls
Project Management (Operational)	These are both technical and non-technical unforeseen events that are capable of affecting project life cycles and the ultimate objective	Stable	Efficient planning, design, and project scoping driven by budget and value assurance framework
Legal/Litigation (Regulatory/Compliance)	This includes legal actions against the Company which could potentially threaten operations and corporate existence	Stable	Timely monitoring and expert oversight function on all legal matters
Funding (Financial)	The risks that threaten the Company's ability to meet its short or long-term financial obligations to operate as a going concern	Stable	Strong financial planning and value-driven operations
Governance (Regulatory/Compliance)	The risks that can affect business strategy, oversight function, the general enabling environment and organisational culture	Stable	Adoption of frameworks and business codes that mirror acceptable global best practices and regulatory requirements
Reputation (Strategic)	These are direct or indirect risks that can negatively impact the image and good standing of the Company	Stable	Due consideration of stakeholders' expectations, public perceptions and the impact of decisions and operational processes on the goodwill of the Company

## How we are Responding to the Changing Risk Environment

The risk landscape is evolving rapidly due to economic fluctuations, technological advancements, regulatory changes, and geopolitical uncertainties. In response, our organisation is actively enhancing its risk management strategies to ensure resilience, adaptability, and sustainable growth. In 2024, Aradel's performance continued to improve despite the difficult macroeconomic climate because of its concerted efforts to prioritise risk at every level of the Company. The organisation harnessed the opportunities from more stable refinery operations, the alternative crude evacuation system, and monitoring of the Trans-Niger Pipeline, to achieve notable outcomes. The Company successfully listed on the Main Board of the Nigerian Exchange.

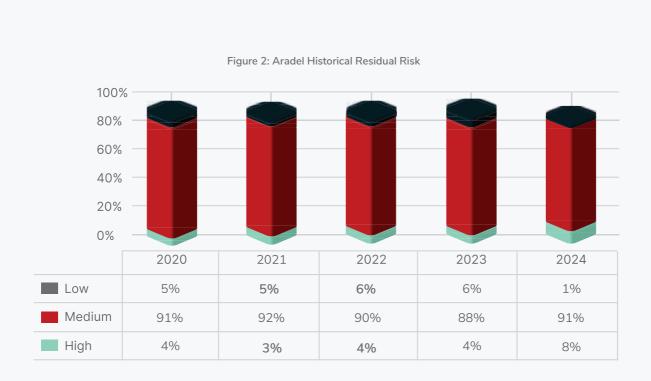

Despite increasing regulatory requirements, foreign exchange fluctuation, high inflation environment, and more funding constraints amongst others, Aradel Holdings Plc continues to run its activities sustainably and retain its commitment to stakeholders' value.

#### New Initiatives in Managing Risks in 2024

As a resilient organisation, Aradel adopts best practices to proactively manage its enterprise risk profile. Digital transformation was reinforced as part of the major endeavour to increase corporate efficiency and dependability. Aradel emphasised the creation of a robust and flexible supply chain by diversifying suppliers, utilising technology for efficient tracking, and having backup plans in place.

Our compliance management system remains strong in response to the changing regulatory environment, with the Company staying abreast of new rules and putting in place efficient compliance reporting and monitoring systems. We ensure strict adherence to data protection laws, including the Nigeria Data Protection Act (NDPA) and the Nigeria Data Protection Regulation (NDPR). We have policies in place to protect private data and lessen the likelihood of data breaches. To effectively identify, mitigate, and monitor risks, we conducted risk-based strategy sessions, facilitated periodic risk awareness campaigns, and continued our yearly risk workshop. For efficient tracking and monitoring of important risks at all organisational levels, we integrated risk management procedures with transparent performance metrics.

#### HOW WE MANAGE RISK CONT'D.

# OPERATIONAL REVIEW

#### 1. Overall Business Performance

In 2024, we recorded an impressive production performance: the Company attained an unprecedented peak of 18,367bbls/day, and an average rate of 13,751bbls/day. This represents a 41.2% increase in crude oil production compared to the prior year. Gas production also saw a notable improvement, with an average output of 32.4 mmscf/day, an increase of 22.3% over the previous year (26.5 mmscf/day).

This performance was underpinned by:

• Significant improvement in, and an expansion of, the Alternative Crude Evacuation (ACE) operations

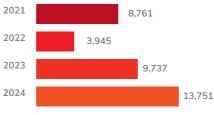

- Production of the Omerelu field, with oil production averaging 811bbls/day (over a 360 day period) and oil rate ramp up to 1,400 barrels per day (over actual production days of 210 days).
- Successful completion of Phase 1 Turnkey Drilling: The Company completed 2 additional wells (Wells 14 and 15 (3 strings), adding 6,950bbls/day and 7.6mmscf/day in associated gas at the Ogbele Field. The enhancement of our ACE operations significantly improved our evacuation channels, ensuring that our upstream business continued to operate at optimum production levels with minimal losses (2024: 1% vs 2023: 3%). These improvements also created opportunities for thirdparty injections into the system, with crude handling agreements already in place with several independent operators.

The ACE operation achieved a milestone of 1 million LTI-free man-hours in September 2024, and to date, over 2.5 million barrels (71% of crude export volumes) have been transported via the ACE route.

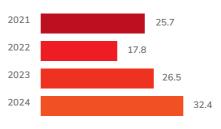

Refinery production performance decreased by 0.5% in 2024 to 264.9 million litres, compared to 267.8 million litres in 2023, mainly due to a scheduled three-month tank recertification and the overall turnaround maintenance. After completion of the maintenance activities, the refinery achieved significant improvement in operational performance towards the end of the year capacity utilisation exceeded 40% in Q4, 2024. Refined product sales volume also saw a significant increase of 25% in 2024, totaling 240.5 million litres, up from 191 million litres in 2023.

The business also accomplished significant milestones in reserve and resource additions

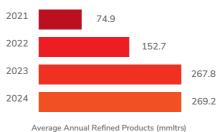

during the year. The Phase -2 drilling campaign commenced in Q4, 2024, and the result of the first exploratory/appraisal well in the sequence indicated hydrocarbon presence in the deeper horizons of the Ogbele Field.

Average Annual Crude Oil Production (bbls/d)
Yearly Production Performance - 2021 to 2024

Average Annual Gas Production (mmscf/d)
Yearly Gas Production Performance – 2021 to 2024

Average Annual Refined Products - 2021 - 2024

Asset	Equity %	2024 Oil (kbbl/d)	2023 Oil (kbbl/d)

OML 34	18.8	10.7	11.1
Total		30.2	25.4

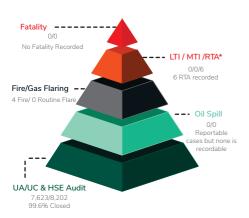

Average Annual Total Production (kboe/d)

<sup>\*</sup>Average annual rate over 360 days. Production commenced in May 31, 2024.

#### OPERATIONAL REVIEW CONT'D.

#### 1.1. HSE Performance

The Company recorded a fire incident at the gas plant in the first quarter of the year, the swift response of the fire department and the resolve of the operations and HSE team not only put out the fire but stepped up HSE awareness and consciousness during the year.

- \*UA/UC Unsafe Act/Unsafe Condition
- \*LTI Lost Time Injury
- \*MTI Medical Treatment Injury
- \*RTI Road Traffic Incidents

Figure 5: 2024 HSE Performance

The organisation achieved 4.6 million incident -free manhours during the year. We continued the GHG and Emission accounting during the year and completed the Environmental Compliance Monitoring exercises.

We were also recertified on ISO-14001 2015 and completed stage 1 of the ISO 9001-2015 certification process.

In addition, we launchedAradel companywide life-saving Golden Rules. The Five core rules are

- i. No work without authorisation
- ii. Work safe
- iii. Act responsibly
- iv. Drive defensively
- v. Live healthy

These rules were thoughtfully developed to promote a safer, healthier work environment and reflect our continued commitment to Health, Safety, and Environmental (HSE) excellence. They provide clear, actionable standards and best practices designed to safeguard the well-being of every individual across our operations.

#### 2. Review of Our Business Units

#### 2.1. Crude Oil Business

#### Operations

 Total production for the year of 5.02mmbbls and 12.34bcf for crude oil and gas re

- spectively. The Company lifted 3.07mmb-bls of crude oil in 2024.
- 13.7kbbl/d of crude oil was produced with 30% used as net refinery feedstock.
- Acquisition of the Olo and Olo West fields from Total/NNPC during 2024. We plan to re-enter these fields and bring them online by the third quarter of 2025.

A major accomplishment in 2024 was the successful drilling and completion of two wells and the start of the Phase-2 drilling campaign. Both wells have been put into production without any Health, Safety, and Environmental (HSE) incidents. The increase in production has made it necessary to optimise and expand evacuation via the Alternative Crude Evacuation (ACE) route. Following the receipt of regulatory approvals, we are in the process of installing a dedicated export system, that includes a short, 4km pipeline, which is expected to be completed by the second quarter of 2025. The year 2025 will also see the field development of the Omerelu field and the re-entry of the Olo field, with the fourth quarter of 2025 projected for the on-stream date for the Olo field.

Challenges	Measures taken to Address the Challenge
Operating Environment: Community unrest, insecurity issues, regulatory bottlenecks, among others	The complete implementation of our fundamental value of adaptability.
Well Performance: Production decline in some wells resulting from water encroachment	Application and adoption of reservoir management techniques
Execution Capacity: Competence and Capacity of vendors and contractors to execute projects	Careful selection of vendors and applying rigorous screen criteria
Resourcing the Plan: Critical Manpower at the right competence level to deliver and meet set goals	Recruitment of highly experienced and competent resource persons to fill critical roles

#### 2.2. Gas Business

#### Operations

- We recorded gas production volumes of 12.3bcf; 27% higher than 2023 (9.7bcf). This was due to contribution from the new gas strings (Ogb-12 L/S) in Ogbele and associated gas production at Omerelu Field unlocking additional natural gas reserves for the Company.
- 92.9% volumes of total gas production were sold under the supply contract to Shell Petroleum Development Company ("SPDC") and Power Gas Global Investments Nigeria Limited ("PGINL), while 4.75% was technically flared (larger percentage at Omerelu given the Extended Well Testing Process) and 2.3% was used as fuel gas for the facilities.

Aradel's share of the producing Fields at Utorogu, Ughelli East and Ughelli West, under the OML 34 (ND Western Limited) generated over 13.65mmscf/d of gas and 1.81kbbls/d of oil and condensate (Aradel's Share) during the year.

#### OPERATIONAL REVIEW CONT'D.

#### 2. Review of Our Business Units

#### 2.2. Gas Business cont'd.

Challenges	Measures taken to Address the Challenge	
The compression system posed a major challenge during the year. Owing to the increase in the volume of associated gas (AG), the compression system capapcity could not cope with the volume. This resulted in frequent trips and system upsets resulting in high flare volumes. The compression	A condensate stabilisation system is planned for 2025 to enhance the processing capacity of the gas plant and decouple the gas system from the upstream crude oil processing system.	
system ran without backup.  Delays in installation and	An associated gas solution has kicked	
commissioning of the purchased 5mmscf/d booster compressor for the low-pressure AG gas.	off for Omerelu to terminate flaring of associated gas and is projected to be in place by the third quarter of 2025. In addition, the process for the purchase of a brand new 20mmscf/d compressor for the high-pressure system is underway.	

#### 2.3. Refinery

#### Operations

- Refined product volumes decreased by 1.1% to 264.9 million litres in 2024 compared to 267.8 million litres in 2023, the decrease mainly due to a scheduled tank recertification and Turn Around Maintenance (TAM) exercise.
- Subsequent to this rehabilitation, the refinery delivered about 40.0% capacity utilisation in Q4, 2024 and underscores further upside potential and additional opportunities to continue to optimise the refinery business.
- Preliminary works to bring onstream the Premium Motor Spirit (PMS) train commenced in 2024, and commissioning is planned for Q4 2025.
- The power plant upgrade, road repairs and expansion are key deliverables for 2025.

#### 3.2. Reserves and Resources

The reserves summary of our portfolio of assets is shown below.

Table 2: Current Reserves Estimates Based on the Most Recent Competent Persons Report as at 31 December 2024

Aradel Holdings 2P Reserves 1 January 2025

	Equity %	mmbbl	bscf	mmboe
Ogbele	100.0	19.8	77.8	33.2
Omerelu	100.0	1.7	3.5	2.3
OML 34	18.8	30.8	286.3	81.3
Total		52.3	367.6	116.8

#### Aradel Holdings 2C Contingent Resource 1 January 2025

	Equity %	mmbbl	bscf	mmboe
Ogbele	100.0	7.9	163.6	36.1
Omerelu	100.0	4.3	57.5	14.2
OML 34	18.0	24.8	120.4	45.5
Abara*	6	0.1	7.5	1.4
Oma*	6	0.3	0.5	0.4
Total		37.5	349.5	97.7

<sup>\*</sup>Aradel's stake in OPL 227 (Abara & Oma) will increase to 51% when regulatory approval is received. The numbers shown reflect the current 6% stakes.

# Challenges Measures taken to Address the Challenge

The deteriorating state and condition of the road network linking the Refinery for product evacuation has been a major challenge.

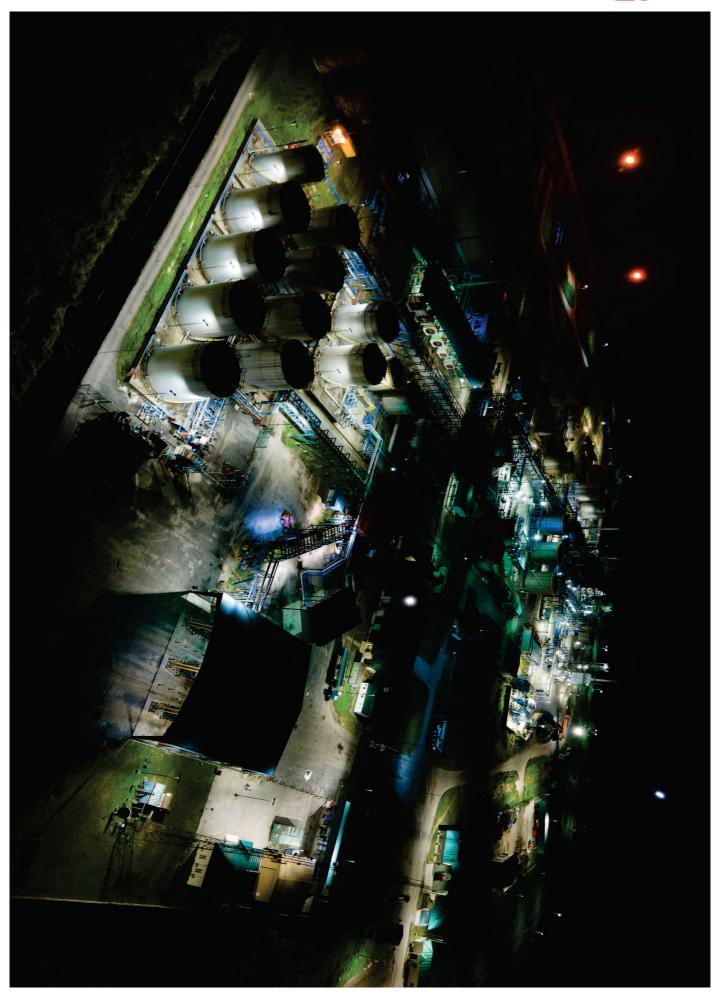

Rehabilitation works are ongoing and, the Company is in talks with relevant regulatory stakeholders on sustainable intervention strategies, giving due consideration to the macro-economic impact and the benefits of collaboration.

Installation and commissioning are expected by the third quarter of 2025.

### OPERATIONAL REVIEW CONT'D.

	2024 Focus	Key Outcomes	2025 Focus
Resource Development	Prospect maturation  Development of the Omerelu field	20 new prospects identified from the Prospect Maturation study holding 241mmboe recoverable hydrocarbon resource	Prospect Maturation - Acquired Asset, Olo and Olo West
			Development of Acquired Asset – Olo Re-Entry Project
		Well Re-Entry in, and Oil Production from Omerelu	Omerelu full Field development
		Secured Ministerial Consent for the Olo and Olo West Field Acquisitions	Development concept and work programme for OPL 227
	Inorganic growth through the acquisition of assets and strategic partnerships	Acquisitions  Acquisition of direct and indirect shares in Shell Onshore business via Renaissance Africa Energy Limited	Hub development study

# CHIEF EXECUTIVE OFFICER'S ADDRESS ON SUSTAINABILITY

#### Dear Valued Stakeholders.

As we reflect on the past year and chart the course ahead, I am pleased to share Aradel Holdings' unwavering commitment to sustainability - a core principle that shapes our strategic direction and operational philosophy. In a rapidly evolving energy sector, sustainability is no longer just a corporate responsibility; it is a business imperative. In 2024, we sustained strong momentum, driven by our relentless desire to integrate sustainable practices into every aspect of our operations to drive innovative, responsible, and lasting success for our business. while advancing Environmental, Social, and Governance (ESG) leadership.

In 2024, we made steady strides in our sustainability journey, achieving milestones that underscore our commitment to environmental stewardship and responsible energy development. We successfully launched several innovative initiatives that enhanced our digital transformation, enabling us to streamline operations and improve overall efficiency across our business units. Our investment in advanced technologies helped us optimise resource management and minimise waste, resulting in a more sustainable operational model.

We continued to engage in meaningful partnerships with local organisations to promote environmental education and community engagement, leading to volunteer programmes that involved over 500 community stakeholders in conservation efforts. Some of these are:

#### 1. Employability Training Programme for Host Communities

Aradel launched a vocational training initiative for 120 youths across six host communities in Rivers State (PML 14). The programme focused on practical skills such as Crane Operations, Industrial Welding, Process Instrumentation, and Wellhead Maintenance, directly aligning with community needs identified through assessments. This initiative aims to foster economic resilience and reduce environmental strain by providing sustainable livelihoods linked to industrial sectors.

#### 2. Environmental Stewardship and Partnerships

- Gas Flaring Reduction: Aradel maintained its leadership in eliminating routine gas flaring at its Ogbele facility, a practice phased out since 2012 and recognised by the World Bank's Global Gas Flaring Reduction Partnership.
- LPG Production Plans: We advanced plans to produce liquefied petroleum gas (LPG) by focusing on infrastructure expansion, and strategic partnerships. This will also result in offering cleaner cooking alternatives to reduce deforestation and indoor air pollution in local communities. Here are some key milestones:
  - Infrastructure and Strategic Growth: Aradel expanded its refinery and gas production capabilities, alongside strategic acquisitions like Chappal Energies and marginal fields, to support future LPG integration and diversified energy production.
  - Sustainability and Clean Energy Transition: Emphasising LPG in its sustainability strategy, Aradel aligns with Nigeria's energy transition goals and plans to commence production to reduce reliance on biomass and fossil fuels.
- MURALI Host Communities Development Trust: Established under the Petroleum Industry Act (PIA), this trust facilitates communitydriven projects, including environmental education and infrastructure development, funded by a percentage of Aradel's annual profits.

#### 3. Collaborative Conservation Efforts

Aradel prioritises strategic partnerships with local organisations and communities to foster a deeper understanding of environmental education. For instance, in our Omerelu Field operations, we actively engaged residents through comprehensive community consultations. These discussions were designed to align energy project initiatives with the region's ecological preservation goals as well as with the specific needs and concerns of the local populace. By integrating local knowledge and priorities, Aradel aimed to promote sustainable energy solutions.

Our proactive approach to sustainability is exemplified by innovative initiatives that extend beyond mere compliance and set new standards within the industry. Examples include:

- Resource Conservation Procedure, which mandates waste minimisation and resource optimisation across operations via closed-loop systems (e.g., recycling 90.0% of drilling fluids).
- Carbon emissions 40.0% below industry averages through carbon capture adoption and renewable energy investments (solar/wind).

#### Core Sustainability Philosophy

At Aradel, sustainability is a daily test of our commitment, woven into every decision and action, ensuring we consistently meet the highest standards of responsibility and innovation. We steadfastly adhere to three core principles: the creation, realisation, and preservation of value. These guiding tenets direct our pursuit of commercial success and also ensure that we leave a beneficial impact on both the environment and society. We are committed to transforming resource management through innovative energy solutions that drive economic growth while concurrently reducing our ecological footprint. Central to our approach is a comprehensive vision in which profitability and social responsibility are inextricably linked. Our dedication encompasses the establishment of new benchmarks in sustainability, merging environmental stewardship with community involvement at every opportunity. By embracing sustainability as a fundamental component of our business strategy, we aim to continue to achieve significant financial success and to cultivate a future characterised by equitable prosperity and a thriving planet.

#### Governance and Strategic Framework

To reinforce our sustainability ambitions, we took significant strides to strengthen our governance structure, ensuring that Environmental, Social, and Governance (ESG) considerations are deeply embedded within our corporate decision-making processes. The establishment of our subsidiary boards have led to a structure that allows for specialised oversight, which is crucial for implementing sustainability initiatives. For instance, the Board of Aradel Energy Limited oversees upstream activities, aligning them with the 'Zero Routine Flaring by 2030' initiative. The benefit can also be seen with resource optimisation breakthroughs.

Subsidiary-level governance enabled customised sustainability KPIs, with the Refinery achieving 22.0% energy intensity reduction through Al-driven process optimisation.

Our unwavering commitment to continuous improvement is exemplified by our adherence to the ISO 14001:2015 certification, which reflects our dedication to maintaining high standards in operational excellence, and our compliance with the ISO 9001:2015 certification processes, ensuring we meet and exceed industry benchmarks. In 2024, we enhanced our framework by:

- Organising quarterly community forums, providing a platform for open dialogue between the Company and its stakeholders. These forums allow community members to voice their concerns, ask questions, and stay informed about ongoing projects. We publish thorough Environmental and Social Impact Assessments (ESIAs) that examine the potential impact of its activities on the environment and local communities. These assessments are designed to address stakeholder concerns proactively and ensure transparency in the Company's operations, fostering trust and collaboration with the communities it serves.
- Collaborating with Sustainability Experts: We continued our collaboration with leading sustainability experts to refine and tailor our strategies effectively. This partnership allows us to adopt innovative practices and align our objectives with global sustainability benchmarks, ensuring our initiatives are both impactful and relevant.
- Implementing transparency measures to improve sustainability reporting: We introduced comprehensive transparency measures aimed at improving our sustainability reporting. These measures include regular disclosures of sustainability metrics, engaging

#### CHIEF EXECUTIVE OFFICER'S ADDRESS ON SUSTAINABILITY CONT'D.

stakeholder forums, and insightful sustainability sections in our annual reports that offer a clear overview of our progress and future objectives. This commitment to transparency builds trust and accountability with our stakeholders while promoting feedback for ongoing improvement.

#### Key Achievements and Milestones

- Elimination of Routine Gas Flaring: Based on our remarkable progress since 2012, we are poised to achieve a significant milestone by completely eliminating routine gas flaring at our Refinery by the fourth quarter of 2025.
- Carbon Footprint Monitoring: We established a comprehensive carbon footprint tracking system that exceeds industry benchmarks, ensuring rigorous adherence to both the Nigerian Stock Exchange (NGX) and International Financial Reporting Standards (IFRS) sustainability reporting requirements. Our metrics allow for real-time monitoring and transparent reporting, empowering stakeholders with critical insights into our environmental impact.
- Renewable Energy Expansion: In our ongoing effort to promote sustainable energy solutions, we launched a pilot project for renewable energy in early 2024. This initiative involved deploying a series of solar-powered mini-grid electricity systems to several rural communities in Osun State. We view this project as a proof of concept, and we plan to scale it up in 2025 and beyond based on our learned experience. These efforts have significantly improved access to reliable and clean energy, boosted local economies, and enhanced the quality of life, all while reducing dependence on fossil fuels.
- Operational Excellence: We achieved a major operational milestone
  with the successful re-entry of Well 2ST on the Omerelu Field, which
  has increased our production capacity and also plays a crucial role in
  our broader energy transition strategy. This achievement reflects our
  dedication to optimising operational efficiency and our adaptability
  in meeting changing market demands.

#### Forward-Looking Strategy

As we look towards 2025 and beyond, we are committed to making further progress on our sustainability journey, intensifying our sustainability initiatives through a multifaceted approach that includes:

- Expanding Renewable Energy Initiatives: We will implement largescale projects aimed at increasing the use of renewable energy sources, such as solar, wind, and geothermal power, across all operational sites. This will not only reduce our carbon footprint but also enhance energy efficiency and reliability.
- 2. Achieving Full ISO 27001 Certification for Cybersecurity: We are dedicated to securing our digital assets by obtaining comprehensive ISO 27001 certification for cybersecurity. This process involves integrating advanced security measures, conducting regular audits, and providing continuous training for our personnel to safeguard against emerging digital threats and ensure robust digital sustainability.
- 3. Strengthening ESG Reporting Frameworks: We will enhance our Environmental, Social, and Governance (ESG) reporting frameworks by adopting global best practices. We will take significant steps to align with the IFRS S1 (General Sustainability-related Disclosures) and IFRS S2 (Climate-related Disclosures) standards, which are mandatory for companies listed on the Nigerian Exchange (NGX). These standards will help us establish clear benchmarks for our sustainability goals, increase transparency in our reporting, and engage stakeholders to share progress and solicit feedback on our initiatives.

Our current sustainability practices demonstrate our preparedness for the adoption of IFRS S1 and S2 standards:

 Environmental Stewardship: Aradel eliminated routine gas flaring in 2012 and maintains technical flaring at <0.05%, exceeding industry benchmarks. These practices align with IFRS S2's focus on climaterelated risks.

- Social Responsibility: The Company's community development initiatives, such as the MURALI Host Communities Development Trust, reflect IFRS S1's requirements for social impact disclosures.
- Dividend-Paying Reputation and Long-Term Value Creation: The Company's robust history as a dividend-paying entity further solidifies its appeal. Emphasising consistent shareholder returns, Aradel's financial strategy is deeply aligned with IFRS S1's focus on long-term value creation, reinforcing investor confidence in its growth trajectory.
- Index Inclusion as a Sustainability Benchmark: Our immediate qualification for the NGX 30 and Oil & Gas indices post-listing underscores its adherence to NGX's stringent sustainability criteria. This inclusion acts as a market endorsement, assuring investors that Aradel meets high standards of operational excellence and ESG performance. This underscores our readiness for the adoption of the IFRS S1 and S2.

At Aradel, we have laid a robust groundwork for compliance with the International Financial Reporting Standards (IFRS) S1 and S2 through our comprehensive sustainability practices, transparent governance frameworks, and our strategic decision to list on the Nigerian Exchange Group (NGX). While we acknowledge that we are still on our journey toward full compliance, we have proactively undertaken significant measures to ensure a seamless adoption of these IFRS standards.

#### Call to Action

Sustainability is a shared responsibility. We invite investors, employees, regulators, and communities to partner with us for a sustainable energy future. Your support is crucial for driving innovative solutions that reduce our environmental impact. Together, we can generate innovative ideas, advance green technologies, and promote energy efficiency to fight climate change. Join us in making a lasting impact while exploring new growth opportunities.

#### Closing Statement

Aradel Holdings is resolutely committed to advancing sustainability in all aspects of our operations. We take great pride in the significant strides we made in 2024, including the implementation of innovative renewable energy projects and a reduction in our carbon footprint. As we look ahead to 2025 and beyond, our focus remains on catalysing transformative change within the energy sector. We envision a future where our business practices generate value for our stakeholders while also prioritising the preservation of our planet and the well-being of the communities we serve. Together, we can forge ahead, creating a more sustainable energy landscape that benefits both people and the environment.

Thank you for your enduring trust and partnership as we embark on this vital journey.

Adegbite Falade Chief Executive Officer/Managing Director

# DOING BUSINESS RESPONSIBLY

The Sustainability Report for the year ended 31 December 2024 sets out the key aspects of our Environmental, Social and Governance (ESG) strategies, programs, and performance.

#### Overview

At Aradel Holdings Plc ("Aradel" or "the Company") we are committed to sustainable operations that support the environment, the economy, and our stakeholders. We recognise the significant environmental and social challenges facing the world today. With the global energy landscape steadily evolving towards sustainability, we are committed to contributing to this transformation. We are actively implementing measures to reduce carbon emissions systematically. Our business model embraces a holistic and ethical approach to sustainability, ensuring we meet all relevant ESG (Environmental, Social, and Governance) regulations and best practices.

With the world constantly shifting and global uncertainties growing, sustainability stands out as a vital measure of our accomplishments. Our team, operational approaches, and systems continue to prove their strength. The Group looks beyond just earning profits, regularly evaluating how its strategic and operational choices impact stakeholders today and tomorrow. Aradel is deeply committed to sustainable development as a key strategy for the future, while also fostering a workplace that prioritises safety now. The Company carefully oversees its effects on the environment and local communities, maintaining clear and consistent guidelines for collaborating with service providers.

We report our Sustainable Development Initiatives for the year ended 31 December 2024 along the following key areas: economic viability, social impact, governance, and environment.

#### 1. Economic Viability

#### 1.1. Procurement Process

Aradel Holdings emphasises sustainability and ethics in its supply chain by partnering with contractors and suppliers who uphold strong economic, environmental, and social standards. Throughout the reviewed year, the Company recorded no breaches of its ethics and compliance policies, resulting in zero sanctions or contract terminations due to unethical behaviour.

The Company enforces a comprehensive ethical framework, anchored by its Code of Business Conduct, which governs all contracting and procurement activities. Vendors including suppliers, contractors, and subcontractors are required to comply with these standards, facing consequences for any violations. To reinforce this commitment, all vendors must agree to policies such as the Anti-Money Laundering Policy, Confidential Information Policy, Conflict of Interests Policy, and Anti-Bribery Laws, ensuring full alignment with Aradel's ethical principles.

Beyond business operations, Aradel champions social responsibility by involving skilled local talent from host communities in its contracting and procurement efforts. This strategy not only strengthens local capacity but also promotes development in both immediate and surrounding areas, reflecting the Company's dedication to ethical integrity and community growth.

#### 1.2. Promotion of Local Content

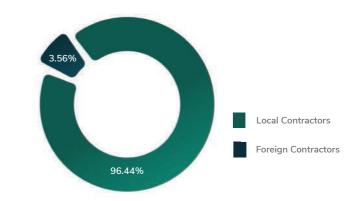

In line with the Nigerian Content Act 2010, Aradel supports local businesses by sourcing goods and services from local contractors and suppliers that meet quality and regulatory standards. This policy aims to boost local capacity while ensuring quality, technology, and innovation. By doing so, Aradel Holdings contributes to the sustainable development of the local economy and promotes self-reliance within Nigerian industries.

#### 1.3. 2024 Contracting and Supply Activities

In 2024, the Company maintained its commitment to supporting local businesses by ensuring that 96.44% of all contracting and supply activities

for the year were conducted domestically. Foreign vendors accounted for only 3.55% of supply support on ongoing capital projects, which involved work lacking in-country capabilities and/or local representatives of original equipment manufacturers. Nonetheless, all operations and maintenance activities are performed locally, thanks to comprehensive training and effective knowledge transfer.

Figure 6: Local and Foreign Contractor/Supplier Percentages

#### 1.4. Finance Management

The Company ensures optimal and responsible operation of its assets, as this drives profitability. Investments are carefully analysed, and funds are deployed in a manner that assures shareholder value. These and other measures have protected the Company in tough times and have contributed to its resilience over time.

Aradel's financial position underscores its significant resilience and its ability to sustain strong profit generation in the long term.

#### 2. Social Impact

The Company, through the Human Resources (HR) Department continues to drive business excellence, leveraging people solutions that propel top quartile performance, foster an inclusive culture, elevates employee experience, while leveraging technology.

Below is a summary of key areas of focus in the year under review:

## 2.1. Talent Acquisition and Recruitment – The Aradel Graduate Trainee Programme

During the year, the Company took a bold step towards strengthening the capability of its workforce with the launch of the Aradel Faculty, a pioneering initiative responsible for managing the Graduate Trainee Programme (or the Programme'). The Programme was designed to cultivate the next generation of industry leaders, equipping them with the skills, experience, and mindset required to thrive in a dynamic energy landscape. To ensure a comprehensive learning experience, the Programme adopted a hybrid learning approach combining both technical and functional learning, as well as the essential soft skills training for the graduates. The inaugural cohort of 25 exceptional graduate trainees underwent a comprehensive and immersive learning experience and were mentored by a team of five highly experienced coaches with a combined industry experience of over 120 years. In addition to the structured development framework, the trainees were challenged to work on high-impact projects.

This problem-solving approach instilled critical thinking, innovation, and solution-driven mindsets, preparing them for real-world industry challenges. By December 2024, the inaugural cohort of graduates successfully completed the development programme with very impressive personal and professional growth recorded.

The programme is not just about training; it is about building our own timbre - one leader at a time.

#### 2.2. Training and Development

Learning and development continues to be a key differentiator in Aradel. Training execution vs plan was 119.0% in line with our commitment to ensure the critical skills and competencies of our employees are continually strengthened and to ensure operational excellence. A comprehensive learning initiative was designed to equip employees with both technical knowledge and business acumen. Over 50 experienced hires participated in the Aradel Oil & Gas Training Programme. Its success has led to the development of a variant for non-technical professionals which will be deployed in 2025.

Several other learning interventions geared toward staff growth and development were also delivered in line with the 70/20/10 learning model. The 70/20/10 model indicates that 70.0% of learning is via onthe-job training, 20.0% is via social learning (mentoring/coaching etc) and 10.0% is via formal learning. The Company's learning initiatives are aligned with industry standards, covering technical & functional learning, HSE critical and leadership development learning. These initiatives contribute to building a strong, skilled and motivated workforce that is essential for our success.

#### 2.3. Employee Engagement

At Aradel, we focus on fostering a welcoming and supportive workplace that encourages transparent dialogue and teamwork. We organised various activities to boost employee engagement, enhance job satisfaction, and improve the overall employee experience. These included town hall meetings, HR support sessions, and celebrations of key company achievements and events, among other initiatives.

#### 2.4. Performance Management

Our performance management system was strategically repositioned to ensure alignment with organisational objectives, fostering a culture of accountability, continuous improvement and top quartile performance delivery, through clearer performance contracts, timely feedback and creating an enabling culture for delivery.

#### 2.5. Employee Relations

Our organisational and people policies are regularly reviewed to keep them up to date with evolving best practices, regulations or legislation. We are committed to resolving workplace issues promptly and objectively, hence, our clear code of conduct and our whistle blowing policy. We foster an environment of open communication, ensuring that employees are heard, supported and clear process to address any breaches to the code of conduct.

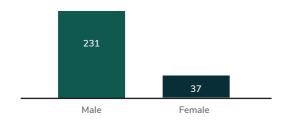

#### 2.6. Compliance and Regulatory Affairs

At Aradel, we diligently track updates in employment laws, sector-specific rules, and corporate governance standards to guarantee the Company's compliance with all applicable laws and guidelines.

#### 2.7. Aradel Human Resources Indices

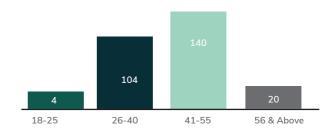

Total staff strength at the end of December 2024 was 268, compared to 241 as of December 2023, an increase of 11.0% to address critical resourcing gaps.

Figure 7: Staff Strength as at 31 December 2024

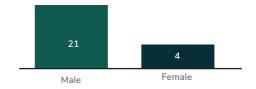

The age distribution is as follows:

Figure 8: Workforce Age Distribution

In the year under review, we achieved a 100% retention rate for our graduate trainees, with all 25 of them completing the graduate programme, confirmed and assigned to their respective departments.

Figure 16: Gender Split of Graduate Trainees as of 31 December 2024

Experienced personnel to handle critical roles were also recruited as shown below:

Figure 9: Experienced Hires in 2024

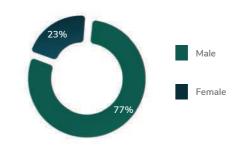

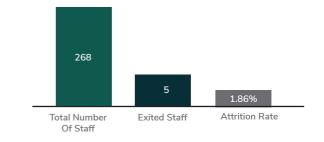

Figure 10: Attrition Rate as at 31 December 2024

The attrition rate significantly reduced from 7.4% in 2023 to 1.9% in 2024. This demonstrates positive progress in our employee value proposition and reflects our steadfast resolve to ensure Aradel remains an exceptional workplace where every team member feels deeply valued, engaged, and motivated to thrive. Our success in retaining talent highlights the strength of our culture and our relentless efforts to create an environment that inspires loyalty and growth.

#### 3. Corporate Social Responsibility

#### 3.1. Our Host Communities

- Aradel Holdings continued to deepen its sterling relationship with its host communities in the year under review. The foresight of Aradel's founding fathers in the creation of a Trust for the development of its host communities has been given credence by the institutionalisation of the concept of the Host Communities Development Trust in the Petroleum Industry Act, 2021 (PIA). Aradel remains committed to the long-term development of its Host Communities and compliance with the provisions of the PIA). Our relationship with our Host Communities transcends the letter of the law, ensuring that all our dealings with our Host Communities are guided by the genuine desire for tangible transformation.
- In the year under review, Aradel remitted the required three percent
  of its operating expenditure for 2022 and 2023 financial years to
  the MURALI Host Communities Development Trust (the "Trust")
  in line with S. 240 (2) of the PIA. This makes Aradel Holdings one
  of the few Companies that have fully complied with the funding
  requirements of the PIA.
- To strengthen the governance structures of the Trust, (i.e., the Board of Trustees, the Management Committee, the Advisory Committee) and equip members for ethical leadership, the first phase of the Leadership Empowerment Training was organised for members of the Trust. This three-day intensive training, facilitated by governance and leadership experts, took place in December 2024 at Port Harcourt. The goal was to put the members of MURALI Host Communities Development Trust through an integrated capability building programme that progressively sharpens their leadership and management skills to ensure that they are able to facilitate and drive the sustainable agenda for the Trust with tangible development dividends to communicate to their communities.
- Establishment of a Host Communities Development Trust for Omerelu Communities.

With the successful drilling of a well in Omerelu's OML 53 in May 2024, it became imperative to establish a Host Community Development Trust for Aradel's Omerelu Communities. In November 2024, a sensitisation programme was organised to raise the awareness of members of Omerelu Host Communities on the provisions of the Petroleum Industry Act. This visit to Omerelu Host Communities culminated in the conduct of participatory Needs Assessment by Aradel in compliance with the PIA. The Needs Assessment will dovetail into a Community Development Plan (CDP) which is one of the requirements for the establishment of a Host Communities Development Trust. The process of the establishment of a Host Communities Development Trust is being pursued vigorously to comply with the PIA in addition to ensuring that Omerelu Host Communities begin to share in the dividends of the Company's activities within their communities.

 Aradel Holding's strong relationship with its Host Communities is based on trust, respect, and appreciation for their people and cultural heritage. This relationship is deliberately nurtured by the Company's openness and honesty. The Company's proactive approach to tackling challenges from its Host Communities has earned it accolades, not just from the Host Communities but from other Oil Industry stakeholders. Aradel is building an enduring partnership with its Host Communities for a brighter future.

#### 3.2. Community Development Projects and Schemes in 2024

#### (i) Employability capacity training - №224.0 million

One of the focal points of Aradel's relationship with its Host Communities is human capacity development. The Company's proactive approach to the myriad challenges emanating from unemployment is to upskill the members of its Host Communities to make them competitive in the market for skilled labour. Aradel's strategy is to ensure that once these individuals

are trained and educated, they move into their respective communities to create economic and institutional values. The Company believes that a vision that prioritises continued human capacity development should result in the replication of cycle on a grand scale, leading to both a more advanced society and an empowered populace.

In the year under review, Aradel embarked on Employability Capacity Training for 120 youths from the MURALI Host Communities. The focus was not just on vocational training but on skills that would make the Trainees easily employed in the Oil and Gas Industry. This training, which is the first in the series, is planned as an annual event with a focus on skills such as crane operations, process instrumentation, scaffolding/rope access, wellhead services/maintenance, sandblasting and industrial painting, industrial plumbing & aluminium welding, and welding & fabrication. The trainees will be issued certificates at the end of the training

#### (ii) Healthcare - №17.0 million

The Primary Health Centre at Ogbele was a beneficiary of Aradel's attention in the year under review. In line with its core value of innovation, Aradel is constantly seeking improvements on its plans and processes to optimise its resources. The Company embarked on the renovation of the Health Centre, to provide adequate living quarters for medical doctors, Nurses and Security staff. The Company's aim is to improve healthcare delivery, patient outcomes, and overall efficiency within the health centre.

#### (iii) Infrastructure development and sustenance - №459.9 million

Infrastructure development and sustenance are critical for the development of any community. It is the support system for the economic and social development of a community. The infrastructure of the community is the framework that helps it develop economically and socially – crucial for the development of commerce & industry. In the year under review, Aradel rehabilitated the Abua-Ahoada road which, though critical to Aradel's operation, is not used exclusively by the Company. The rehabilitation has facilitated the movement of goods and services to and from our Host communities with ease. It has also served other communities, not directly impacted by Aradel's operations. The Company will continue to collaborate with other stakeholders to find enduring solutions that ensure the existing road infrastructure is maintained while new infrastructure are developed to serve the communities.

#### (v) Security surveillance №6.5 million

Aradel Holdings continued to support the security efforts of its host communities in the year under review as safety and security lie at the heart of the prosperity of any community. The security initiatives in the various communities help to improve living conditions and protect the community's infrastructure, thereby promoting economic stability. The impact is that Aradel Holdings' investment in infrastructural development in the communities are protected and by extension, Aradel's assets are

#### 3.3. Charitable Donations and Sponsorship in 2024

#### (i) Charitable donations 2024

As an excellent corporate citizen, the Company supports projects in healthcare, education and economic development that positively impact the communities in which it operates to be stronger and more resilient. Below is a summary for the year under review:

- Donated №4.0 million to the 2024 edition of the Aret Adams Lecture Series. As a longstanding supporter of this initiative, Aradel remains committed to promoting discussions on policy, development, and challenges within the energy sector. The lecture series honours the late Chief Aret Adams, the pioneer Chairman of the Company.
- Partnered with Unboxed Conferences to sponsor a Young Person Mentoring event – Port Harcourt Edition, contributed №7.5 million to support this impactful initiative.

- Donated N2.0 million to the Ile Awiye Town Memorial Library & Museum, based in Kwara State, which promotes development and a reading culture in society.
- Supported the Women in Energy Network (WEIN) with a donation of №500,000. WEIN is an association established to provide a platform for Women that work across the energy industry value chain to network, build confidence and relationships to progress their careers or businesses.
- Donation of №23.0 million to C.O.P.E (Care Organisation Public Enlightenment) towards providing a conducive waiting room for women undertaking breast cancer screening.
- Donation of №1.5 million to Rotary Club, Woji Chapter, Port Harcourt in support of their humanitarian programme.
- Donation of \$\forall 2.5 million for Government College Ibadan Old Boys Association (GCIOBA) Annual Reunion Event, which upholds tradition, excellence, and camaraderie.
- Contributed \$\forall 2.0\$ million towards the FIDA Law Week 2024 in Lagos. The event features a series of sessions, activities, and awards aimed at promoting FIDA's vision of fostering a just, peaceful, and equitable Nigerian society where the rights and interests of women and children are safeguarded.

#### (ii) Sponsorships 2024

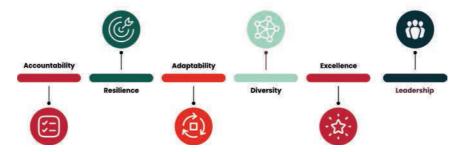

Aradel Holdings Plc sponsors key strategic events within the energy industry to promote learning, support brand visibility, foster innovation and demonstrate its commitment to advancing energy solutions. In 2024, the Company supported the following events and organisations through sponsorships:

- The 24th NOG (Nigerian Oil & Gas) Energy Week Conference & Exhibition with a contribution of №50.0 million.
- The production of the Demas Nwoko documentary, which is part of a series for The Foundation for Contemporary and Modern Visual Arts (FCMVA, Nigeria) with a contribution of №16.0 million.
- International Union of Pure and Applied Chemistry, Global Women's Breakfast Event 2024 with a contribution of №1.0 million. This event was organised by the Women in Chemistry section of the Chemical Society of Nigeria (CSN), Delta Chapter.
- The 19th Edition of the Nigeria Oil and Gas Industry Games (NOGIG) with №5.0 million. The NOGIG games promote friendships, health and wellness, and a renewed commitment to industrial productivity through competitive sports.
- Cambridge Energy Research Associates (CERA) Week with \$7.7
  million. CERA Week is a key annual conference that brings together
  energy leaders to discuss and develop solutions to energy, climate,
  and environmental challenges
- The Africa Energy Forum at the Offshore Trade Conference (OTC) with №12.9 million.
- 54th NSChE Annual Conference and the NSChE Foundation Angel Fund Initiative with №5.0 million. The Nigerian Society of Chemical

- Engineers (NSChE) represents chemical engineers in Nigeria.
- The Society of Petroleum Engineers (SPE) 47th Nigeria Annual International Conference and Exhibition (NAICE) with №6.0 million.
- The second NAEG International Conference with №2.0 million. The National Association of Exploration Geophysicist's (NAEG) is a notfor-profit organisation whose mission is inspiring and propelling the science of geophysics especially as it concerns exploration for the earth's resources and the advancement of the science of exploration geophysics.
- The Emogas International Natural Gas-Based Industry Conference and Exhibition (EINGICE) 2024 with №3.5 million; is an event focused on industry leaders in the Nigerian natural gas sector.
- The 2024 Nigerian Institute of Management (NIM) Annual National Management Conference (ANMC), which held in Port Harcourt with №2.0 million
- The 2024 Nigeria Hydrocarbon Measurement Conference (NiHMEC) with 14.0 million. The conference is dedicated to enhancing knowledge on precise hydrocarbon measurement and accounting, which are crucial for the industry's efficiency and accountability.
- Supported the 2024 Nigeria Hydrocarbon Measurement Conference (NiHMEC) with a sponsorship of №4.0 million. The conference is dedicated to enhancing knowledge on precise hydrocarbon measurement and accounting, which is crucial for the industry's efficiency and accountability.
- The Nigerian Association of Energy Correspondents (NAEC) at their Annual International Conference contributing №3.0 million.
- The 2024 Corrosion Management of Downstream and Midstream Oil and Gas Industry (NICA) Port Harcourt with №1.5 million
- The 2024 WIMBIZ (a non-profit organisation) Conference with №2.5 million, supporting women in Management, Business, and Public Service, dedicated to promoting and supporting women in leadership roles.
- The 2024 NITMA Awards with № 1.0 million. The NITMA awards is an annual event organised by the Nigeria Computer Society (NCS) to acknowledge, celebrate and reward Individuals and corporate organisations who are committed and outstanding in their various Information Technology practice.
- The 14th Practical Nigerian Content (PNC) Forum, held in partnership with the Nigerian Content Development and Monitoring Board, contributing №30.0 million to support the event.
- The inaugural Crude Oil Refinery Owners Association of Nigeria (CORAN) summit with №5.3 million. The Summit is an event that brings together industry experts to discuss the future of Nigeria's oil refining industry.

## 3.4. CSR Activities and Alignment with United Nations Sustainable Development Goals

Aradel has made significant impact in line with the United Nations Sustainable Development Goals (UN SDGs) in the following areas: :

#### **UN SDGs**

#### No Poverty

#### **Targets**

End poverty in all its forms everywhere

#### Activities

Prioritising the stimulation of economic growth through job creation, and poverty reduction.

#### Good Health and Well-being

#### **Targets**

Ensure health and well being for all

#### Activities

Further renovation and upgrade of the Ogbele clinic into a fully equipped Primary Health Center as well as other health initiatives.

Aradel donated to C.O.P.E (Care Organisation Public Enlightenment) towards providing a conducive waiting room for women undertaking breast cancer screening.

#### **Quality Education**

#### **Targets**

Encourage quality education and lifelong learning

#### Activities

Employability Capacity Training for 120 youths from each of the six communities of Ogbele Field.

#### Affordable and Clean Energy

#### **Targets**

Ensure access to reliable, sustainable, and modern energy

#### \ctivities

Execution of diverse projects such as the electricity extension project in Ogbele.

#### Decent Work and Economic Growth

#### Targets

Promote sustained, inclusive, and sustainable growth

#### Activities

Sponsorship of several International Conferences in the Oil and Gas Industry.

#### Industry, Innovation and Infrastructure

#### Targets

Build resilient infrastructure, promote inclusive and sustainable industrialisation and foster innovation

#### Activities

Rehabilitation of Roads for host communities including the Abua-Ahaoda road and other access roads within the communities.

#### Sustainable Cities and Communities

#### Targets

Make communities safe, resilient, and sustainable

#### Activities

Support for local initiatives by host communities for the security of lives and property.

#### Life below Water

#### Targets

Conserve and sustainably use the oceans, seas and marine resources for sustainable development

#### Activities

Continued investment in, and improvement of, our internal water conservation management systems.

Practical Session with Sandblasting and Industrial Painting Trainees

#### 3.5. Health, Safety and Environment (HSE)

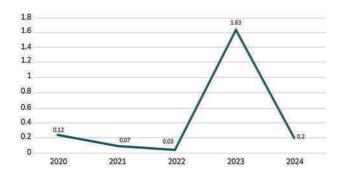

At Aradel, we are dedicated to fostering a healthy, safe, and sustainable environment. This commitment is deeply rooted in our value system, as outlined in the Aradel Holdings HSE Management System Document. Our employees are our most valued asset, and to support their well-being, we collaborate with accredited health consultants to deliver regular health awareness sessions for all staff.

In the year under review, we maintained an exemplary environmental record with no discharges into the environment (zero sabotage and operational spills). This achievement was made possible through a robust and rigorous monitoring system implemented by the Company. Additionally, we conducted an external environmental audit to reassure our stakeholders and interested parties of our ongoing compliance with regulatory standards.

The Company achieved outstanding HSE performance for the year ending 31 December 2024, with zero fatalities, 4,602,918 incident-free manhours, and zero Lost Time Injuries (LTI). Prior to a third-party incident in September 2023, which reset our LTI records, the Company had maintained an impressive 18.1 million LTI-free manhours.

For the year ending 31 December 2024, the Company's Total Recordable Injury Frequency (TRIF) stood at 0.2, while the Lost Time Injury Frequency (LTIF) was 1.3. Moving forward, we remain committed to adopting international best practices in HSE operations. Below is our TRIF profile for reference.

#### Total Recordable Inqury Frequency

#### 4. Governance

#### 4.1. Sustainability Governance

Aradel Holdings oversees a robust governance structure and performance standards through centralised management. The Company has established and implemented effective control mechanisms to identify and address emerging risks. The Chief Executive Officer/Managing Director, under the guidance of the Board of Directors, holds overall responsibility for sustainability within the organisation.

To ensure alignment with its values and objectives, the Company has developed and maintains key frameworks and policies, including the Aradel Holdings Plc Business Code of Conduct, Environmental and Social Policy, Health, Safety and Environment Policy, and Resource Conservation Procedure. The Company has also drafted a Sustainability Policy, which is awaiting approval of the Board. These frameworks and policies are designed to provide clear guidance for all employees, contractors, suppliers, visitors, host communities, and other stakeholders.

#### 4.2. Zero Tolerance to Fraud and Corruption

At Aradel, we understand that fraud and corruption seriously endanger our ongoing sustainability. To address this, we commit to the utmost levels of professional integrity. Our detailed Code of Conduct and Conflict-of-

Interest Policies establish clear behavioural standards for our workforce, promoting a culture of ethics. Additionally, we enforce a strict no-tolerance approach to bribery and corruption and offer an independent reporting mechanism for raising concerns. For the year ending 31 December 2024, we are proud to note that no cases of fraud or corruption were recorded

#### 5. Environmental Sustainability

#### 5.1. Energy Efficiency

We implemented various initiatives to promote energy efficiency across all Aradel facilities, with a strong focus on minimising waste. During the year, fuel consumption saw a significant reduction, driven by post-pandemic measures such as the adoption of hybrid work systems across domestic operations.

Moving forward, we remain committed to fostering energy conservation through practices such as raising awareness, monitoring electricity usage, conducting routine maintenance to enhance machine efficiency, and utilising energy-saving electronic devices.

#### 5.2. Water Management

The Company has continued to enhance its water conservation management system, which was first introduced in 2019. This initiative aims to raise awareness among staff about the importance of treating water as a finite natural resource that can be depleted. As part of these efforts, a water consumption meter was installed in the Ogbele Field to monitor and track water usage more effectively.

#### 5.3. Compliance with Environmental Laws and Regulations

This initiative reflects our internal commitment to leaving the environment in a better state for future generations rather than treating it as a mere tick-box exercise. To reinforce this commitment, we have integrated environmental compliance into the Key Performance Indicators (KPIs) of our staff.

Building on this foundation, the Company achieved ISO 14001:2015 certification (EMS 760652) in 2021 and was recommended for recertification in November 2024. We have successfully completed the ISO 9001:2015 (EMQ) stage 1 audit and have been recommended to proceed to the stage 2 of the certification process in December 2024.

These accomplishments underscore our dedication to implementing robust frameworks and systems that align our operational output and environmental impact with international standards and best practices.

#### 5.4. Waste Management

The Company is committed to preventing any discharge into the environment. All operational discharge is treated and reinjected into approved wells. Through rigorous waste treatment practices and a zerospill policy, the Company effectively reduces its carbon footprint and minimises its environmental impact.

#### Conclusion

As a rapidly expanding and dedicated indigenous leader in the oil and gas industry, we take great pride in exceeding our mission every day. Looking ahead, we are committed to deepening our focus on sustainable development by integrating global business insights with the unique needs of our local environment. We prioritise the interests of our employees, communities, the environment, and the government while diligently adhering to international best practices and industry regulations.

# LETTER FROM THE CHAIRMAN

### Distinguished Shareholders

As we take a moment to reflect on the year 2024, I am excited to present an in-depth overview of our corporate governance journey at Aradel Holdings Plc, highlighting our unwavering dedication to the principles of transparency, accountability, and sustainable value creation, which are integral to our operational philosophy. Throughout the past year, we achieved significant milestones in enhancing our governance framework. Our leadership team has diligently worked to implement best practices and refine our policies, ensuring that they align even more closely with the regulatory requirements and the expectations of our stakeholders. We faced various challenges, including navigating complex market conditions and adapting to evolving regulatory landscapes; however, these experiences have only strengthened our resolve to prioritise ethical governance which remains at the crux of who we are.

Under the Board's guidance, 2024 saw significant progress in aligning our strategic initiatives with our governance objectives. Our listing on the Nigerian Exchange Group (NGX) in October marked a historic step, reinforcing transparency and demonstrating shareholder confidence.

This report also outlines our strategic priorities moving forward, which include enhancing shareholder engagement, promoting diversity and inclusion at all levels of the organisation, and committing to environmentally sustainable practices. We believe that these initiatives are essential for fostering trust and confidence among our shareholders as well as for ensuring the long-term success of Aradel Holdings Plc.

### Scope of the Corporate Governance Report

The Corporate Governance Report presents a comprehensive overview of Aradel Holdings Plc's dedication to implementing robust governance principles and practices. It thoroughly details our adherence to various regulatory frameworks, demonstrating our commitment to transparency and accountability. The report highlights the leadership's strategic decision-making processes, showcasing specific initiatives we have undertaken to drive the Company's growth and ensure sustainable operations. Moreover, we implemented proactive measures designed to enhance our governance framework, including regular assessments and updates to our policies to align with industry best practices. The role of our Board of Directors is emphasised throughout the report, illustrating how they navigate the complexities of an ever-evolving economic landscape and regulatory environment. Their strategic oversight is vital in steering the organisation toward long-term success and

The Board and its Committees continued to exercise their oversight responsibilities regarding strategy, risks, finance, governance, and compliance, ensuring Aradel remains on its strategic growth trajectory. At the subsidiary level, these Boards have greatly improved accountability, transparency, and oversight.

The Refinery business benefited from improved governance and operational efficiencies, positioning us to achieve a target 90.0% capacity utilisation by 2027.

Our governance framework was strengthened through the effective utilisation of our whistleblowing system which, although triggered once in 2024, demonstrated its value in escalating issues and reinforcing internal controls. This case was addressed promptly, with appropriate resolutions implemented to mitigate risk, further reinforcing transparency and accountability across the organisation. We maintained rigorous Board appraisal processes, incorporating an external evaluation in 2023 that provided actionable insights into Board operations, diversity, and effectiveness. Implementing these recommendations has already brought transformative improvements to our governance practices.

As part of Aradel's commitment to fostering governance excellence, we embarked on a Board refresh process designed to strengthen the organisation's leadership and ensure alignment with our future ambitions. This process includes the planned retirement of some directors and the addition of independent directors, bringing in fresh perspectives to bolster strategic decision-making.

The refresh process is guided by core principles of competency, inclusion, and diversity, ensuring the resulting Board is well-equipped to tackle emerging challenges and capitalise on opportunities. By incorporating individuals with varied experiences, skills, and professional backgrounds, we aim to further enhance the Board's ability to provide holistic and forward-looking guidance.

Our Board's diversity is a source of strength, with representation spanning across gender, geographic regions, and professional disciplines. This diversity fosters innovative thinking and ensures a comprehensive approach to governance, allowing us to navigate complexities with resilience and adaptability. By maintaining a blend of experienced leaders and new voices, we are committed to building a governance structure that is agile, inclusive, and effective.

### Corporate Governance Laws

In 2024, Aradel Holdings Plc took significant steps to reinforce its dedication to exemplary governance standards. The organisation meticulously adhered to all applicable legislation, including the Nigerian Code of Corporate Governance and the Companies and Allied Matters Act (CAMA). In light of the continuously evolving regulatory landscape, the Board proactively introduced an array of new governance policies and frameworks to maintain compliance and foster transparency within the organisation. A vital component of our governance strategy was focused on leadership development. Board members engaged in a series of specialised training programmes designed to enhance their understanding of governance best practices.

These programmes covered critical topics such

as Environmental, Social, and Governance (ESG) principles, which are essential for sustainable business practices, as well as comprehensive risk management strategies to mitigate potential threats to the organisation. The training programmes were instrumental in building a more robust ESG framework for the Company while supporting Aradel's journey toward the adoption of IFRS S1 and S2 standards. By deepening the Board's understanding of these critical areas, Aradel is better positioned to align its governance practices with global sustainability and financial reporting benchmarks. These initiatives reflect our dedication to fostering a culture of accountability and ethical leadership, through which we aimed to equip our leadership team with the necessary skills and knowledge to navigate complex governance challenges effectively

### A Governance-Driven Future

With sound governance and strategic vision, 2024 set the foundation for even greater achievements ahead. Looking ahead to 2025, the Board will continue to play a central role in shaping Aradel's future. Plans to commence development programs for the Olo and Olo West Fields and optimise production at Ogbele are firmly rooted in governance principles. Our leadership remains focused on achieving annual production targets of 15,000 barrels per day of crude oil and 50 million standard cubic feet per day of gas, while fostering sustainability and operational excellence.

As we conclude 2024, we celebrate the leadership and governance milestones that have strengthened Aradel Holdings Plc. Our commitment to ethical practice s, strategic oversight, and stakeholder value creation remains unwavering. Guided by a robust governance framework, we look forward to advancing Aradel's mission and delivering exceptional value in 2025 and beyond.

Ladi Jadesimi Chairman March 2025

He joined Aradel in August 2014

# CORPORATE GOVERNANCE REPORT

### 1. Introduction

At Aradel Holdings Plc, we uphold the highest standards of corporate governance, recognising its crucial role in promoting transparency, accountability, integrity, performance, and leadership to enhance best practices. We are dedicated to adhering to the Code of Corporate Governance for Public Companies in Nigeria and ensure full disclosure and transparency to all stakeholders.

This report summarises Aradel Holdings Plc compliance with corporate governance rules

### 2. Board Evaluation

### 2.1. Background

The Nigerian Code of Corporate Governance (NCCG) 2018 requires the Board of Directors of companies to carry out formal and rigorous annual evaluation of the Board, its Committees, the Chairman and individual Director's performance as well as an annual corporate governance evaluation to ascertain the extent of application of the codes of corporate governance. The NCCG further provides that evaluation should be facilitated at least once in three years by an independent external consultant.

### 2.2. 2023 Board Evaluation and Governance Appraisal Exercise

In line with the NCCG requirement and on the recommendation of the Board Governance, Remuneration & Nomination (GRN) Committee, the Board of Directors at the fourth quarter 2023 meeting held on 31st January 2024, approved the engagement of KPMG Advisory Services (KPMG) to carry out the Board Evaluation and Governance Appraisal of the Company for the period spanning 1 January to 31 December 2023. The exercise was concluded and a report submitted to the Board at its quarter 2 meeting held on 30th July 2024. Major findings in the report relating to restructuring of the Board, particularly with respect to increase in number of independent Non-Executive Directors, gender, age and geographical diversity of the Board members, tenure of Directors on the Board and putting in place some identified corporate governance policies have been substantially implemented.

### 3. Board Composition

### 3.1. Overview

In accordance with the principles of the NCCG, the Board consists of an Independent Non-Executive Director, Non-Executive Directors and Executive Directors. Collectively, they bring diverse expertise ranging from the oil and gas sector to financial matters, etc. As high-standing individuals, they maintain the independence required to make objective decisions that serves the best interest of the Company without being swayed by personal considerations. They contribute immensely to the growth, development, and decision-making process of the Company. The Directors' extensive experience is evident in their proven track record of managing successful and transparent businesses.

In accordance with the provisions of the NCCG, the Board currently has a female Independent Non-Executive Director in the person of Patricia Simon-Hart, and a female Non-Executive Director in person of Kerin Jayne Gunter reinforcing its commitment to gender and cultural diversity as well as its independence. More female directors will be appointed into the Board in line with the Company's Board Succession Policy approved during the year under review.

### 3.2. Board Characteristics

Aradel Holdings Plc is led by an effective Board that provides entrepreneurial and strategic leadership as well as promote a culture of ethics, proper governance and responsible corporate citizenship. As a link between stakeholders and the Company, the Board is charged with

exercising oversight and control to ensure that management acts in the best interest of the shareholders and other stakeholders while sustaining the prosperity of the Company.

### 3.3. Roles and Responsibilities of the Board

### (a) Primary Responsibilities of the Board

The Board of Directors of Aradel Holdings Plc is primarily concerned with strategic development and monitoring of the performance of Executive Management in achieving the Company's annual targets and objectives, as summarised below:

- provide the general direction of the Company and establish the overall policy guidelines for the achievement of the Company's vision with respect to finance, personnel and assets
- consider and approve long and short-term strategies for the business of the Company as presented by Executive Management and monitor the implementation of same by Executive Management.
- consider and approve the annual budget of the Company as presented by Executive Management
- assist and cooperate with Executive Management as necessary to achieve all corporate objectives
- render reports to the shareholders through the Annual General Meetings and any Extraordinary General Meetings that may be held, and ensure the integrity of annual reports & accounts, as well as all material information provided to regulators and other stakeholders
- determines matters specifically reserved for the Board to decide on, and matters delegated to Board Committees and Executive Management
- (b) Responsibilities Relating to Executive Management
- take responsibility for the appointment and removal of members of Executive Management
- set corporate goals and targets for the Executive Management team and evaluate their performance in meeting the set goals and targets
- establish and implement a succession plan, appointment process training mechanism and remuneration structure for Executive Management
- (c) Responsibilities Relating to the Company Secretary
- appointment of the Company Secretary through a rigorous selection process similar to that of new Directors
- removal of the Company Secretary, subject to the provisions of applicable laws
- approval of the performance evaluation of the Company Secretary with respect to functional responsibilities and overall performance

### 3.4. Business Code of Conduct and Conflict of Interest

The Board has an approved Charter that sets out the Directors' responsibilities with regard to conduct and conflicts of interest. Additionally, all stakeholders which comprise directors, senior management, agents, vendors, contractors and employees are mandated to reconfirm their compliance the business code of conduct and disclose any likely conflict of interest at the beginning of the year and as the need arises.

The Company's Code of Conduct requires the directors, management team, agents, vendors, contractors and employees to exhibit honesty, loyalty, integrity and professionalism in their dealings by observing the following principles:

- avoidance of situations which may give rise to conflict of interests and disclosure where it already exists
- ii. avoidance of circumstances where any benefits may be gained at the expense of the shareholders, or which otherwise competes or may be perceived as in any way conflicting with the best interests of the Company or its business

- iii provision of written confirmation that they understand the Company's policies and are willing to adhere to them
- compliance with all applicable laws, policies and regulations iv
- proper use of the Company's assets for legitimate business purposes and not in any way to enrich themselves at the expense of the Company
- maintain the confidentiality of both the Company's business and the information of its shareholders

In addition to the steps taken to avoid conflicts of interest, each Director is required to declare his/her interest in dealings with the Company and other companies where he/she is a board member in accordance with the provisions of the NCCG.

### 3.5. Diversity Targets

On diversity targets, the Board is working assiduously to ensure an environment that enables cultural, gender, age, and ethnic diversity. Furthermore, on gender equality, the Company is working to make the Board of Directors more gender-balanced by increasing the number of women performing senior roles as well as creating programmes that prepare women to assume senior roles within the organisation.

### 3.6. Appointment Process for Directors

In accordance with the Board Charter, the Board approves the criteria for appointing Directors. The criteria takes into consideration integrity, competence and possession of requisite skills, knowledge of the business, and experience. A formal due diligence exercise is carried out on any proposed Director by the Governance, Remuneration and Nomination Committee via an external consultant before recommendation is made to the Board for consideration.

### 3.7. Training Process

The Board of Directors have a significant role to play in achieving the Company's key business objectives. Consequently, continuous training and further development are of great importance to ensure that the members remain knowledgeable in developments concerning the Company's core business and the business environment in general. The Board ensures that members strictly comply with the Company's Training Policy for Directors as may be amended from time to time.

In addition, the Company through the Secretariat, carries out induction/ training for newly appointed Directors. Prior to the commencement of the induction, Aradel Holdings Plc company information is provided to the Directors. The induction is typically held within three months of a Director's appointment. The induction familiarizes the Directors with the Company, their roles, rights, responsibilities in the Company, nature of the industry in which the Company operates, business operations of the Company through various programmes, including visiting the Ogbele integrated facility and any other areas of operation of the Company as the Board in conjunction with Management may approve.

### 10. Communication to Shareholders and Protection of Minority Rights

The Company recognises the significance of ensuring and maintaining accountability and transparency to its shareholders. All general meetings are convened by the Board and conducted in accordance with the provisions of the CAMA. The Board also ensures that adequate and timely information is provided via the Company's website, NGX and the Company's Registrars.

During our Annual General Meetings, we encourage shareholders to engage members of our Board and Executive Management on the Company's business activities, financial performance, and other related matters.

### 11. Human Resource Policy and Internal Management Structure

The Company has formal systems for the management of people with respect to employee compensation, benefits, work ethics and defining work structure. In 2024 the Company reviewed employees' compensation to mitigate inflationary effect resulting from the prevailing economic realities.

Our policies demonstrate our passion to improving diversity, work ethics, health and safety, training and development to align with international standards, in addition to remaining industry leaders. Thy also reflect our commitment in relation to regulation and corporate governance of our employees.

Our human resource strategy is focused on assuring an organisation that attracts and retains the right quality of people towards achieving the operational and corporate governance requirement needed for sustained business success.

At Aradel Holdings, our people are our greatest asset, and we ensure their proper maintenance by putting structures in place to keep them on.

### 12. Clawback Cases/Fines & Penalties

There were no cases of clawback. The Group was fined approximately US\$2,185,865 in respect of a technical gas flare in the year 2024. The Company will continue to comply with all applicable laws and regulations to avoid fines and penalties.

### 13. Disclosure on Connected Person dealing Incident

On 7th February 2025, the Company was notified by the Nigerian Exchange (NGX) of the acquisition of 70,658 units of Aradel shares (with a market value of circa \\$34,184,484 on the transaction date), by a Connected Person. Following the notification of the trade on the NGX portal, the Company subsequently received formal correspondence from the NGX regarding the single trade in its shares during a Closed Period. The trade was consummated due to a misunderstanding regarding the continuation of the Company's earlier announced Closed Period, which commenced on 01 January 2025. In its response letter to the NGX dated 17 February 2025, the Company acknowledged the gravity of this issue, noting the actions it had taken to uphold proper communication on observance of Closed Periods.

The letter reassured the NGX that Company had promptly taken steps to address the situation, by immediately notifying all insiders, including Directors, Employees, and other relevant persons, that the Closed Period remained in effect, highlighting insider obligations under both the Company's policies as well as the NGX Rules. Aradel further reassured the NGX of its commitment to implementing additional measures to ensure full compliance going forward.

### These include:

- Reinforced internal policies and procedures related to insider trading and closed periods.
- Increased routine communication to all Insiders to ensure they are fully aware of their obligations.
- Implemented additional monitoring mechanisms to detect and prevent any potential violations.

Aradel remains dedicated to upholding the highest standards of corporate governance, transparency, and regulatory compliance.

### 14. Related Party Relations and Transaction

The disclosure on the nature of any related party relationships as well as information about the transactions, outstanding balances, and commitments necessary for an understanding of the potential effect of the relationship on the financial statements is provided in the notes under the financial report.

### 15. Quality Control

The Company continuously ensures that it maintains high level of quality and standards in all its business dealings within the organisation and adherence to required processes.

Dated this 26th day of March 2025

1. Onwoore

By Order of the Board

Titilola Omisore Company Secretary

### Whistleblowing Report

Aradel Holdings and its subsidiaries are committed to upholding the highest standards of honesty, integrity, and accountability.

The Board of Directors approved a Whistleblowing Policy as part of extending sound corporate governance practices. This is also a key element in fraud risk management. The Whistleblowing Policy is updated as required.

An important aspect of accountability and transparency is a mechanism to enable employees as well as other stakeholders of the Company to voice concerns in a responsible and effective manner. The Board of Directors at Aradel Holdings approved the engagement of KPMG Advisory Services (KPMG) to provide an external reporting channel through which employees and external stakeholders of the Company can voice concerns to ensure transparency and confidentiality, and where found to be credible, KPMG will participate in the investigation of such reports.

Aradel Holdings encourages its stakeholders to direct their complaints to the KPMG contact details below:

Hotlines: 0800-123-KPMG 0800-123-5764 0800-123-5276

Email: kpmgethicsline@ng.kpmg.com

Website: https://apps.ng.kpmg.com/ethics

In 2024, an anonymous whistleblower complained of bullying and tribal discrimination by a colleague. This complaint was treated in line with the company's whistleblowing management procedure with KPMG. The matter was discussed at the various board committee meetings with general steers for the MD/CEO to reiterate to all staff the company's zero-tolerance for bullying and unwavering commitment to diversity as a key component of Aradel's core values.

FINANCIAL STATEMENTS

### REPORT OF THE DIRECTORS CONT'D.

### 11. Employment of Disabled Persons

The Company has a policy of fair consideration of job application by disabled persons having regard to their abilities and aptitude. The Company's policy prohibits discrimination of disabled persons in the recruitment, training and career development of its employees. Presently no disabled person is in the employment of the Company (2023:Nil).

### 12. Health, Safety and Welfare at Work of Employees

One of the Company's primary business objectives is that its operations shall not cause accidents, damage or losses. The Company is committed to protecting people, the environment and physical assets. The Company established adequate health and safety measures within its premises and its areas of operations and in the operation of all its vehicles. The Company aims to provide as far as possible medical care for all members of its staff and immediate members of their nuclear families.

### 13. Employees' Training and Involvement

The Directors maintain regular communication and consultation with the employees and staff representatives on matters affecting employees and the Company.

The Group organises various in-house, local and international training courses and also sends staff abroad for training when the training capacity is not available locally.

### 14. Protection of the Environment

The Group is committed to protecting the environment within and around its operational areas. In this regard, it has established a framework for complying with all statutory environmental requirements, applying best industry practice and operating in a manner that assumes no harm to the environment.

### 15. Appointment of External Auditors

Messrs Deloitte & Touche have expressed their willingness to continue in office as the auditors of the Company in accordance with section 401 (2) of the Companies and Allied Matters Act, 2020. They have consistently demonstrated their independence and objectivity in carrying out their audit function and we remain deeply appreciative of their service. A resolution will be proposed at the Annual General Meeting of their Directors to determine their remuneration.

By Order of the Board

### STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors of Aradel Holdings Plc ("The Company") and its subsidiaries (together referred to as "The Group") accept responsibility for the preparation of the consolidated and separate financial statements that give a true and fair view of the financial position of the Group and the Company as at 31 December 2024, the results of its operations, cash flows and changes in equity for the year then ended, in compliance with International Financial Reporting Standards ("IFRS") and in the manner required by the Companies and Allied Matters Act of Nigeria and the Financial Reporting Council of Nigeria (Amendment) Act, 2023.

In preparing the consolidated and separate financial statements, the Directors are responsible for:

- Properly selecting and applying accounting policies
- Presenting information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information
- Providing additional disclosures when compliance with the specific requirements in IFRS Accounting Standards are insufficient to enable users
  to understand the impact of particular transactions, other events, and conditions on the Group and Company's financial position and financial
  performance:

### Going Concern:

The Directors have made an assessment of the Group's and the Company's ability to continue as a going concern and have no reason to believe the Group and Company will not remain as a going concern in the foreseeable future.

The financial statements of the Group and the Company for the year ended 31 December 2024 were approved by the Board of Directors on 19 March 2025 and were signed on its behalf by:

Adegbola Adesina

Chief Financial Officer/Finance Director

AS.

Adegbite Falade
Chief Executive Officer/Managing Director

Ladi Jadesimi Chairman

### **CERTIFICATION OF FINANCIAL STATEMENTS**

In accordance with section 405 of the Companies and Allied Matters Act of Nigeria, the Chief Executive Officer and the Chief Financial Officer certify that the consolidated and separate financial statements have been reviewed, and based on our knowledge, the:

- (i) Audited financial statements do not contain any untrue statement of material fact or omit to state a material fact, which would make the statements misleading, in the light of the circumstances under which such statement was made; and
- (ii) Audited financial statements and all other financial information included in the statements fairly present, in all material respects, the financial condition and results of operation of the Group and Company as of and for, the periods covered by the audited financial statements;

### We state that Executive Management and Board of Directors:

- (i) Are responsible for establishing and maintaining internal controls and has designed such internal controls to ensure that material information relating to the Group is made known to the officer by other officers of the Group, particularly during the period in which the audited financial statement report is being prepared;
- (ii) Have evaluated the effectiveness of the Group's internal controls within 90 days prior to the date of its audited financial statements; and
- (iii) Certify that the Group's internal controls are effective as of that date;

### We have disclosed:

- (i) All significant deficiencies in the design or operation of internal controls which could adversely affect the Group's ability to record, process, summarise and report financial data, and have identified for the Group's auditors any material weaknesses in internal controls; and
- (ii) Whether or not, there is any fraud that involves Executive Management or other employees who have a significant role in the Group's internal control: and
- (iii) As indicated in the report, whether or not, there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of their evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses

The consolidated and separate audited financial statements of the Group and Company for the year ended 31 December 2024 were approved by the Board of Directors on 26 March 2025 and were signed on its behalf by:

Adegbola Adesina Chief Financial Officer/Finance Director 26 March 2025 HOS.

# REPORT OF THE AUDIT COMMITTEE TO THE MEMBERS OF ARADEL HOLDINGS PLC.

In accordance with the Statutory requirement of provisions of section 404(7) of Companies and Allied Matters Act, 2020, we the members of the Audit Committee of Aradel Holdings Plc, having carried out our statutory functions under the Act hereby confirm that the accounting and reporting policies of the Group and Company are in accordance with legal requirements and agreed ethical practices.

### In our opinion:

- (i) The accounting and reporting policies of Aradel Holdings Plc as contained in the Company's audited financial statement for the year ended 31 December 2024 are in accordance with the relevant financial reporting framework and agreed ethical practices.
- ii) The scope and planning of the audit for the year ended 31 December 2024 were adequate.
- (iii) The External Auditor's findings on management matters and management's responses thereto were satisfactory.
- (iv) We have kept under review the effectiveness of the company's system of accounting and internal controls.

In our opinion, the scope and planning of the audit for the year ended 31 December 2024 together with the consolidated and separate audited financial statements were satisfactory. The External Auditors had discharged their duties conscientiously and satisfactorily. We were satisfied with Executive Management's responses to the Auditor's findings.

# Management Report on Aradel Holdings Plc's Internal Control over Financial Reporting as at 31 December 2024

In compliance with the provisions of Section 1.1 of Securities and Exchange Commission's Guidance on Implementation of Sections 60-63 of Investments and Securities Act 2007, we hereby make the following statements regarding the Internal Control over Financial Reporting of Aradel Holdings Plc for the year ended 31 December 2024:

- i. Aradel Holdings Plc's management is responsible for establishing and maintaining a system of Internal Control over Financial Reporting ("ICFR") that provides reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with International Financial Reporting Standards.
- Aradel Holdings Plc's management used the Committee of Sponsoring Organization of the Treadway Commission (COSO) Internal Control-Integrated Framework to conduct the required evaluation of the effectiveness of the entity's ICFR;
- Aradel Holdings Plc's management has assessed that the entity's ICFR as of the end of 31 December 2024 is effective.
- iv. Aradel Holdings Plc's external auditors Deloitte & Touche that audited the financial statements has issued an attestation report on management's assessment of the entity's internal control over financial reporting.

We have reviewed the financial statements of Aradel Holdings Plc for the year ended 31 December 2024;

- a) Based on our knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report
- b) We also certify that we:
  - 1. are responsible for establishing and maintaining internal controls;
  - have designed such internal controls and procedures, or caused such internal controls and procedures to be designed under our supervision, to ensure that material information relating to the company, and its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - have designed such internal control system, or caused such internal control system to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - 4. have evaluated the effectiveness of the company's internal controls and procedures as of a date within 90 days prior to the report and presented in this report our conclusions about the effectiveness of the internal controls and procedures, as of the end of the period covered by this report based on such evaluation.
- c) We have disclosed, based on our most recent evaluation of internal control system, to the company's auditors, the audit committee and the company's Board of Directors:
  - All significant deficiencies and weaknesses in the design or operation of the internal control system which
    are reasonably likely to adversely affect the company's ability to record, process, summarize and report
    financial information; and
  - 2. Any fraud, whether or not material, that involves management or other employees who have a significant role in the company's internal control system.
- d) We have identified, in the report whether or not there were significant changes in internal controls or other facts that could significantly affect internal controls subsequent to the date of their evaluation including any corrective actions with regard to significant deficiencies and weaknesses.
- e) Meanwhile, based upon management's assessment, the Company determined that there were no material weaknesses in its internal control over financial reporting as at December 31, 2024.

**Assurance Report of Independent Auditor** 

To the Shareholders of Aradel Holdings Plc

### Assurance Report on management's assessment of controls over financial reporting

We have performed a limited assurance engagement in respect of the systems of internal control over financial reporting of **Aradel Holdings Plc** ("the Company") and its subsidiaries ("the Group) as of 31 December, 2024, in accordance with the FRC Guidance on assurance engagement report on Internal Control over Financial Reporting and based on criteria established in the Internal Control — Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) ("the ICFR framework"), and the SEC Guidance on Management report on Internal Control over Financial Reporting. Aradel Holdings Plc's management is responsible for maintaining effective internal control over financial reporting and for assessing the effectiveness of internal control over financial reporting including the accompanying Management's Report on Internal Control Over Financial Reporting.

We have also audited, in accordance with the International Standards on Auditing, the financial statements of the Company and Group and our report dated 28 March 2025 expressed unmodified opinion.

### **Limited Assurance Conclusion**

Based on the procedures we have performed and the evidence that we have obtained, nothing has come to our attention that causes us to believe that the Company and Group did not establish and maintain an effective system of internal control over financial reporting, as of the specified date, based on the SEC Guidance on Management Report on Internal Control Over Financial Reporting.

### Definition of internal control over financial reporting

Internal control over financial reporting is a process designed by, or under the supervision of, the entity's principal executive and principal financial officers, or persons performing similar functions, and effected by the entity's board of directors, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that:

- Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company and the group;
- II. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company and group; and
- III. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### Inherent limitations

Our procedures included the examination of historical evidence of the design and implementation of the Company and Group's system of internal control over financial reporting for the year ended 31 December 2024. Because of its inherent limitations, internal control over financial reporting may not prevent or detect all misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF ARADEL HOLDINGS PLC (CONT'D.)

# Deloitte

### Directors' and Management's Responsibilities

The Directors are responsible for ensuring the integrity of the entity's financial controls and reporting.

Management is responsible for establishing and maintaining a system of internal control over financial reporting that provides reasonable assurance regarding the reliability of financial reporting, and the preparation of financial statements for external purposes in accordance with IFRS Accounting Standards as issued by the International Accounting Standards and the ICFR framework.

Section 7(2f) of the Financial Reporting Act 2011 (As amended) further requires that management perform an assessment of internal controls, including information system controls. Management is responsible for maintaining evidential matters, including documentation, to provide reasonable support for its assessment of internal control over financial reporting.

### Our Independence and Quality Control

We have complied with the independence and other ethical requirements of the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality, and professional behavior.

The firm applies the International Standard on Quality Management 1, Quality Management for Firms that Perform Audits or Reviews of Financial Statements, or Other Assurance or Related Services Engagements which requires the firm to design, implement and operate a system of quality management including policies or procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements.

### Auditor's Responsibility and Approach

Our responsibility is to express a limited assurance opinion on the company's internal control over financial reporting based on our Assurance engagement.

We performed our work in accordance with the FRC Guidance on Assurance Engagement Report on Internal Control over Financial Reporting and the International Standard on Assurance Engagements (ISAE) 3000, Assurance Engagements other than the Audits or Reviews of Historical Financial Information (ISAE 3000) revised. That Standard requires that we comply with ethical requirements and plan and perform the limited assurance engagement to obtain limited assurance on whether any matters come to our attention that causes us to believe that the Company and Group did not establish and maintain an effective system of internal control over financial reporting in accordance with the ICFR framework.

That Guidance requires that we plan and perform the Assurance engagement and provide a limited assurance report on the entity's internal control over financial reporting based on our assurance engagement.

The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement. As a result, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had we performed a reasonable assurance engagement. Accordingly, we do not express a reasonable assurance opinion on whether the Company and Group established and maintained an effective system of internal control over financial reporting.

As prescribed in the Guidance, the procedures we performed included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our engagement also included performing such other procedures as we considered necessary in the circumstances.

We believe the procedures performed provides a basis for our report on the internal control put in place by management over financial reporting.

Abraham Udenani, FCA - FRC/2013/PRO/ICAN/004/0000000853 Deloitte & Touche (FRC/2022/COY/091021)

**Independent Auditors' Report** 

To the Shareholders of Aradel Holdings Plc

Report on the Audit of Consolidated and Separate Financial statements

### Opinion

We have audited the consolidated and separate financial statements of **Aradel Holdings Plc** and its subsidiaries (the Company and Group set out on pages 76 to 125 which comprise the consolidated and separate statements of financial position as at 31 December 2024, the consolidated and separate statements of profit or loss and other comprehensive income, the consolidated and separate statements of changes in equity and consolidated and separate statements of cash flows for the year then ended, and the notes to the consolidated and separate financial statements, including a summary of material accounting policies.

In our opinion, the consolidated and separate financial statements give a true and fair view of the consolidated and separate financial position of **Aradel Holdings Plc** and its subsidiaries as at 31 December 2024, and its financial performance and cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standard Board , the requirements of the Companies and Allied Matters Act, 2020 and the Financial Reporting Council of Nigeria (Amendment) Act, 2023.

### **Basis of Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements section of our report. We are independent of the Company and Group in accordance with the requirements of the International Ethics Standards Board for Accountants' (IESBA) International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) and other independence requirements applicable to performing audits of financial statements in Nigeria.

We have fulfilled our other ethical responsibilities in accordance with the IESBA Code and other ethical requirements that are relevant to our audit of consolidated and separate financial statements in Nigeria.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key Audit Matter**

A key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the consolidated and separate financial statements of the current year. This matter was addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

# Deloitte.

### Key Audit Matter

### How the matter was addressed in the audit

### Impairment of Oil and Gas Assets

The Group has a material balance of Oil and Gas Assets which are a significant element of its operations. The assets which are domiciled in the books of Aradel Energy Limited (a subsidiary), principally represent the cost of exploration, development and other production assets for the development of oil and gas reserves. The reserve is a major Cash Generating Unit of Aradel Energy Limited and its primary source of revenue and cash flows.

Considering the significance of the assets, and the economic importance to the Company, there is a high likelihood that the carrying amount of the Oil and Gas assets is higher than the recoverable amount of oil and gas reserve. Based on the level of judgement, subjectivity, estimation uncertainty and complexity in the method, data and assumptions used by management to determine the value in use of the reserves, we have considered impairment of Oil and Gas assets as a key audit matter.

The carrying amount of Oil and Gas Assets was NGN318.12 billion (USD207.20 million) as recorded in the books of Aradel Energy Limited as at 31 December 2024 and consolidated in these financial statements.

Refer to Notes 2(h), 2.1(iii) and 28 for the related accounting policies, estimates and disclosures.

We performed the following audit procedures, amongst others:

- Obtained an understanding of management's process and controls in place for determining the oil and gas reserves and related estimates.
- Performed a review of the related accounting estimates for biases that could result in material misstatements, including a retrospective review of management's judgements and assumptions.
- Performed a review on the future cash flow model provided by the management.
- Involved our valuation specialists to review the model provided by the management and evaluate the appropriateness and reasonableness of the assumptions as well as the methodology adopted.
- Recomputed the recoverable amount of the reserves and compared with the carrying amount of oil and gas assets to check for any impairment loss.
- Assessed the sufficiency and appropriateness of the related disclosures in the financial statements.

Based on the procedures performed, we found the judgements and assumptions made by the management to be reasonable and no impairment loss was noted on the oil and gas assets.

### Other Information

The Directors are responsible for the other information. The other information comprises the information included in the document titled "Aradel Holdings Plc Consolidated and Separate Financial Statements for the year ended 31 December 2024" which includes the Report of the Directors, Report of the Audit Committee, Statement of Directors' Responsibilities, Certification of financial statements, other National Disclosures and Supplementary information as required by the Financial Reporting Council of Nigeria which we obtained prior to the date of this report. The other information does not include the consolidated and separate financial statements and our auditor's report thereon.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated and separate financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Based on the work we have performed on the other information obtained prior to the date of this auditor's report, if we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF ARADEL HOLDINGS PLC (CONT'D.)

#### Responsibilities of the Directors for the Consolidated and Separate Financial Statements

The Directors are responsible for the preparation and fair presentation of the consolidated and separate financial statements in accordance with the IFRS Accounting Standards as issued by the International Accounting Standards Board, the requirements of the Companies and Allied Matters Act, 2020, the Financial Reporting Council of Nigeria (Amendment) Act, 2023 and for such internal control as the Directors determine is necessary to enable the preparation of the consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and separate financial statements, the Directors are responsible for assessing the Group's and Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group and/or the Company or to cease operations or have no realistic alternative but to do so.

#### Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's
  internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities
  within the Group to express an opinion on the consolidated financial statements. We are responsible for the
  direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF ARADEL HOLDINGS PLC (CONT'D.)

## Deloitte.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine the matter that was of most significance in the audit of the consolidated and separate financial statements of the current year and is therefore the key audit matter. We describe this matter in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on other Legal and Regulatory requirements

In accordance with the fifth schedule of the Companies and Allied Matters Act 2020, we expressly state that:

- We have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit.
- The Group and Company have kept proper books of account, so far as appears from our examination of those books.
- (iii) The Group and company's financial position and its statement of profit or loss and other comprehensive income are in agreement with the books of account and returns.

In accordance with the requirements of the Financial Reporting Council of Nigeria (Amendment) Act 2023, we performed a limited assurance engagement and reported on the management's assessment of the Group's internal control over financial reporting as of 31 December 2024. The work performed was done in accordance with FRC Guidance on Assurance Engagement Report on Internal Controls over Financial Reporting (this Guidance), and we have issued a report with no exception in our report dated 28 March 2025. That report is included on pages 69 to 70 of the consolidated and separate financial statements.

The accompanying notes and material accounting policies form an integral part of these financial statements

COMPANY OVERVIEW CORPORATE GOVERNANCE REPORT DIRECTOR'S REPORT FINANCIAL STATEMENTS

#### NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS

#### REPORTING ENTITY

Aradel Holdings Plc ("the Company") was incorporated on 25 March 1992. The Company is domiciled in Nigeria. The consolidated financial statements of the Company as at and for the year ended 31 December 2024 comprise the Group and the Company and the Group's interest in associates.

The Group is engaged in the exploration for, and development and production of oil and natural gas.

The Head Office of the Company is located at: 15 Babatunde Jose Road, Victoria Island, Lagos, Nigeria.

#### 1.2. COMPOSITION OF FINANCIAL STATEMENTS

The consolidated financial statements are drawn up in United States Dollar and Nigerian Naira in accordance with IFRS Accounting Standards.

The financial statements comprise:

- Consolidated and separate statement of profit and loss and other comprehensive income
- Consolidated and separate statement of financial position
- Consolidated and separate statement of changes in equity
- Consolidated and separate statement of cash flows
- Notes to the consolidated and seperate financial statements

The Directors also provided the following additional statements in compliance with Companies and Allied matters Act:

- Consolidated and separate five-year financial summary
- Consolidated and separate value added statement
- Supplementary information A summary of the financial statements have been presented in United States Dollar

#### 1.3. FINANCIAL PERIOD

These consolidated financial statements cover the period from 1 January 2024 to 31 December 2024 with comparative figures for the financial year from 1 January 2023 to 31 December 2023.

#### 1.4. BASIS OF ACCOUNTING

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB), and in the manner required by the Companies and Allied Matters Act (CAMA), 2020 and Financial Reporting Council of Nigeria Act, 2011.

#### Statement of compliance

The consolidated financial statements of Aradel Holdings Plc, and all of its subsidiaries ("The Group") have been prepared in compliance with the International Financial Reporting Standards(IFRS) as issued by the International Accounting Standards Board and IFRS Interpretations Committee (IFRIC) interpretations applicable to companies reporting under IFRS.

#### Basis of measurement

The consolidated and separate financial statements are prepared under the historical cost convention, except for certain financial instruments which are measured at amortised cost or at fair value. The functional currency is Dollar and presentation currency is Naira.

All amounts have been rounded to the nearest thousand, unless otherwise indicated.

The preparation of the consolidated and separate financial statements in conformity with IFRS requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates and underlying assumptions are continually evaluated and are based on the Directors' best knowledge of current events and actions, actual results ultimately may differ from those estimates.

#### 2. MATERIAL ACCOUNTING POLICY INFORMATION

The accounting polices set out below have been applied consistently to all periods presented in these financial statements.

#### ADOPTION OF NEW AND REVISED IFRS STANDARDS

#### (a) New standards, interpretations and amendments to existing standards adopted by the Group

The Group has considered the following standards and amendments for the first time in its reporting period commencing 1 January 2024:

Amendments to IAS 7 Statement of Cash Flows and IFRS 7 Financial Instruments: Disclosures titled Supplier Finance Arrangements

The group has adopted the amendments to IAS 7 Statement of Cash Flows and IFRS 7 Financial Instruments: Disclosures titled Supplier Finance Arrangements for the first time in the current year.

The amendments add a disclosure objective to IAS 7 stating that an entity is required to disclose information about its supplier finance arrangements that enables users of financial statements to assess the effects of those arrangements on the entity's liabilities and cash flows. In addition, IFRS 7 is amended to add supplier finance arrangements as an example within the requirements to disclose information about an entity's exposure to concentration of liquidity risk.

The amendments contain specific transition provisions for the first annual reporting period in which the group applies the amendments. Under the transitional provisions an entity is not required to disclose:

- comparative information for any reporting periods presented before the beginning of the annual reporting period in which the entity first applies those amendments
- the information otherwise required by IAS 7:44H(b)(ii)–(iii) as at the beginning of the annual reporting period in which the entity first applies those amendments.

The amendments have no significant impact on the Group's consolidated and the separate financial statements.

#### Amendments to IAS 1 Classification of Liabilities as Current or Non-current

The group has adopted the amendments to IAS 1, published in January 2020, for the first time in the current year.

The amendments affect only the presentation of liabilities as current or non-current in the statement of financial position and not the amount or timing of recognition of any asset, liability, income or expenses, or the information disclosed about those items.

The amendments clarify that the classification of liabilities as current or non-current is based on rights that are in existence at the end of the reporting period, specify that classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability, explain that rights are in existence if covenants are complied with at the end of the reporting period, and introduce a definition of 'settlement' to make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services.

The amendments have no significant impact on the Group's consolidated and the separate financial statements.

#### Amendments to IAS 1 Presentation of Financial Statements — Non-current Liabilities with Covenants

The group has adopted the amendments to IAS 1, published in November 2022, for the first time in the current year.

The amendments specify that only covenants that an entity is required to comply with on or before the end of the reporting period affect the entity's right to defer settlement of a liability for at least twelve months after the reporting date (and therefore must be considered in assessing the classification of the liability as current or non-current). Such covenants affect whether the right exists at the end of the reporting period, even if compliance with the covenant is assessed only after the reporting date (e.g. a covenant based on the entity's financial position at the reporting date that is assessed for compliance only after the reporting date).

The IASB also specifies that the right to defer settlement of a liability for at least twelve months after the reporting date is not affected if an entity only has to comply with a covenant after the reporting period.

However, if the entity's right to defer settlement of a liability is subject to the entity complying with covenants within twelve months after the reporting period, an entity discloses information that enables users of financial statements to understand the risk of the liabilities becoming repayable within twelve months after the reporting period. This would include information about the covenants (including the nature of the covenants and when the entity is required to comply with them), the carrying amount of related liabilities and facts and circumstances, if any, that indicate that the entity may have difficulties complying with the covenants.

The amendments have no significant impact on the Group's consolidated and the separate financial statements.

#### Amendments to IFRS 16 Leases—Lease Liability in a Sale and Leaseback

The group has adopted the amendments to IFRS 16 for the first time in the current year.

The amendments to IFRS 16 add subsequent measurement requirements for sale and leaseback transactions that satisfy the requirements in IFRS 15 Revenue from Contracts with Customers to be accounted for as a sale. The amendments require the seller-lessee to determine 'lease payments' or 'revised lease payments' such that the seller-lessee does not recognise a gain or loss that relates to the right of use retained by the seller-lessee, after the commencement date.

The amendments do not affect the gain or loss recognised by the seller-lessee relating to the partial or full termination of a lease. Without these new requirements, a seller-lessee may have recognised a gain on the right of use it retains solely because of a remeasurement of the lease liability (for example, following a lease modification or change in the lease term) applying the general requirements in IFRS 16. This could have been particularly the case in a leaseback that includes variable lease payments that do not depend on an index or rate.

As part of the amendments, the IASB amended an Illustrative Example in IFRS 16 and added a new example to illustrate the subsequent measurement of a right-of-use asset and lease liability in a sale and leaseback transaction with variable lease payments that do not depend on an index or rate. The illustrative examples also clarify that the liability that arises from a sale and leaseback transaction that qualifies as a sale applying IFRS 15 is a lease liability.

A seller-lessee applies the amendments retrospectively in accordance with IAS 8 to sale and leaseback transactions entered into after the date of initial application, which is defined as the beginning of the annual reporting period in which the entity first applied IFRS 16.

The amendments have no significant impact on the Group's consolidated and the separate financial statements.

#### (b) New and revised IFRS Accounting Standards in issue but not yet effective

The standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Group's financial statements are disclosed below. The Group intends to adopt these standards, if applicable, when they become effective.

Amendments to IAS 21 The Effects of Changes in Foreign Exchange Rates titled Lack of Exchangeability

The amendments specify how to assess whether a currency is exchangeable, and how to determine the exchange rate when it is not. The amendments state that a currency is exchangeable into another currency when an entity is able to obtain the other currency within a time frame that allows for a normal administrative delay and through a market or exchange mechanism in which an exchange transaction would create enforceable rights and obligations.

An entity assesses whether a currency is exchangeable into another currency at a measurement date and for a specified purpose. If an entity is able to obtain no more than an insignificant amount of the other currency at the measurement date for the specified purpose, the currency is not exchangeable into the other currency. The assessment of whether a currency is exchangeable into another currency depends on an entity's ability to obtain the other currency and not on its intention or decision to do so.

When a currency is not exchangeable into another currency at a measurement date, an entity is required to estimate the spot exchange rate at that date. An entity's objective in estimating the spot exchange rate is to reflect the rate at which an orderly exchange transaction would take place at the measurement date between market participants under prevailing economic conditions.

The amendments do not specify how an entity estimates the spot exchange rate to meet that objective. An entity can use an observable exchange rate without adjustment or another estimation technique. Examples of an observable exchange rate include:

- a spot exchange rate for a purpose other than that for which an entity assesses exchangeability
- the first exchange rate at which an entity is able to obtain the other currency for the specified purpose after exchangeability of the currency is restored (first subsequent exchange rate).

An entity using another estimation technique may use any observable exchange rate—including rates from exchange transactions in markets or exchange mechanisms that do not create enforceable rights and obligations—and adjust that rate, as necessary, to meet the objective as set out above.

When an entity estimates a spot exchange rate because a currency is not exchangeable into another currency, the entity is required to disclose information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows.

In addition, the IASB made consequential amendments to IFRS 1 to align with and refer to the revised IAS 21 for assessing exchangeability.

The amendments are effective for annual reporting periods beginning on or after 1 January 2025, with earlier application permitted. An entity is not permitted to apply the amendments retrospectively. Instead, an entity is required to apply the specific transition provisions included in the amendments.

#### IFRS 18 Presentation and Disclosures in Financial Statements

IFRS 18 replaces IAS 1, carrying forward many of the requirements in IAS 1 unchanged and complementing them with new requirements. In addition, some IAS 1 paragraphs have been moved to IAS 8 and IFRS 7. Furthermore, the IASB has made minor amendments to IAS 7 and IAS 33 Earnings per Share.

IFRS 18 introduces new requirements to:

- present specified categories and defined subtotals in the statement of profit or loss
- provide disclosures on management-defined performance measures (MPMs) in the notes to the financial statements
- improve aggregation and disaggregation.

An entity is required to apply IFRS 18 for annual reporting periods beginning on or after 1 January 2027, with earlier application permitted. The amendments to IAS 7 and IAS 33, as well as the revised IAS 8 and IFRS 7, become effective when an entity applies IFRS 18. IFRS 18 requires retrospective application with specific transition provisions.

The Group anticipates that the application of these amendments may have an impact on the group's consolidated financial statements in future periods.

#### IFRS 19 Subsidiaries without Public Accountability: Disclosures

IFRS 19 permits an eligible subsidiary to provide reduced disclosures when applying IFRS Accounting Standards in its financial statements.

A subsidiary is eligible for the reduced disclosures if it does not have public accountability and its ultimate or any intermediate parent produces consolidated financial statements available for public use that comply with IFRS Accounting Standards.

IFRS 19 is optional for subsidiaries that are eligible and sets out the disclosure requirements for subsidiaries that elect to apply it.

An entity is only permitted to apply IFRS 19 if, at the end of the reporting period:  $\frac{1}{2}$ 

- it is a subsidiary (this includes an intermediate parent)
- it does not have public accountability, and
- its ultimate or any intermediate parent produces consolidated financial statements available for public use that comply with IFRS Accounting Standards.

A subsidiary has public accountability if:

- its debt or equity instruments are traded in a public market or it is in the process of issuing such instruments for trading in a public market (a domestic or foreign stock exchange or an over-the-counter market, including local and regional markets), or
- it holds assets in a fiduciary capacity for a broad group of outsiders as one of its primary businesses (for example, banks, credit unions, insurance entities, securities brokers/dealers, mutual funds and investment banks often meet this second criterion).

Eligible entities can apply IFRS 19 in their consolidated, separate or individual financial statements. An eligible intermediate parent that does not apply IFRS 19 in its consolidated financial statement may do so in its separate financial statements.

The new standard is effective for reporting periods beginning on or after 1 January 2027 with earlier application permitted. If an entity elects to apply IFRS 19 for a reporting period earlier than the reporting period in which it first applies IFRS 18, it is required to apply a modified set of disclosure requirements set out in an appendix to IFRS 19. If an entity elects to apply IFRS 19 for an annual reporting period before it applied the amendments to IAS 21, it is not required to apply the disclosure requirements in IFRS 19 with regard to Lack of Exchangeability.

The Group does not anticipate that IFRS 19 will be applied for purposes of the consolidated financial statements of the group.

#### (c) Basis of consolidation

#### (i) Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has power or control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to use its power over the entity to affect the amount of the entity's return. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases. In the separate financial statement, investment in subsidiaries is measured at cost less accumulated impairments. Investment in subsidiary is impaired when its recoverable amount is lower than its carrying value. The Group considers all facts and circumstances', including the size of the Group's voting rights relative to the size and dispersion of other vote holders in the determination of control.

#### Step acquisition

If the acquirer increases an existing equity interest so as to achieve control of the acquiree, the previously held equity interest is remeasured at acquisition-date fair value and any resulting gain or loss is recognised in profit or loss.

#### Contingent consideration

Among the items recognised will be the acquisition-date fair value of contingent consideration. Changes to contingent consideration resulting from events after the acquisition date are recognised in profit or loss

#### Non Controlling Interest (NCI)

The acquirer can elect to measure the components of NCI in the acquiree

- that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in liquidation either at fair value, or
- at the NCI's proportionate share of the net assets.

Acquisition-related costs are expensed as incurred. The excess of the consideration transferred, the amount of any controlling interest in the acquiree, and the acquisition date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If the total of consideration transferred, non-controlling interest recognised and previously held interest is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the profit or loss statement.

Inter-company transactions, amounts, balances and income and expenses on transactions between Group companies are eliminated. Profits and losses resulting from transactions that are recognised in assets are also eliminated. Accounting policies and amounts of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

#### (ii) Disposal of subsidiaries

When the Company ceases to have control, any retained interest in the entity is re-measured to its fair value at the date when control is lost, with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Company had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

#### (iii) Investment in Associates

Associates are all entities over which the Company has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting. Under the equity method, the investment is initially recognised at cost, and the carrying amount is increased or decreased to recognise the investor's share of the change in the associate's net assets after the date of acquisition. The Group's investment in associates includes goodwill identified on acquisition.

If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income is reclassified to profit or loss where appropriate.

The Group's share of post-acquisition profit or loss is recognised in the profit or loss statement, and its share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income with a corresponding adjustment to the carrying amount of the investment. When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate.

The Group and Company determines at each reporting date whether there is any objective evidence that the investment in the associate is impaired. If this is the case, the group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognises the amount adjacent to 'share of profit/(loss) and other comprehensive income of associates in the statement of profit or loss and other comprehensive income.

Profits and losses resulting from upstream and downstream transactions between the Group and its associate are recognised in the Group's financial statements only to the extent of unrelated investor's interests in the associates. Unrealised losses are eliminated unless the transaction provides evidence of an impairment of the asset transferred. Dilution gains and losses arising in investments in associates are recognised in the statement of profit or loss.

In the separate financial statements of the Company, Investment in associates are measured at cost less impairment. Investment in associate is impaired when its recoverable amount is lower than its carrying value.

COMPANY OVERVIEW CORPORATE GOVERNANCE REPORT DIRECTOR'S REPORT FINANCIAL STATEMENTS

## NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS CONT'D.

#### (iv) Foreign currency translation

These consolidated and seperate financial statements are presented in Nigerian Naira. The Group's functional currency is United State Dollars. Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency').

#### (v) Transactions and balances in Group entities

Foreign currency transactions are translated into the functional currency of the respective entity using the exchange rates prevailing on the dates of the transactions or the date of valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of profit or loss. Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the statement of profit or loss as unrealised gain / (losses) within other income / (loss) income.

All other foreign exchange gains and losses are presented in the profit or loss statement within 'other (losses)/gains – net'. Changes in the fair value of monetary securities denominated in foreign currency classified as available for sale are analysed between translation differences resulting from changes in the amortised cost of the security and other changes in the carrying amount of the security. Translation differences related to changes in amortised cost are recognised in profit or loss, and other changes in carrying amount are recognised in other comprehensive income. Translation differences on non-monetary financial assets and liabilities such as equities held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss. Translation differences on non-monetary financial assets, such as equities classified as fair value through OCI, are included in other comprehensive income.

#### (vi) Consolidation of Group entities

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities for each statement of financial position items presented, are translated at the closing rate at the reporting date;
- income and expenses for each profit or loss statement are translated at average exchange rate (unless this is not a reasonable approximation of the culmulative effect of the rates prevaling on the transaction dates, in which case, income and expenses are translated at the dates of the transactions!
- all resulting exchange differences are recognised in other comprehensive income.

#### (d) Interests in joint arrangements

IFRS defines joint control as the contractually agreed sharing of control over an economic activity, and this exists only when the strategic financial and operating decisions relating to the activity require the unanimous consent of the parties sharing control (the "venturers").

A joint operation (JO) involves joint control and often joint ownership by the Group and other venturers of assets contributed to, or acquired for the purpose of, the joint venture, without the formation of a corporation, partnership or other entity.

A joint operator accounts for the assets, liabilities, revenues and expenses relating to its interest in a joint operation in accordance with the IFRS Accounting Standards applicable to the particular asset, liability, revenue and expense. The acquisition of an interest in a joint operation in which the activity constitutes a business should be accounted for using the principles of IFRS 3.

When joint control ceases to exist, The Group determines which entity controls the investment and accounts for the investment in accordance to IFRS 10. Where control ceases entirely, the investment is accounted for in line with IAS 39 or IAS 28.

Where goodwill forms part of a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative values of the operation disposed of and the portion of the cash-generating unit retained.

#### (e) Oil and natural gas exploration, evaluation and development expenditure

Oil and natural gas exploration, evaluation and development expenditure is accounted for using the "successful efforts method of accounting". Costs incurred prior to obtaining legal rights to explore are expensed immediately to the statement of profit or loss.

#### (i) Pre-licence costs

Pre-licence costs are expensed in the period in which they are incurred.

#### (ii) Licence and property acquisition costs

Exploration licence and leasehold property acquisition costs are capitalised within intangible assets and are reviewed at each reporting date to confirm that there is no indication that the carrying amount exceeds the recoverable amount. This review includes confirming that exploration drilling is still under way or firmly planned, or that it has been determined, or work is under way to determine, that the discovery is economically viable based on a range of technical and commercial considerations and sufficient progress is being made on establishing development plans and timing.

If no future activity is planned, the carrying value of the licence and property acquisition costs is written off through profit or loss. Upon recognition of proved reserves and internal approval for development, the relevant expenditure is transferred to oil and gas properties.

#### (iii) Exploration and evaluation costs

Exploration and evaluation activity involves the search for mineral resources, the determination of technical feasibility and the assessment of commercial viability of an identified resource.

Licence costs paid in connection with a right to explore in an existing exploration area are capitalised and amortised over the term of the permit.

Once the legal right to explore has been acquired, costs directly associated with an exploration well are capitalised as exploration and evaluation intangible assets until the drilling of the well is complete and the results have been evaluated. These costs include directly attributable employee remuneration, materials and fuel used, rig costs and payments made to contractors.

Geological and geophysical costs are recognised in profit or loss as incurred.

If no potentially commercial hydrocarbons are discovered, the exploration asset is written off as a dry hole. If extractable hydrocarbons are found and, subject to further appraisal activity (e.g., the drilling of additional wells), are likely to be capable of being commercially developed, the costs continue to be carried as an intangible asset while sufficient/continued progress is made in assessing the commerciality of the hydrocarbons. Costs directly associated with appraisal activity undertaken to determine the size, characteristics and commercial potential of a reservoir following the initial discovery of hydrocarbons, including the costs of appraisal wells where hydrocarbons were not found, are initially capitalised as an intangible asset.

All such capitalised costs are subject to technical, commercial and Management review as well as review for indicators of impairment at least once a year. This is to confirm the continued intent to develop or otherwise extract value from the discovery. When this is no longer the case, the costs are written off to profit or loss.

When proved reserves of oil and natural gas are identified and development is sanctioned by Management, the relevant capitalised expenditure is first assessed for impairment and (if required) any impairment loss is recognised, then the remaining balance is transferred to oil and gas properties. No amortisation is charged during the exploration and evaluation phase.

For exchanges or parts of exchanges that involve only exploration and evaluation assets, the exchange is accounted for at the carrying value of the asset given up and no gain or loss is recognized.

#### (iv) Development costs

Expenditure on the construction, installation or completion of infrastructure facilities such as platforms, pipelines and the drilling of development wells, including unsuccessful development or delineation wells, is capitalised within oil and gas properties.

#### (f) Property, plant and equipment (including Oil and gas properties).

#### (i) Initial recognition

Oil and gas properties and other property, plant and equipment are stated at cost, less accumulated depreciation and accumulated impairment losses, excluding land.

The initial cost of an asset comprises its purchase price or construction cost, any costs directly attributable to bringing the asset into operation, the initial estimate of the decommissioning obligation, and for qualifying assets (where applicable), borrowing costs. The purchase price or construction cost is the aggregate amount paid and the fair value of any other consideration given to acquire the asset. The capitalised value of a lease is also included within property, plant and equipment.

When a development project moves into the production stage, the capitalisation of certain construction/development costs ceases and costs are either regarded as part of the cost of inventory or expensed, except for costs which qualify for capitalisation relating to oil and gas property asset additions, improvements or new developments.

#### (ii) Depreciation/amortisation

Oil and gas properties are depreciated/amortised on a unit-of-production basis over the total proved plus probable (2P) reserves of the field concerned, except in the case of assets whose useful life is shorter than the lifetime of the field, in which case the straight-line method is applied. Rights and concessions are depleted on the unit-of-production basis over the total proved developed and undeveloped reserves of the relevant area. The unit-of-production rate calculation for the depreciation/amortisation of field development costs takes into account expenditures incurred to date, together with sanctioned future development expenditure.

Other property, plant and equipment (excluding land) are generally depreciated on a straight-line basis over their estimated useful lives. Property, plant and equipment held under lease are depreciated over the shorter of lease term and estimated useful life.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in "other income" in profit or loss when the asset is derecognised.

The asset's residual values, useful lives and methods of depreciation/amortisation are reviewed at each reporting period, and adjusted prospectively if necessary

#### Useful lives

The useful lives of the assets are estimated as follows:

Asset Useful life
Buildings 25 years
Plant and machinery 4 - 50 years
Office equipment 4 years
Furniture and Fittings 4 years
Motor vehicles 4 years
Gas Plant 40 years

Project equipment and civil works are depreciated using the unit of production method.

Assets under Construction (AUC) are not depreciated. Ongoing projects, drilling campaigns, and facilities projects are aggregated under AUC and settled in the relevant class of property, plant and equipment when the project is completed and the asset is available for use.

#### (iii) Disposa

The proceeds on disposal of an item of property, plant and equipment or an intangible asset is recognised initially at its fair value by the Group. However, if payment for the item is deferred, the consideration received is recognised initially at the cash price equivalent. The difference between the nominal amount of the consideration and the cash price equivalent is recognised as interest revenue. Any part of the consideration that is receivable in the form of cash is treated as a definition of a financial asset and is accounted for at amortised cost.

COMPANY OVERVIEW CORPORATE GOVERNANCE REPORT DIRECTOR'S REPORT FINANCIAL STATEMENTS

### NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS CONT'D.

#### (iv) Major maintenance, inspection and repairs

Expenditure on major maintenance refits, inspections or repairs comprises the cost of replacement assets or parts of assets, inspection costs and overhaul costs. Where an asset or part of an asset, that was separately depreciated and is now written off, is replaced and it is probable that future economic benefits associated with the item will flow to the Group, the expenditure is capitalised. Where part of the asset replaced was not separately considered as a component and therefore not depreciated separately, the replacement value is used to estimate the carrying amount of the replaced asset(s) which is immediately written off. Inspection costs associated with major maintenance programmes are capitalised and amortised over the period to the next inspection. All other day-to-day repairs and maintenance costs are expensed as incurred.

#### (g) Intangible assets

#### Intangible assets include software and licence

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation (calculated on a straight line basis over their useful lives) and accumulated impairment losses, if any. Sofware and Licenses are amortised over 4 years.

Internally generated intangible assets (especially for research), excluding capitalised development costs, are not capitalised. Instead the related expenditure is recognised in profit or loss in the year in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life is reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in profit or loss in the expense category consistent with the function of the intangible assets.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is derecognised.

#### (h) Impairment of non-financial assets (excluding goodwill and indefinite life intangibles)

The Group assesses at each reporting date whether there is an indication that an asset (or cash-generating unit (CGU)) may be impaired. If any indication exists, or when annual impairment testing for an asset is required, The Group estimates the asset's or CGU's recoverable amount. Recoverable amount is the higher of an asset's or CGU's fair value less costs to sell and value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Groups of assets, in which case, the asset is tested as part of a larger CGU to it belongs.

Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset/CGU is considered impaired and is written down to its recoverable amount. In calculating value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset/CGU. In determining fair value less costs to sell, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecasts which are prepared separately for each of The Group's CGUs to which the individual assets are allocated. These budgets and forecasts generally cover the period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flow after the fifth year.

Impairment losses of continuing operations, including impairment of inventories, are recognised in profit or loss in those expense categories consistent with the function of the impaired asset, except for property previously revalued where the revaluation was taken to other comprehensive income. In this case, the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

For assets/CGUs excluding goodwill, an assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, The Group estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's / CGU's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset / CGU does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset/CGU in prior years. Such a reversal is recognised in profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase and is recognised through other comprehensive income.

#### (i) Financial assets

#### (i) Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and The Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which The Group has applied the practical expedient, The Group initially measures a financial asset at its fair value plus – in the case of a financial asset not at fair value through profit or loss – transaction costs. Trade receivables that do not contain a significant financing component or for which The Group has applied the practical expedient are measured at the transaction price determined under IFRS 15. Refer to the accounting policies in section (e) Revenue from contracts with customers.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely

payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that The Group commits to purchase or sell the asset.

#### ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Financial assets at amortised cost (debt instruments)
- Financial assets at fair value through profit or loss
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)

#### Financial assets at amortised cost (debt instruments)

This category is the most relevant to The Group. The Group measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Group's financial assets at amortised cost includes trade and other receivables, and corporate bonds.

#### Financial assets designated at fair value through OCI (equity instruments)

Upon initial recognition, The Group can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation, and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as other income in the statement of profit or loss when the right of payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

#### Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in the statement of profit or loss.

This category includes unquoted equity securities which the Group had not irrevocably elected to classify at fair value through OCI. Dividends on unquoted equity securities are also recognised as other income in the statement of profit or loss when the right of payment has been established.

#### Interest income

For all financial instruments measured at amortised cost and interest-bearing financial assets classified as available for sale, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset or liability.

Interest income is included in finance income in profit or loss.

#### Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from The Group's statement of financial position) when:

- The rights to receive cash flows from the asset have expired or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement: and either (a) The Group has transferred substantially all the risks and rewards of the asset, or (b) The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, The Group continues to recognise the transferred asset to the extent of its continuing involvement. In that case, The Group also recognises an associated liability.

COMPANY OVERVIEW CORPORATE GOVERNANCE REPORT DIRECTOR'S REPORT FINANCIAL STATEMENTS

### NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS CONT'D.

The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that The Group could be required to repay.

#### Impairment of financial assets

The Group recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that The Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

For trade receivables and contract assets, The Group applies a simplified approach in calculating ECLs. Therefore, The Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment using the loss rate model.

The Group considers a financial asset in default when contractual payments are 45 days past due. However, in certain cases, The Group may also consider a financial asset to be in default when internal or external information indicates that The Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group.

A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows based on the available information. The decision to write-off is determined based on management's estimate of expected cash recoveries after considering the historical pattern of the receivable.

#### (j) Financial liabilities, excluding derivative financial instruments, and equity instruments

#### (i) Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include borrowings, trade and other payables.

#### (ii) Subsequent measurement

The measurement of financial liabilities depends on their classification as described below.

#### Amortised Cost

This is the category most relevant to the Group. After initial recognition, trade and other payables, and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

#### (iii) Derecognition

A financial liability is derecognised when the associated obligation is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

#### (k) Derivative financial instruments

The Group uses derivative financial instruments such as put option to hedge against its oil price risk. The Group entered an economic crude oil hedge contract to insure the Group's revenue against adverse oil price movement. At the inception of the hedge relationship, the Group initially recognised the hedge at fair value on the date the contract is entered and subsequently remeasured to their fair value at the end of each reporting period. Any gains or losses arising from changes in the fair value of the hedge are recognised within operating profit in profit or loss for the period.

The company has elected not to account for the derivative under hedge accounting.

#### (I) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### (m) Cash and Cash equivalents

Cash and cash equivalents in the statement of financial position comprise cash at banks and at hand and short term deposits with an original maturity of three months or less, but exclude any restricted cash which is not available for use by the Group and not under the control of the Group, therefore is not considered highly liquid.

#### (n) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a) In the principal market for the asset or liability OR
- b) In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis,

The Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

#### (o) Inventories

Inventories are stated at the lower of cost and net realisable value. The cost of producing and refining crude oil is accounted for on a weighted average basis. Inventory include crude, refined products and spares/consumables.

Net realisable value of crude oil and refined products is based on the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Cost includes all costs incurred in the normal course of business in bringing each product to its present location and condition. The cost of crude oil and refined products is the purchase cost, cost of refining, including the appropriate proportion of depreciation, depletion and amortisation and overheads based on normal capacity.

#### (p) Provisions

#### (i) General

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Group expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain, and it is then measured at the lower of the related provision or fair value of the reimbursement. The expense relating to any provision is presented in profit or loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost in profit or loss.

#### (ii) Decommissioning liability

The Group recognises a decommissioning liability when it has a present legal or constructive obligation as a result of past events, and it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount of obligation can be made.

The obligation generally arises when the asset is installed or the ground/environment is disturbed at the field location. When the liability is initially recognised, the present value of the estimated costs is capitalised by increasing the carrying amount of the related oil and gas assets to the extent that it was incurred by the development/construction of the field. Any decommissioning obligations that arise through the production of inventory are expensed as incurred.

Changes in the estimated timing of decommissioning or decommissioning cost estimates are dealt with prospectively by recording an adjustment to the provision, and a corresponding adjustment to property, plant and equipment, in line with IFRIC 1.

Any reduction in the decommissioning liability and, therefore, any deduction from the asset to which it relates, shall not exceed the carrying amount of that asset. If it does, any excess over the carrying value is taken immediately to profit or loss.

COMPANY OVERVIEW CORPORATE GOVERNANCE REPORT DIRECTOR'S REPORT FINANCIAL STATEMENTS

### NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS CONT'D.

If the change in estimate results in an increase in the decommissioning liability and, therefore, an addition to the carrying value of the asset, The Group considers whether this is an indication of impairment of the asset as a whole, and if so, tests for impairment in accordance with IAS 36. If, for mature fields, the revised oil and gas assets net of decommissioning provisions exceeds the recoverable value, that portion of the increase is charged directly to expense.

Over time, the discounted liability is increased for the change in present value based on the discount rate that reflects current market assessments and the risks specific to the liability. The periodic unwinding of the discount is recognised in profit or loss as a finance cost.

The Group recognises the deferred tax asset regarding the temporary difference on the decommissioning liability and the corresponding deferred tax liability regarding the temporary difference on a decommissioning asset.

#### (q) Income taxation

The tax expense for the period comprises current and deferred tax. Tax is recognised in the profit or loss statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

#### (i) Current income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the reporting date in the countries where The Group and its subsidiary operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

#### (ii) Deferred tax

Deferred tax is recognised, using the temporary difference approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill; deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred taxes assets and liabilities relate to income taxes levied by the same taxation authority where there is an intention to settle the balances on a net basis.

#### (iii) Royalties, resource rent tax and revenue-based taxes

In addition to corporate income taxes, The Group's financial statements also include and recognize as taxes on income, other types of taxes on net income which are calculated based on oil and gas production.

Royalties, resource rent taxes and revenue-based taxes are accounted for under IAS 12 when they have the characteristics of an income tax. This is considered to be the case when they are imposed under government authority and the amount payable is based on taxable income – rather than based on quantity produced or as a percentage of revenue – after adjustment for temporary differences. For such arrangements, current and deferred income tax is provided on the same basis as described above for other forms of income tax.

Obligations arising from royalty arrangements and other types of taxes, that do not satisfy these criteria, are recognised as current provisions and included in cost of sales. The revenue taxes payable by Aradel Holdings Plc do not meet the criteria for IAS 12 and are thus recognised as part of cost of sales.

#### (iv) Sales tax

Revenues, expenses and assets are recognised net of the amount of sales tax except:

- Where the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable.
- Receivables and payables that are stated with the amount of sales tax included.

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

#### (r) Revenue recognition

Revenue is measured based on the consideration to which the group expects to be entitled in a contract with a customer and excludes amounts collected on behalf of third parties. The Group recognises revenue when it transfers control of a product or service to a customer.

The Group has applied IFRS 15 practical expedient to a portfolio of contracts (or performance obligations) with similar characteristics since the Group reasonably expects that the accounting result will not be materially different from the result of applying the standard to the individual contracts. The Group has been able to take a reasonable approach to determine the portfolios that would be representative of its types of customers and business lines. This has been used to categorise the different revenue stream detailed below.

The disclosures of significant accounting judgements, estimates and assumptions relating to revenue from contracts with customers are provided in another section.

#### Sale of crude oil

Revenue from the sale of oil and petroleum products is recognized when control of the product has been transferred to the customer. This generally occurs when the product is physically transferred into a vessel, pipe or other delivery mechanism to the customer.

The Group considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated (if any). In determining the transaction price for the sale of crude oil, the entity considers the existence of significant financing components and consideration payable to the customer (if any).

#### Significant financing component

Using the practical expedient in IFRS 15, the entity does not adjust the promised amount of consideration for the effects of a significant financing component since it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

#### Contract balances

#### Trade receivables

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

#### Sale of Gas

The Group provides gas processing, marketing and transportation services. The Group recognises revenue from gas sale when control of the product has been transferred to the buyer. This generally occurs when the gas have been delivered at the buyer's delivery point for gas.

#### Sale of Refined Products

Revenue from the sale of refined products is recognized when control of the product has been transferred to the customer/distributor. This generally occurs when the product is lifted by the customer/distributor. The Group considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated (if any). In determining the transaction price for the sale of diesel, the entity considers the existence of significant financing components and consideration payable to the customer (if any). There are no credit terms for the sale of refined products as the Group receives upfront payment (downpayment) for the refined products before they are lifted by the customer/distributor.

#### Consideration payable to a customer

Consideration payable to a customer includes penalties that the Group expects to pay to its customer if it does not deliver the Adjusted Annual Contract Quantity or delivers off-specification gas. The consideration payable to a customer is accounted for as a reduction of the transaction unless the payment to the customer is in exchange for a distinct good or service that the customer transfers to the Group.

The Group recognise the reduction of revenue when (or as) the following events occur:

- the entity recognises revenue for the transfer of the related goods or services to the customer; and
- the entity pays or promises to pay the consideration (even if the payment is conditional on a future event). That promise might be implied by the entity's customary business practices.

#### (s) Cost of sales

Cost of sales includes the cost of crude oil, gas inventory, refined products inventory (depreciation and amortization), costs related to transportation, operational and maintenance cost, royalty and other statutory cost, and inventory write downs.

#### (t) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. To the extent that variable rate borrowings are used to finance a qualifying asset and are hedged in an effective cash flow hedge of interest rate risk, the effective portion of the derivative is recognised in other comprehensive income and reclassified to profit or loss when the qualifying asset impacts profit or loss. To the extent that fixed rate borrowings are used to finance a qualifying asset and are hedged in an effective fair value hedge of interest rate risk, the capitalised borrowing costs reflect the hedged interest rate. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

#### (u) Finance income and costs

#### Finance income

Finance income is recorded in the statement of profit or loss as it accrues, utilizing the effective interest rate (EIR). This rate precisely discounts estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, if applicable, to the amortized cost of the financial instrument. The calculation of finance income considers all contractual terms of the financial instrument, along with any fees or incremental costs directly related to the instrument and forming an integral part of the effective interest rate (EIR), excluding future credit losses.

COMPANY OVERVIEW CORPORATE GOVERNANCE REPORT DIRECTOR'S REPORT FINANCIAL STATEMENTS

### NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS CONT'D.

#### Finance cost

Finance costs includes borrowing costs, interest expense calculated using the effective interest rate method, finance charges in respect of lease liabilities, the unwinding of the effect of discounting provisions, and the amortisation of discounts and premiums on debt instruments that are liabilities.

#### (v) Employee benefits

#### i. Retirement benefit liabilities

The Group currently has only defined contribution plans. Its defined benefits plan was discontinued in 2016. A defined contribution plan is a pension plan under which the Group pays fixed contributions into a separate entity. The Group has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

The Group pays contributions to publicly or privately administered pension insurance plans on a mandatory, contractual or voluntary basis in accordance with the Pension Reform Act 2014.

The employer contributes 10% while the employee contributes 8% of the qualifying employee's salary.

The Group has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due.

#### ii. Short-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

#### iii. Share based payment

The Group operates a cash-settled share-based payment. The payout of the cash-settled share based payment is determined by reference to the group's share value or overall performance, a liability is recognized for the services acquired, initially measured at the fair value of this liability. At each reporting date until the compensation is paid, an amount representing the current value of this liability shall be accrued in the accrued liability account. This accrual in each year reflects the value of the participating employees' services received during that period.

#### (w) Share capital

Any consideration received, net of directly attributable transaction costs, is accounted for in equity. The issued share capital is initially translated at the prevailing exchange rate on the transaction date and is not retranslated thereafter.

#### (x) Earnings per share (EPS) and Dividend distribution

Basic EPS is calculated on the Group's profit or loss after taxation attributable to the parent entity and on the basis of weighted average of issued and fully paid Ordinary Shares at the end of the year.

Diluted EPS is calculated by dividing the profit or loss after taxation attributable to the parent entity by the weighted average number of Ordinary Shares outstanding during the year plus the weighted average number of Ordinary Shares that would be issued on conversion of all the dilutive potential Ordinary Shares (after adjusting for outstanding share awards arising from the share-based payment scheme) into Ordinary Shares.

Dividend payment or payable is recognised when the Group becomes liable to make payment of dividend, which is generally when share holders approve the dividend at the annual general meeting. Proposed dividends on ordinary shares are not recognised as liability.

#### (y) Current versus non-current classification

The Group presents assets and liabilities in the statement of financial position based on current/non-current classification. An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle
- Held primarily for the purpose of trading
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period
- It does not have the right at the end of the reporting period to defer settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

#### 2.1 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the Group's financial statements in conformity with IFRS requires Management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Estimates and assumptions are continuously evaluated and are based on Management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, actual outcomes can differ from these estimates if different assumptions were used and different conditions existed.

In particular, the Group has identified the following areas where significant judgments, estimates and assumptions are required, and where if actual results were to differ, may materially affect the financial position or financial results reported in future periods. Further information on each of these and how they impact the various accounting policies are described in the relevant notes to the financial statements.

#### i. Hydrocarbon reserve and resource estimates

Oil and gas production properties are depreciated on units of production (UOP) basis at a rate calculated by reference to total proved and probable (2P)

reserves determined in accordance with Society of Petroleum Engineers rules and incorporating the estimated future cost of developing those reserves. The Group estimates its commercial reserves based on information compiled by appropriately qualified persons relating to the geological and technical data on the size, depth, shape and grade of the hydrocarbon body and suitable production techniques and recovery rates. Commercial reserves are determined using estimates of oil in place, recovery factors and future oil prices, the latter having an impact on the total amount of recoverable reserves and the proportion of the gross reserves which are attributable to the host government under the terms of the Production-Sharing Agreements. Future development costs are estimated using assumptions as to the number of wells required to produce the commercial reserves, the cost of such wells and associated production facilities, and other capital costs.

As the economic assumptions used may change and as additional geological information is produced during the operation of a field, estimates of recoverable reserves may change. Such changes may impact The Group's reported financial position and results which include:

- The carrying value of exploration and evaluation assets, oil and gas properties, property, and plant and equipmentmay be affected due to changes in estimated future cash flows.
- Depreciation and amortisation charges in profit or loss may change where such charges are determined using the units of production method, or where the useful life of the related assets change.
- Provisions for decommissioning may change where changes to the reserve estimates affect expectations about when such activities will occur
  and the associated cost of these activities.
- The recognition and carrying value of deferred income tax assets may change due to changes in the judgements regarding the existence of such assets and in estimates of the likely recovery of such assets.

#### ii. Units of production depletion of oil and gas assets

Oil and gas properties are depreciated using the units of production (UOP) method over total proved and probable (2P) hydrocarbon reserves. This results in a depreciation/amortisation charge proportional to the depletion of the anticipated remaining production from the field.

Each items' life, which is assessed annually, has regard to both its physical life limitations and to present assessments of economically recoverable reserves of the field at which the asset is located. These calculations require the use of estimates and assumptions, including the amount of recoverable reserves and estimates of future capital expenditure. The calculation of the UOP rate of depreciation could be impacted to the extent that actual production in the future is different from current forecast production based on total proved reserves, or future capital expenditure estimates changes.

During the year, a significant estimate was made to the reserve numbers based on updated geological assessments, revised production forecasts, and changes in economic assumptions. These revisions have affected the calculation of the UOP depreciation rate.

Changes to prove reserves could arise due to changes in the factors or assumptions used in estimating reserves, including:

- The effect on proved reserves of differences between actual commodity prices and commodity price assumptions. Or
- Unforeseen operational issues

Changes are accounted for prospectively.

#### iii. Recoverability of oil and gas assets

The Group assesses each asset or cash generating unit (CGU) (excluding goodwill, which is assessed annually regardless of indicators) every reporting period to determine whether any indication of impairment exists.

Where an indicator of impairment exists, a formal estimate of the recoverable amount is made, which is considered to be the higher of the fair value less costs to sell and value in use. These assessments require the use of estimates and assumptions such as long-term oil prices (considering current and historical prices, price trends and related factors), discount rates, operating costs, future capital requirements, decommissioning costs, exploration potential, reserves (see Hydrocarbon reserves and resource estimates above) and operating performance (which includes production and sales volumes). These estimates and assumptions are subject to risk and uncertainty. Therefore, there is a possibility that changes in circumstances will impact these projections, which may impact the recoverable amount of assets and/or CGUs.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value for oil and gas assets is generally determined as the present value of estimated future cash flows arising from the continued use of the assets, which includes estimates such as the cost of future expansion plans and eventual disposal, using assumptions that an independent market participant may take into account. Cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Management has assessed its CGUs as being its operations with respect to Energy business, which is the lowest level for which cash inflows are largely independent of those of other assets.

During the year, the Group performed an annual impairment assessment of its oil and gas assets to determine whether there are indications of impairment. The recoverable amount of each cash-generating unit (CGU) was determined as the higher of its fair value less costs of disposal (FVLCD) and its value in use (VIU). In estimating the recoverable amount, the Group considers forecasts of annual net cash flows over the life of proved plus probable (2P) reserves. These forecasts incorporate production rates, oil and gas price assumptions, future costs, and other relevant inputs based on the year-end Competent Persons Report (CPR).

#### iv. Decommissioning costs

Decommissioning costs will be incurred by the Group at the end of the operating life of some of the Group's facilities and properties. The Group assesses its decommissioning provision at each reporting date. The ultimate decommissioning costs are uncertain and cost estimates can vary in response to many factors, including changes to relevant legal requirements, the emergence of new restoration techniques or experience at other production sites. The expected timing, extent and amount of expenditure can also change, for example in response to changes in reserves or changes in laws and regulations or their interpretation. Therefore, significant estimates and assumptions are made in determining the provision for decommissioning. As a result, there could be significant adjustments to the provisions established which would affect future financial results. The provision at reporting date represents Management's best estimate of the future decommissioning costs required. See note 24.

#### 3. SEGMENT REPORTING

Business segments are based on the Group's internal organisation and management reporting structure. The Group's operations cover four (4) segments-Crude Oil, Gas, Refinery & Investment Properties. Some intersegement transactions were prevalent amongst the reporting segments during the reporting period under consideration, hence the eliminations necessary to achieve proper consolidation. Management remains committed to continuous value creation and accretion of the reserves. The reporting segments of the Group derive their revenues within and outside Nigeria & goods are transferred at a point in time. The segment reports are also in line with the Group's accounting policies. The reportable segments exclude the post-acquisition carrying amount of the investment in associate.

#### 3.1. SEGMENT PROFIT/(LOSS) DISCLOSURE

₩ '000	Crude Oil	Gas	Refined Products	Investment Properties	Total Reportable Segment	Eliminations	Consolidation
31 December 2024							
Revenue	482,711,460	79,487,859	187,663,551	118,374	749,981,244	(168,829,868)	581,151,376

<sup>10.1</sup> Other allowances include staff bonus, medical allowances, outstation allowances, casual wages, ITF & NSITF charges.

#### 10.2 Share based payment

Aradel Plc issued a cash-settled share-based incentive scheme that requires the Group to pay a cash value that is dependent on the excess value on the company's baseline enterprise value (share value) to its Senior/Executive management employees. In accordance with the terms of the plan, as approved by shareholders at the 2024 Annual General Meeting (AGM), Senior/Executive Management employees, subject to at least 3 months of service, excluding those in notice period have been granted a cash-settled shared based payment plan and the value of the potential payment is determined using a performance-based formula. The vesting period is 3 years, from 2024 - 2026, with employees earning full value if they remain with the organisation during the scheme.

Each eligible employee is entitled to an immediate cash payment equivalent to 40% of their compensation, and the balance is held in trust by a 3rd party trustee and will be released upon fulfilment of vesting conditions.

As at the reporting date, \$14.3 billion representing the 60% cash held in trust is expected to be transferred to the trustee and a part payment of \$2.0 billion has been made to the beneficiaries out of the 40% cash-based compensation. The Group recognised total expenses of \$23.8 billion related to the cash-settled share-based payment transactions in 2024 and 2023 (Nil).

#### 11. DEPRECIATION AND AMORTISATION

There were no impairments of Property, Plant, and Equipment during the year. See Note 23 for assets pledged as collateral for borrowings. The capital commitments in respect of PPE expenditures amounts to \$45.3 billion (2023: \$29.3 billion).

The current year reclassification relates to settlement of completed drilling projects from asset under development to project equipment and civil works, while the prior year reclassification relates to settlement of completed drilling projects from asset under development to project equipment, civil works, gas pipeline and intangible assets. The prior year reclassification is nil.

The prior year transfer relates to movement of some assets from asset under development to other receivables (note 19). Subsequent reconciliation with the counter party on the Asset under development yielded a recoverable balance which has now been reclassified to other receivables.

Prior year write off is included in Operational and maintenance expenses (note 5).

Total	43,784,469	4,364,184	18,152,335	4,051,382	

The Group has designated its equity investments as FVOCI on the basis that these are not held for trading. Instead, they are held for medium to long term strategic pruposes. In 2024, the Group received №130.9 million (31 Dec 2023: №74.4 million) from Consolidated Hallmark Insurance Plc; No dividends (31 Dec 2023: Nil) from Dharmattan Gas and Power Ltd; №13.9 million (31 Dec 2023: bonus and right issue of 988,789 shares) from PetroData Management Services Ltd which was recorded in the income statement as other income.

The Group did not dispose of or derecognise any FVOCI equity instruments in 2024 (2023: Nil). Further disclosures on fair value are made in note 32.

In 2024, the Group entered an economic crude oil hedge contract with an average strike price of \$55/bbl for 1,080,000 barrels at an average premium price of \$1.65. The tenor of the hedge is from September 2024 to August 2025.

A fair value reserve gain of financial assets at FVOCI of \$5.7 billion (2023: \$2.2 billion) was recorded in the Group and Company respectively.

#### New Investments

Corporate Bond: Aradel invested in a Federal Government Bond in Q3 2024. The bond tenor is 5yrs and the coupon rate is 9.75%, payable semi-annually.

Deposit for Shares - Renaissance: This represents a part payment for the investment in Renaissance Africa Energy Company Limited, the acquirer of Shell's 100% equity interest in the Shell Petroleum Development Company (SPDC) Limited. The completion of this transaction is subject to meeting conditions precedent and approvals of the Federal Government of Nigeria. When completed, Aradel Group is expected to hold total equity stake of 33.3% (12.5% direct stake and 20.8% through ND Western).

Deposit for shares - Guaranty Trust Holding Company Plc: This represents payment for a stake in GTCO Plc, made in Q3 2024. The shares are expected to be alloted following the completion of the capital vertication exercise by the Central Bank of Nigeria and Securities & Exchange Commission in 2025.

Ever Oil & Gas Depot (Harbourview): Aradel made an investment of №1.1 billion to acquire a 50% equity stake in Ever Oil & Gas Depot, a tankfarm located in Port Harcourt, Rivers State, Nigeria. The total value paid for a new investments acquired during the year amounted to №12.0 billion.

Group's share of profit for the year	31,617,315	3,221,500
Group's share of other comprehensive income	192,112,764	134,479,316

The principal place of business of ND Western is Nigeria and it is accounted for using the equity method. Dividend received from the associate in the year 2024: №4.0Bn (2023: Nil). 41.667% is the holding of the Group in ND Western. Dividend received is net of withholding tax.

Share of other comprehensive income represents the exchange difference arising from the translation of ND Western Limited results and financial position into the presentation currency.

As at 31 December 2024, ND Western reported a capital commitment balance of №331.6Bn ( 2023: №97.13Bn).

#### 17. DEFERRED TAXATION

The analysis of deferred tax assets and deferred tax liabilities is as follows:

Deferred Tax Liabilities	THE GROUP		THE COMPANY	
<b>¼</b> '000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23
Accelerated depreciation and amortisation	52,467,066	15,383,043	-	-
Decommissioning liabilities	884,618	3,003,438	-	-
Total	53,351,684	18,386,481	-	-
Deferred taxation				
At start of year	18,386,481	(12,759,803)	-	-
Income statement credit	21,168,302	44,003,555		
Translation difference	13,796,901	(12,857,271)	-	-
Net deferred tax liabilities/(assets) at end of year	53,351,684	18,386,481	-	-

The analysis of deferred tax assets and deferred tax liabilities is as follows contd.:

Deferred Tax Liabilities	THE GROUP		GROUP THE COMPANY	
∜ '000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23
Reflected in the statement of financial position as:				
Deferred tax liabilities	53,351,684	18,386,481	-	-
Net deferred tax liabilities	53,351,684	18,386,481	-	-

Deferred taxes are recoverable in more than one year.

The company has unrecognised deferred tax asset of ₹7.3 billion (2023: ₹1.2 billion) because it is not probable that future taxable profit will be available.

# 18. INVENTORIES

	TH	E GROUP	THE	THE COMPANY		
<b>%</b> '000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23		
Crude Oil	22,024,124	3,196,572	-	-		
Refined products	5,815,021	5,093,707	-	-		
Materials	19,063,107	7,682,965	-	-		
Total	46,902,252	15,973,244	-	-		

There were no write-downs of inventory during the year and all inventory balances are current in nature. Inventory balances will be turned over within 12 months after the financial year. The inventory charged to Cost of sales during the year amounted to N5.4 billion (2023: N1.4 billion).

The net movement in the value of inventory in the tank through out the year is reflective in stock adjustments (note 5).

# 19. TRADE AND OTHER RECEIVABLES

	TH	IE GROUP	THE	THE COMPANY		
₩ '000	31-Dec-24	31-Dec-24 31-Dec-23		31-Dec-23		
Trade receivables	67,100,029	51,470,892	-	-		
Other receivables	1,733,940	2,091,432	953,799	2,471,272		
Related party receivables (Note 35)	-	-	189,536,578	59,770,922		
	68,833,969	53,562,324	190,490,377	62,242,194		
Allowance for expected credit losses	(80,716)	(39,247)	-	-		
	68,753,253	53,523,077	190,490,377	62,242,194		

Set out below is the movement in the allowance for expected credit losses of trade and other receivables:

	THE	GROUP	THE	COMPANY
<b>₩</b> '000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23
As at 1 January	39,247	89,337	-	-
Impairment charge/(write back) on financial assets	13,221	(64,201)	-	
Translation difference	28,248	14,111	-	-
As at 31 December	80,716	39,247	-	-

Trade receivables are non-interest bearing and are generally on 30-90 day terms.

Other receivables relates principally to receivables from South Sudan. They settled a total of \$1.8 billion in 2024.

The charge of allowance for expected credit losses on trade and related party receivables is \$13.2 million (Group) and Nil for Company (31 Dec 2023: Reversal \$64.2m - Group & Nil for Company). The charge of expected credit losses arose from reassessment.

The Company had no expected credit loss provision as majority of the related party receivables relates to dividend. This is payable to the parent entity by its subsidiaries.

# 20. PREPAYMENTS

	Т	HE GROUP	THE	THE COMPANY	
∜ '000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23

### Participating Investment Notes (Petre IPINs)

On 9th May 2003, by a Share Purchase Agreement ("SPA"), Aradel Holdings acquired all the shares of Aradel Energy Limited of which the net consideration was paid to the then existing shareholders by issuing ordinary shares in Aradel Holdings of a total value of US\$ 2,113,738 at an agreed price of of US\$ 0.30 per share and the issue of Irredemable Participating Investment Notes of \$ 1.00 each to a value of US\$ 2,113,738 at an agreed price of \$1.00 per note. They are entitled to cashflow distributions.

#### Guaranty Trust Bank Plc (GTB)

GT Bank loans comprise 2 facilities: out of a US\$120million facility, a drawn amount of US\$84million and US\$10million which were secured in 2022 and 2023 respectively. The loans are repayable every quarter, starting from January 2023 (for the earliest facility) to August 2027 (for the most recent facility). The loans are secured by: all assets debenture on fixed and floating assets in the Ogbele Field; floating charge on the crude oil produced from the acreage operated by in OML 54, assignment and domiciliation of crude oil sales proceeds to GTB; charge over collection accounts and a corporate guarantee of Aradel Holdings Plc. for the full facility amount and interest thereon. Interest is payable at 11% per annum (Effective Interest Rate: 13.68% and 11.15%). The outstanding amount on the loan is US\$31.9million.

# Bank of Industry Ltd (BOI)

BOI loan also represents an additional \$10million facility from the Bank of Industry, obtained in February 2021. It is repayable monthly, over 5 years. It is secured by a Bank Guarantee from First City Monument Bank (FCMB). Interest is payable at 8% per annum (Effective Interest Rate: 6.81%). The outstanding amount on the loan US\$3.0million.

### N10B Series I Bond

Aradel Holdings Plc secured a \$10 billion Bond Issue in December 2022, part of a \$20 billion bond series. The proceeds from this issuance are being deployed to finance essential NGN-denominated projects. The Bond Issue witnessed a 3.18% oversubscription, and proceeds were received by the Company in January 2023. The Bond is repayable bi-annualy, starting from July 2025 to January 2028. A 2-years moratorium was granted on principal payments which will lapse in January 2025. Interest is payable at 17% per annum (Effective Interest Rate: 16.99%). The outstanding amount on the bond is \$10.3billion.

# Loan from related party

The Loan from related party represents advances from ND Western Limited an Associate. The loans partly funded the investment deposit in respect of the Shell Petroleum Development Company aquisition through the Renaissance SPV. This is a short term facility, payable at an interest rate of 15%.

The exposure of the Company's borrowings to interest rate changes and the contractual repricing dates at the end of the reporting period are as follows:

Balance at 31 December 2024	36,940,108	-

The Group makes full provision for the future cost of decommissioning oil & gas production facilities, refining facilities and pipelines on a discounted basis. The decommissioning provision represents the present value of decommissioning costs relating to these assets, which are expected to be incurred up to 2057. These provisions have been created based on the Group's internal estimates. Assumptions based on the current economic environment have been made which Management believes are a reasonable basis upon which to estimate the future liability.

These estimates are reviewed regularly to take into account any material changes to the assumptions. However, actual decommissioning costs will ultimately depend upon future market prices for the necessary decommissioning works required which will reflect market conditions at the relevant time. Furthermore, the timing of decommissioning is likely to depend on when the assets cease to produce at economically viable rates. This, in turn, will depend upon future oil and gas prices, which are inherently uncertain. Changes in estimate arise from the changes to the measurement inputs, which are inflation, discount rate, asset lifespan and cost estimates. The discount rate used in the calculation of the provision as at 31 December 2024 are; Oil 4.58% (31 December 2023: 3.88%), Gas 4.78% (31 December 2023: 4.03%), refining facilities 4.78% (31 December 2023: 4.03%). The inflation rate used in the calculation of the provision as at 31 December 2024 is 2.95% (31 December 2023: 4.14%), based on the US Dollar economic variables. Cost estimates were revised in 2024 to an activity based costing approach; in 2023, 10% of the cost of Oil and Gas assets was used. A reduction in decommissioning provisions is first adjusted against the asset (up to the present value of the liability). Any excess unabsorbed in PPE is released to P or L as provision no longer required.

# 25. CONTRACT LIABILITIES

	THE	GROUP	THE COMPANY		
<b>₩</b> '000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23	
Down payments received	2,780,114	1,771,922	-	-	
	2,780,114	1,771,922	-	-	

A contract liability is an entity's obligation to transfer goods or services to a customer for which the entity has received consideration from the customer. This will exist when an entity has received consideration but has not transferred the related goods or services to the customer. The Group has recognised a liability in relation to contracts with refined products customers for the delivery of refined products which these customers are yet to receive but which cash consideration have been received by the Group as at the end of the reporting period.

For the purchase of refined products, the terms of payments relating to the contract with customers is advance payments. The refinery operates a 7-days sales cycle which includes product evacuation

# 26. TRADE, SHARE BASED PAYMENT AND OTHER PAYABLES

	THE	GROUP	THE	THE COMPANY		
№ '000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23		
Amounts due to related parties (Note 35)	-	-	588,028	11,353,877

	120,852,179	57,076,608	2,222,842	12,123,460		

- Trade payables are non-interest bearing and are normally settled on 30-day terms
- Sundry creditors include IPIN note due, host community payable, accruals, VAT and WHT payable.

- Staff payable represents the balance for a cash-settled based payments that require the entity to pay a cash value that is dependent on the excess value on the entity's baseline enterprise value (share value) to its Senior/Executive management employees. See note 10.2 for more details
- The Directors consider that the carrying amount of trade payables approximates to their fair value.

### 29. COMMITMENTS

As at 31 December 2024, the capital commitments in respect of PPE expenditures amounts to ₹45.3 billion (2023: ₹29.3 billion).

#### 30. CONTINGENCIES

The Group has contingent liabilities in respect of legal suits against Aradel Energy Limited as the operator of the Ogbele oil field. The possible liabilities from these cases amount to \$2,042 billion (2023: \$1,196 billion). These have not been incorporated in these financial statements. The directors on the advice of the Group's solicitors are of the opinion that the Group will not suffer any loss from these claims.

#### 31. TRANSLATION RESERVE

Included in translation reserve are share of other comprehensive income of an associate and foreign currency translation reserve.

#### 32. FAIR VALUE RESERVE

This represents the fair value changes in financial assets measured at fair value through other comprehensive income.

### 33. NON-CONTROLLING INTEREST

Non-Controlling Interests represent the 4.9621% ownership stake in Aradel Refineries Limited held outside the Group. The investment was received as part of the fund-raising efforts for Train 2 & 3 of the refinery.

Name of subsidiary	Principal place of business and place of incorporation	Proportion of ownership interests and voting rights held by non-controlling intrest		Total Comprehensive Income allocated to non-controlling interests for the year		Non-controlling interest

<sup>\*</sup>On September 30th, 2024 the Company redenominated the nominal value of all the existing ordinary shares to Fifty kobo (N0.50) each from Ten Naira (N10.00) each and sub-divided the outstanding ordinary shares to 4,344,844,360 (Four Billion, Three Hundred and Forty Four Million, Eight Hundred and Forty Four Thousand, Three Hundred and Sixty) ordinary shares of Fifty Kobo (N0.50) each from 217,242,218 (Two Hundred and Seventeen Million, Two Hundred and Forty Two Thousand, Two Hundred and Eighteen) ordinary shares of Ten Naira (N10.00) each. The prior year dividend per share has been normalised for comparison.

### 35. RELATED PARTY DISCLOSURES

The consolidated financial statements include the financial statements of Aradel Holdings Plc and the subsidiaries listed in the following table:

	Country of incorporation	% effective equity interest	
		2024	2023
Aradel Energy Limited	Nigeria	100	100
Aradel Gas Limited	Nigeria	100	100
Aradel Investments Limited	Nigeria	100	100
Aradel Refineries Limited	Nigeria	95.04	95.04

Other related parties include ND western Limited, an associate company in which the Group has a 41.667% ownership interest.

The ultimate parent of the Group is Aradel Holdings Plc.

Balances and transactions between the parent company and its subsidiaries, which are related parties, have been eliminated on consolidation and are not disclosed in this note.

The following transactions were carried out with related parties:

### THE GROUP

(a) SALES OF GOODS AND SERVICES		
№'000	2024	2023
Goods – ND Western Limited (Associate)	Nil	Nil
Rendering of services:  – Ultimate parent (legal and administration services)	Nil	Nil
Total	Nil	Nil
(b) PURCHASE OF GOODS AND SERVICES		
Rendering of services:		
ND Western Limited (Borrowings)	24,281,086	Nil
Total	Nil	Nil

Goods and services are bought from associates and an entity controlled by key Management personnel on normal commercial terms and conditions.

# (c) KEY MANAGEMENT

Key management includes: Directors (executive and non-executive), members of the Executive Committee, the Company Secretary and the Head of Internal Audit. The compensation paid or payable to key Management for employee services is shown below:

₩'000	2024	2023
Salaries and other short-term employee benefits	6,449,632	1,544,114
Post-employment benefits	-	-
Total	6,449,632	1,544,114

(d) YEAR-END BALANCES ARISING FROM SALES/PURCHASES OF GOODS/SERVICES		
№000	2024	2023
Payables to related parties		
ND Western Limited	24,281,086	-

The payable relates to Aradels share of the cost of funding initial deposit by ND Western as part of the overall funding carried by ND Western for the investment in Renaissance.

#### 36. FINANCIAL RISK MANAGEMENT

#### Financial risk factors

The Group's activities expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability financial markets and seeks to minimise potential adverse effects on the group's financial performance.

Risk management is carried out by the Group's senior management, under policies approved by the Board of Directors. The Group identifies, evaluates and hedges financial risks in close co-operation with the Group's functional units. The Board provides written principles for overall risk management, as well as written policies covering specific areas, such as foreign exchange risk, interest rate risk, and credit risk, and investment of excess liquidity.

#### (a) Market risk

Market risk is the risk that changes in market prices - such as currency exchange rates and interest rates will affect the Group's income or the value of its financial instruments. The aim of managing market risk is to manage exposures within acceptable parameters, while optimising return.

#### (i) Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to cash and cash equivalents that are denominated in currencies other than the US Dollar. The Group enjoys a natural hedge in it Dollar functional currency.

#### Exposure to currency risk

In managing currency risk, the Group aims to reduce the impact of short-term fluctuations on earnings. Although the Company has various measures to mitigate exposure to foreign exchange rate movement, over the longer term, however, permanent changes in exchange rates would have an impact on profit. The Group and Company monitor the movement in the currency rates on an ongoing basis. In the prior year, the Company and Group's exposure to currency risk was considered immaterial. The Company's main exposure to currency risks as at 31 December 2024 arose from foreign currency denominated balances as follows:

	THE GROU	JP	THE COM	MPANY
₩'000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23
Financial asset				
Cash and cash equivalents	37,248,399	27,916,986	14,596,287	9,617,624
Trade and other receivables	11,939,850	5,868,484	76,750	4,449,458
Financial assets	12,453,227	4,053,222	10,610,843	4,053,222
Financial Liabilities				
Borrowings	(11,138,777)	(11,139,136)	(11,138,777)	(11,139,136)
Trade and other payables	(12,856,152)	(2,921,887)	(3,252,821)	(192,500)
Contract liabilities	(1,897,275)	(1,677,199)	-	
Net exposure	35,749,272	22,100,470	10,892,282	6,788,668

# Sensitivity analysis

A reasonably possible loss of strength of the Naira, as indicated below, against the USD at 31 December would have increased/(decreased) profit by the amount shown below. This analysis is based on foreign currency exchange rate variances that the Company considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variables, in particular interest rates, remain constant.

PROFIT OR LOSS 20 PERCENT STRENGTHENING	THE GRO	)UP	THE CC	DMAPANY
∜'000	2024	2023	2024	2023
31 December	310,886,936	64,485,239	200,358,521	49,002,654

A weakening of the Naira against the above currency at 31 December would have had the equal but opposite effect on the above currency to the amount shown above, on the basis that all other variables remain constant.

The following significant exchange rate was applied during the year:	YEAR END SI	POT RATE
₩'000	2024	2023
	1,535.32	899.39

# (ii) Price risk

The Group is exposed to equity securities price risk because of investments in financial assets (Consolidated Hallmark Investment) held by the Group. However, the Group is also exposed to commodity price risk in form of crude oil inventory. Oil prices are determined by market forces which are beyond the control of the Group. Management is currently examining different strategies for managing this risk as market realities unfold. The sensitivity of the Group's earnings and equity to a change in the price of barrel of oil equivalent in the form of crude oil inventory and equity prices at year end is shown below:

₩'000	Change in year-end price	Change in year-end price 2024	
Barrels of oil equivalents	10%	24,226,536	3,516,229
	-10%	(24,226,536)	(3,516,229)
Refined Products	10%	6,396,523	5,603,078
	-10%	(6,396,523)	(5,603,078)
Equity prices	10%	10,453,110	404,509
	-10%	(10,453,110)	(404,509)

#### Crude Hedge

In 2024, the Group entered an economic crude oil hedge contract with an average strike price of №485,442.6/bbl (\$55/bbl) for 1,129,770 barrels at an average premium price of №4,344.96 (\$2.83) was agreed at the contract dates.

These contracts, which commenced on September 2024, are expected to reduce the volatility attributable to price fluctuations of oil. The Group paid a premium in the current year for 1,129,770 barrels. An unrealized fair value loss of №2.7 billion, have been recognized in 2024. The termination date is 31 August 2025. Hedging the price volatility of forecast oil sales is in accordance with the risk management strategy of the Group.

The maturity of the crude oil hedge contracts the Group holds is shown in the table below:

As at 31 December 2024	Within 12 Months	Total	Fair value
			₩'000
Crude oil hedges Volume (bbl.)	810,000	810,000	496,045
	Change in year-end price		Effect on profit before tax 2023
Increase/decrease in market inputs	10%		49,605
	-10%		(49,605)

# (iii) Cash flow and interest rate risk

Interest rate risk is the risk that the fair value or future cashflows of a financial instrument will fluctuate because of changes in market interest rates. The Group is not exposed to this risk as it does not have a floating interest rate instrument.

### (b) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables), and deposits with banks and financial institutions.

# Exposure to credit risk

	THE GROUP		THE COMPANY	
∜'000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23
Trade and other receivables	68,753,253	53,523,077	190,490,377	62,242,194
Cash and cash equivalents*	422,206,116	194,618,761	74,355,599	23,300,123
Total	490,959,369	248,141,838	264,845,976	85,542,317

<sup>\*</sup>includes cash in hand and restricted cash.

### Trade receivables

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. The Group has adopted a policy of only dealing with creditworthy counterparties, as a means of mitigating the risk of financial loss from defaults. The requirement for impairment is analysed at each reporting date on an individual basis for all customers. The Group evaluates the concentration of risk with respect to trade receivables as medium as customers consists of large and reputable oil and gas companies. The Group's maximum exposure to credit risk for the components of the statement of financial position is its carrying amount.

# Deposits with banks and other financial institutions

Credit risk from balances with banks and financial institutions is managed by the Group's Finance department in accordance with the Group's policy. Surplus funds are spread amongst reputable commercial banks and funds must be within treasury limits assigned to each of the counterparty. Counterparty treasury limits are reviewed by the Group's Finance Director periodically and may be updated throughout the year subject to approval of the Finance Director. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through potential counterparty's failure. The Group's maximum exposure to credit risk for the components of the statement of financial position is its carrying amount.

#### i. Trade receivables

For trade receivables, the Group applied the simplified approach in computing ECL. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses (ECL). The provision rates are based on days past due for groupings of various customer segments with similar loss patterns (i.e., by geographical region, customer type and rating, and coverage by letters of credit or other forms of credit insurance). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Generally, trade receivables are written-off if past due for more than one year and are not subject to enforcement activity. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 17. The Group does not hold collateral as security.

Set out below is the information about the credit risk exposure on the Group's trade and other receivables using a provision matrix:

31 December 2024			
	Gross (₦'000)	Expected Credit Loss (N'000)	ECL rate

Total	47,262,265	59,790	

Movement in the allowance for impairment in respect of trade receivables during the year was as follows:	2024	2023
₩000		
Balance as at 1 January	39,247	89,337
Writeback for expected credit losses	13,221	(64,201)
Translation difference	28,246	14,111
Balance as at 31 December	80,715	39,247

The Group monitors its risk of a shortage of funds using a liquidity planning tool.

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, bank loans, debentures, and preference shares. The Group assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Group has access to a sufficient variety of sources of funding and debt maturing within 12 months can be rolled over with existing lenders.

# (c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in funding its business activities and meeting obligations associated with financial liabilities. The Management monitors and manages liquidity but ultimate responsibility for liquidity risk management rests with the Board of Directors, which has established an appropriate management for the company short, medium and long-term funding and liquidity management requirements. The table below disclose the maturity profile of the company's financial liabilities and those financial assets used for managing liquidity risk.

GROUP			2024		
<b>∜'000</b>	Carrying amount	Contractual cash flows	Less than a year	Between 1 and 2 years	Between 2 and 5 years

# d) Fair Value

The fair values of financial assets and liabilities have been included at the amount at which the instruments can be exchanged, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate fair values;

- Cash and short-term deposits, trade receivables , trade payables and other current liabilities approximate their carrying amounts largely due to the short-term nature of these instruments.
- Long-term borrrowings are evaluated by the Group based on parameters such as interest rates, specific country factors, and risk characteristics of the projects financed. The fair values are based on cash flows discounted using a rate based on the borrowing rate of 11%, 8%, 17%,15% (2023: 11%, 6%/ 9%) for GTB, BOI, Bond and loan from related party.
- Fair value of unlisted equities is based on the dividend discount model.
- Fair value of corporate bonds is based on price quotations at the reporting date.

The following table discloses the fair value measurement hierarchy of the Group's assets and liabilities.

Date of valuation	Total	Level 1 (quoted market price)	Level 2 (observable market inputs)	Level 3 (unobservable market inputs)

There were no transfers between Level 1 and Level 2 during 2024

The following table discloses the fair value measurement hierarchy of the Company's assets and liabilities.

₩'000	Date of valuation	Total	Level 1 (quoted market price)	Level 2 (observable market inputs)	Level 3 (unobservable market inputs)
Assets measured at fair value;					
Unlisted equity securities	2024	57,857	-	-	57,857
Liabilities for which fair values are disclosed;					
Borrowings	2024	11,122,501	-	11,122,501	
Assets measured at fair value;					
Unlisted equity securities	2023	6,295	-	-	6,295
Liabilities for which fair values are disclosed;					
Borrowings	2023	11,133,066	-	11,133,066	-

There were no transfers between Level 1 and Level 2 during 2024

Description of significant unobservable inputs to valuation:

The significant unobservable inputs used in the fair value measurements categorised within Level 3 of the fair value hierarchy, together with a quantitative sensitivity analysis are shown below for Group and Company:

31 December 2024				
₩'000	Valuation technique	Significant unobservable inputs	Rate	Sensitivity of the input to fair value
AFS financial assets in unquoted equity share	Dividend discount model (DDM)	Long-term growth rate for cash flows for subsequent years	11.9%	6% increase /(decrease) in the growth rate would result in an increase/(decrease) in fair value by №22.3m
		Cost of equity capital	34%/24%	2% increase/ (decrease) in the cost of equity capital would result in a decrease/(increase) in fair value by №4.3m
		Discount for lack of market- ability	10%	This is not applicable in this financial year
31 December 2023				
AFS financial assets in unquoted equity shares	Dividend discount model (DDM)	Long-term growth rate for cash flows for subsequent years	-20%	6% increase /(decrease) in the growth rate would result in an increase/(decrease) in fair value by №1.6m
		Cost of equity capital	17%/20%	2% increase/ (decrease) in the cost of equity capital would result in a decrease/(increase) in fair value by ₩0.4m
		Discount for lack of market- ability	10%	This is not applicable in this financial year

# Capital Management Disclosures

The Group and the Company's objectives when managing capital, which is a broader concept than the 'equity' on the face of the statement of financial position, are:

- To comply with the capital requirements set by the regulators of the oil and gas industry, where the company operates;
- To safeguard the ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stake holders; and
- To maintain a strong capital base to support the development of its business.

Capital adequacy are strictly observed when managing economic capital.

The gearing ratio is computed below:

	THE G	THE GROUP		IPANY
₩'000	2024	2023	2024	2023
Total interest-bearing debt	96,399,270	61,971,902	11,138,777	11,131,874
Total Equity	1,404,109,963	704,644,581	293,189,451	89,308,224
Capital Gearing ( Debt to Equity)	7%	9%	4%	12%
Total Assets	1,749,835,623	923,434,561	306,551,070	113,141,753
Total Equity	1,404,109,963	704,644,581	293,189,451	89,308,224
Capital Gearing (Total Equity to Total Assets)	80%	76%	96%	79%

### 37. STAFF INFORMATION

(a). The average number of full time persons employed by the Company during the year was as follows:

	THE G	GROUP	THE COM	THE COMPANY	
Number	2024	2023	2024	2023	
Management	11	9	-	-	
Operations	167	172	-	-

The highest paid Director	2,435,596	569,623	162,543	92,593

### 39. EVENTS AFTER THE REPORTING PERIOD

Subsequent to 2024 Financial year, Renaissance Africa Energy Holdings completed the acquisition of the entire (100%) equity holding in the Shell Petroleum Development Company of Nigeria (SPDC), following the signing of a sale and purchase agreement with Shell in January 2024, and the subsequent receipt of all regulatory approvals required for the transaction and fulfilment of all subsequent conditions on 10th March 2025.

Renaissance is a consortium consisting of Aradel Holdings Plc and three (3) other Nigerian independent oil and gas companies: ND Western Limited, FIRST Exploration and Petroleum Development Company Limited and the Waltersmith Group, each with considerable operations experience in the Niger Delta, and Petrolin, an international energy company with global trading experience and a pan African outlook.

 $A radel \,holds\,a\,total\,equity\,stake\,of\,33.3\%\,(12.5\%\,direct\,stake\,and\,20.8\%\,through\,ND\,Western's\,50\%\,equity\,stake\,in\,Renaissance).$

# 3. SEGMENT REPORTING

Business segments are based on the Group's internal organisation and management reporting structure. The Group's operations cover 4 segments-Crude Oil, Gas, Refinery & Investment Properties. Some intersegement transactions were prevalent amongst the reporting segments during the reporting period under consideration, hence the eliminations necessary to achieve proper consolidation. Management remains committed to continuous value creation and accretion of the reserves. The reporting segments of the Group derive their revenues within and outside Nigeria & goods are transferred at a point in time. The segment reports are also in line with the Group's accounting policies. The reportable segments exclude the post acquisition carrying amount of the investment in associate.

# Performance obligations

Information about the Group's performance obligations are summarised below:

# Sale of Crude Oil

The performance obligation is satisfied at a point in time when the product is physically transferred into a vessel, pipe or other delivery mechanism and is generally due within 30 to 45 days from the date of issue of invoice.

# Sale of Gas

The performance obligation is satisfied at a point in time when the gas have been delivered at the buyer's delivery point for gas and is generally due within 30 to 90 days from the date of issue of invoice.

# Sale of Refined Products

The performance obligation is satisfied at a point in time, when the product is lifted by the customer/distributor and payment is made in advance.

	THE	THE GROUP		COMPANY
\$'000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23
Contract balances				
Trade receivables (Note 19)	43,704	39,280	-	-
Contract Liabilities (Note 25)	1,811	1,970	-	-

Trade receivables are non-interest bearing and are generally on terms of 30 to 90 days.

Contract liabilities are considerations received from customers by the Group for which the related goods or services to the customers have not transferred.

Performance obligation for crude oil, refined products and gas are fulfilled once delivery of the products occurs and payments are generally due on crude oil and gas between 30 to 90 days. Payments on refined products are due between 0 to 30 days.

### 5. COST OF SALES

	THE GROUP		THE COMPANY

	34,551	17,852	74	352

<sup>10.1.</sup> Other allowances include staff bonus, medical allowances, outstation allowances, casual wages and ITF & NSITF charges.

#### 10.2. Share based payment

Aradel Plc issued a cash-settled share-based incentive scheme that requires the Group to pay a cash value that is dependent on the excess value on the company's baseline enterprise value (share value) to its Senior/Executive management employees. In accordance with the terms of the plan, as approved by shareholders at the 2024 Annual General Meeting (AGM), Senior/Executive Management employees, subject to at least 3 months of service, excluding those in notice period have been granted a cash-settled shared based payment plan and the value of the potential payment is determined using a performance-based formula. The vesting period is 3 years, from 2024 – 2026, with employees earning full value if they remain with the organisation during the scheme.

Each eligible employee is entitled to an immediate cash payment equivalent to 40% of their compensation, and the balance is held in trust by a 3rd party trustee and will be released upon fulfilment of vesting conditions.

As at the reporting date, \$9.7 million representing the 60% cash held in trust is expected to be transferred to the trustee and a part payment of \$1.35 million has been made to the beneficiaries out of the 40% cash-based compensation. The Group recognised total expenses of \$16.1 million related to the cash-settled share-based payment transactions in 2024 and 2023 (Nil).

# 11. DEPRECIATION AND AMORTISATION

There are no impairments in Property, Plant, and Equipment during the year. See Note 22 for assets pledged as collateral for borrowings. The capital commitments in respect of PPE expenditures amounts to \$29.5 million (2023: \$32.5 million).

The current year reclassification relates to settlement of completed drilling projects from asset under development to project equipment and civil works while the prior year reclassification relates to settlement of completed drilling projects from asset under development to project equipment, civil works, gas pipeline and intangible assets. The prior year reclassification is Nil.

The prior year transfer relates to movement of some assets from asset under development to other receivables (note 19). Subsequent reconciliation with the counter party on the Asset under development yielded a recoverable balance which has now been reclassified to other receivables.

The prior year write off is included in Operational and maintenance expenses (note 5).

The Group has designated its equity investments as FVOCI on the basis that these are not held for trading. Instead, they are held for medium to long term strategic purposes. In 2024, the Group received \$83,768 (2023: \$115,138) from Consolidate Hallmark Insurance Plc; No dividends (2023: Nil) from Dharmattan Gas and Power Ltd; \$8,894 (31 Dec 2023: bonus and right issue of 988,789 shares) from PetroData Management Services Ltd which was recorded in the income statement as other income.

In 2024, the Group entered an economic crude oil hedge contract with an average strike price of \$55/bbl for 1,080,000 barrels at an average premium price of \$1.65. The tenor of the hedge is from September 2024 to August 2025.

A fair value reserve gain of financial assets at FVOCI of \$3.5 million (2023: \$3.4 million) was recorded in the Group and Company respectively.

#### **New Investments**

Corporate Bond: Aradel invested in a Federal Government Bond in Q3 2024. The bond tenor is 5yrs and the coupon rate is 9.75%, payable semi-annually.

Deposit for Shares - Renaissance: This represents a part payment for the investment in Renaissance Africa Energy Company Limited, the acquirer of Shell's 100% equity interest in the Shell Petroleum Development Company (SPDC) Limited. The completion of this transaction is subject to meeting conditions precedent and approvals of the Federal Government of Nigeria. When completed, Aradel Group is expected to hold total equity stake of 33.3% (12.5% direct stake and 20.8% through ND Western).

Deposit for shares - Guaranty Trust Holding Company Plc: This represents payment for a stake in GTCO Plc, made in Q3 2024. The shares are expected to be alloted following the completion of the capital verification exercise by the Central Bank of Nigeria and Securities & Exchange Commission in 2025. The deposit is not expected to be reversed as cash.

Ever Oil & Gas Depot (Harbourview): Aradel made an investment of \$0.68 million to acquire a 50% equity stake in Ever Oil & Gas Depot, a tankfarm located in Port Harcourt, Rivers State, Nigeria.

The total value paid for new investments acquired during the year amounted to \$7.8 million.

#### 16. INVESTMENT IN ASSOCIATE - ND WESTERN LIMITED

Profit after taxation	51,282	11,985
Other comprehensive income	-	-
Total comprehensive income	51,282	11,985
Proportion of Group's ownership	41.667%	41.667%
Group's share of profit for the year	21,368	4,994
Group's share of other comprehensive income	-	_

The principal place of business of ND Western Ltd is Nigeria and it is accounted for using the equity method. Dividend received from the associate in the year 2024: \$2,700,022 (2023: Nil). 41.667% is the holding of the Group in ND Western. Dividend received is net of withholding tax.

As at 31 December 2024, ND Western Ltd reported a capital commitment balance of \$216m (2023: \$108m).

#### 17. DEFERRED TAXATION

The analysis of deferred tax assets and deferred tax liabilities is as follows:

	THE G	THE GROUP		OMPANY
\$'000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23
Deferred tax liabilities				
Accelerated depreciation and amortisation	34,151	15,594	-	
Decommissioning liabilities	598	4,848	-	
Total	34,749	20,442	-	-
Deferred taxation				
At start of year	20,442	(28,447)	-	
Income statement charge	14,306	48,926	-	
Translation difference	1	(37)		
Net deferred tax liabilities/(assets) at end of year	34,749	20,442	-	-
Reflected in the statement of financial position as:				
Deferred tax liabilities	34,749	20,442	-	-
Net deferred tax liabilities	34,749	20,442	-	-

Deferred taxes are payable in more than one year.

The company has unrecognised deferred tax asset of \$4.3m (2023: \$1.3m) because it is not probable that future taxable profit will be available.

### 18. INVENTORIES

	THE GROUP		THE COMPANY	
\$'000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23
Crude Oil	14,345	3,554	-	-
Refined products	3,786	5,663		
Materials	12,416	8,542	-	-
Total	30,547	17,759	-	-

There were no write-downs of inventory during the year and all inventory balances are current in nature. Inventory balances will be turned over within 12 months after the financial year. The inventory charged to Cost of sales during the year amounted to \$2.5m (2023: \$2.5m).

The net movement in the value of inventory in the tank through out the year is reflective in stock adjustments (note 5).

# NOTES TO THE CONSOLIDATED AND SEPARATE FINANCIAL STATEMENTS CONT'D.

#### 19. TRADE AND OTHER RECEIVABLES

	THE GI	ROUP	THE CO	MPANY
\$'000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23
Trade receivables	43,704	57,230	-	-
Other receivables	1,129	2,325	620	2,743
Related party receivables (note 29)	-	-	123,451	97,967
	44,833	59,555	124,071	100,710
Allowance for expected credit losses	(53)	(44)	-	-
	44,780	59,511	124,071	100,710

Set out below is the movement in the allowance for expected credit losses of trade and other receivables:

	THE GR	OUP	THE COMPANY	
\$'000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23
As at 1 January	44	211	-	-
Impairment charge/(write back) on financial assets	9	(224)	-	-
Translation difference	-	57	-	-
As at 31 December	53	44	-	-

Trade receivables are non-interest bearing and are generally on 30-90 day terms.

Other receivables relates principally to receivable from South Sudan. They settled a total of \$1.2 million in 2024.

The charge of allowance for expected credit losses on trade and related party receivables is \$9,000 (Group) and Nil for Company (31 Dec 2023: Reversal \$224,000 - Group & Nil for Company). The charge of expected credit losses arose from reassessment.

The Company had no expected credit loss provision as majority of the related party receivables relates to dividend. This is payable to the parent entity by its subsidiaries.

### 20. PREPAYMENTS

	THE G	GROUP	THE CC	MPANY
\$'000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23

### Participating Investment Notes (Petre IPINs)

On 9th May 2003, by a Share Purchase Agreement ("SPA"), Aradel Holdings Plc acquired all the shares of Aradel Energy Limited of which the net consideration was paid to the then existing shareholders by issuing ordinary shares in Aradel Holdings of a total value of US\$ 2,113,738 at an agreed price of of US\$ 0.30 per share and the issue of Irredeemable Participating Investment Notes of \$ 1.00 each to a value of US\$ 2,113,738 at an agreed price of \$1.00 per note. They are entitled to cashflow distributions.

### Guaranty Trust Bank Plc (GTB)

GT Bank loans comprise 2 facilities: out of a US\$120million facility, a drawn amount of US\$84million and 10million which were secured in 2022 and 2023 respectively. The loans are repayable every quarter, starting from January 2023 (for the earliest facility) to August 2027 (for the most recent facility). The loans are secured by: all assets debenture on fixed and floating assets in the Ogbele Field; floating charge on the crude oil produced from the acreage operated by in OML 54, assignment and domiciliation of crude oil sales proceeds to GTB; charge over collection accounts and a corporate guarantee of Aradel Holdings Plc. for the full facility amount and interest thereon. Interest is payable at 11% per annum (Effective Interest Rate: 13.68% and 11.15%). The outstanding amount on the loan is US\$31million.

149

#### Bank of Industry (BOI)

BOI loan also represents an additional \$10million facility from the Bank of Industry, obtained in February 2021. It is repayable monthly, over 5 years. It is secured by a Bank Guarantee from First City Monument Bank (FCMB). Interest is payable at 8% per annum (Effective Interest Rate: 6.81%). The outstanding amount on the loan US\$3.1million.

#### N10B Series I Bond

Aradel Holdings Plc secured a \$10 billion Bond Issue in December 2022, part of a \$20 billion bond series. The proceeds from this issuance are being deployed to finance essential NGN-denominated projects. The Bond Issue witnessed a 3.18% oversubscription, and proceeds were received by the Company in January 2023. The Bond is repayable bi-annualy, starting from July 2025 to January 2028. A 2-year moratorium was granted on principal payments which will lapse in January 2025. Interest is payable at 17% per annum (Effective Interest Rate: 16.99%). The outstanding amount on the bond is \$10.3billion.

#### Loan from related party

The Loan from related party represents advances from ND Western Limited, an Associate. The loans partly funded the investment deposit in respect of the Shell Petroleum Development Company acquisition through the Renaissance SPV. The funding was directly provided to the Renaissance SPV in a carry arrangement, hence, no cash was received by Aradel. This is a short term facility, payable at an interest rate of 15%.

The exposure of the Company's borrowings to interest rate changes and the contractual repricing dates at the end of the reporting period are as follows:

THE GROUP		31-Dec-24

## 24. DECOMMISSIONING LIABILITIES

\$'000	THE GROUP	THE COMPANY
Balance at 1 January 2023	143,773	-
Charged/(credited) to profit or loss:	-	-
Changes in estimated flows	(77,025)	-
Exchange difference	-	-
Unwinding of discount due to passage of time	5,703	-
Balance at 31 December 2023	72,451	-
Balance at 1 January 2024	72,451	-
Charged/(credited) to profit or loss:		
Provision no longer required	(30,573)	-
Changes in estimated flows	(19,147)	-
Exchange difference	-	-
Unwinding of discount due to passage of time	1,329	-
Balance at 31 December 2024	24,060	-

The Group makes full provision for the future cost of decommissioning oil & gas production facilities, refining facilities and pipelines on a discounted basis. The decommissioning provision represents the present value of decommissioning costs relating to these assets, which are expected to be incurred up to 2057. These provisions have been created based on the Group's internal estimates. Assumptions based on the current economic environment have been made which Management believes are a reasonable basis upon which to estimate the future liability. These estimates are reviewed regularly to take into account any material changes to the assumptions. However, actual decommissioning costs will ultimately depend upon future market prices for the necessary decommissioning works required which will reflect market conditions at the relevant time. Furthermore, the timing of decommissioning is likely to depend on when the assets cease to produce at economically viable rates. This, in turn, will depend upon future oil and gas prices, which are inherently uncertain. Changes in estimate arise from the changes to the measurement inputs, which are inflation, discount rate, asset lifespan and cost estimates. The discount rate used in the calculation of the provision as at 31 December 2024 are; Oil 4.58% (31 December 2023 : 4.03%), refining facilities 4.78% (31 December 2023 : 4.03%) . The inflation rate used in the calculation of the provision as at 31 December 2024 is 2.95% (31 December 2023: 4.14%), based on the US Dollar economic variables. Cost estimates were revised in 2024 to an activity based costing approach; in 2023, 10% of the cost of Oil and Gas assets was used. A reduction in decommissioning provisions is first adjusted against the asset (up to the present value of the liability). Any excess unabsorbed in PPE is released to P or L as provision no longer required.

#### 25. CONTRACT LIABILITIES

	THE	GROUP	THE	COMPANY
\$'000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23
Down payments received	1,811	1,970	-	-
	1,811	1,970	-	-

A contract liability is an entity's obligation to transfer goods or services to a customer for which the entity has received consideration from the customer. This will exist when an entity has received consideration but has not transferred the related goods or services to the customer. The Group has recognised a liability in relation to contracts with refined products customers for the delivery of refined products which these customers are yet to receive but which cash consideration have been received by the Group as at the end of the reporting period.

For the purchase of refined products, the terms of payments relating to the contract with customers is advance payments. The refinery operates a 7-day sales cycle which includes product evacuation.

#### 26. TRADE, SHARE BASED PAYMENTS AND OTHER PAYABLES

	THE	GROUP	THE COMPANY	
\$'000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23
Amounts due to related parties	-	-	383	10,522
Royalty payable & Other Statutory payables	25,306	30,822	-	-
Sundry creditors	14,338	10,059	710	319
Staff Payable	14,576	-	-	-
Trade payables	24,126	22,044	-	-
Unclaimed dividend	357	536	357	536
	78,703	63,461	1,450	11,377

- Trade payables are non-interest bearing and are normally settled on 30-day terms .
- Sundry creditors include IPIN note due, host community payable, accruals, VAT and WHT payable.
- Staff payable represents the balance for a cash-settled share based incentive scheme that requires the Group to pay a cash value that is dependent on the excess value on the entity's baseline enterprise value (share value) to its Senior/Executive management employees. See note 10.2 for more details
- The Directors consider that the carrying amount of trade payables approximates to their fair value.

### 27. TAXATION

	THE GROUP		THE COMPANY	
\$'000	31-Dec-24	31-Dec-23	31-Dec-24	31-Dec-23

	Special Business	Special Resolution		
10	Expansion of the Board of Directors of the Company	To consider and, if thought fit, pass as special resolutions to amend the Articles of Associciation of the Company to state:  (i) "That the Board of the Company shall consist of no more than 11 (eleven) Directors at any given time".		
11	Amendment of the Company's Articles of Association	To consider and, if thought fit, pass as ordinary resolutions to amend the Articles of Association of the Company in alignment with Appendix VII of the NGX Rule Book 2015:  (i) That fully paid shares shall be free from all liens, except as otherwise prescribed by the operation of aw.		
		(ii) That the borrowing powers of Directors are limited so that the aggregate amount at any time owing in respect of moneys borrowed by the Company and its subsidiary companies (exclusive ofi nter-company borrowings) shall not exceed a reasonable amount except with the consent of the Company in general meeting.		
		(iii) That a Director shall not vote on any contract, arrangement or proposal in which he is interested and if he does vote, the vote shall not be counted.		
		(iv) That the structure of the share capital of the Company be stated and where the capital consists of more than one (1) class of security, it must also be stated how the various classes shall rank for any distribution by way of dividend or otherwise.		
		(v) That where power is reserved to give notice by advertisement, such advertisement shall be inserted in at least two (2) leading national daily newspapers.		
		(vi) That where it is provided that notices shall be given only to those members whose registered addresses are within Nigeria, any member whose registered address is not within Nigeria, may name an address within Nigeria which for the purposes of notice, shall be considered as the registered address.		

Being members of Aradel Holdings Plc, hereby appoint:

S/N	NAME	PARTICULARS	Select Only 1 Person Here
1.	Mr. Oladipupo Jadesimi	Chairman of the Board	
2.	Mr. Adegbite Falade	Managing Director/ Chief Executive Officer	
3.	Ms. Titilola Omisore	Company Secretary & General Counsel	
4.	Mr. Femi Akinsanya	Chairman, Statutory Audit Committee	

as my/our proxy to attend and vote for me/us and on my/our behalf at the Annud General Meeting of the Company to be held on Wednesday 28<sup>th</sup> May 2025, at 10.00 a.m. and any adjournment thereof.

SHAREHOLDER'S SIGNATURE	

Dated this \_\_\_\_\_ day of\_\_\_\_\_ 2025

#### **IMPORTANT**

- 1. Before posting the above proxy, please tear this part off and retain it. A person attending the Annual General Meeting of the Company, or his proxy should produce this card to secure admission to the meeting. Please note that there shall be physical attendance of members at the Company's 2024 Annual General Meeting. A member of the Company is entitled to attend and vote at the Annual General Meeting of the Company. He is also entitled to appoint a proxy to attend and vote instead of him, and in this case, the above card may be used to appoint a proxy. Voting will be conducted only through the use of proxy forms returned as and when due and through members who would be physically present.
- 2. All questions by members of the Company should be in writing and should be directed to the Company Secretary and submitted at the registered address of the Company not later than one week before the Annual General Meeting. Questions may also be forwarded via email to 30thagmquestions@aradel.com.
- 3. The names of two (2) directors, the Company Secretary and the Chairman of Statutory Audit Committee have been entered on the proxy form to ensure that someone will be at the meeting to act as your proxy. Please indicate the symbol (√) on the name of your preferred proxy whom you have picked.
- 4. The above proxy form, when completed, must be deposited at the registered address of the Company being 15, Babatunde Jose Road, Victoria Island, Lagos, not less than 48 hours before the fixed time for the meeting. This form must be submitted latest by 10.00a.m on the 26th May 2025. Alternatively, executed proxy forms may be deposited with the Registrars, Coronation Registrars Limited, 9 Amodu Ojikutu Street, Victoria Island, Lagos or sent via email to 30thagmproxy@aradel.com and eforms@coronationregistrars.com, not later than 48 hours before the time of holding the meeting.
- 5. It is a requirement of the law under the Stamp Duties Act, Cap 58, Laws of the Federation of Nigeria, 2004, that any instrument of proxy to be used for the purpose of voting by any person entitled to vote at any meeting of shareholders must bear a stamp duty. However, the Company shall bear the cost of all stamp duty.
- If a proxy form is executed by a Company, it should be sealed under its common seal or under the hand of an attorney.

 	l 	
Signature of person attending		

Annual General Meeting to be held on Wednesday, the 28th day of May 2025 at 10.00 a.m., at The Jewel Aeida Event Centre, 105, Hakeem Dickson Link Road, Lekki Phase I, Lagos.
